The BLM will utilize and coordinate the NEPA scoping process to help fulfill the public involvement requirements under the National Historic Preservation Act (NHPA) (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the proposed Project will assist the BLM in identifying and evaluating impacts to such resources in the context of both NEPA and NHPA.

The BLM will consult with Indian tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with tribes and other stakeholders that may be interested in or affected by the proposed Project that the BLM is evaluating, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate in the development of the environmental analysis as a cooperating agency.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1501.7

Joseph S. Moskiewicz, Jr.,
Acting Field Manager, Mount Lewis Field Office.

DEPARTMENT OF THE INTERIOR
Bureau of Land Management

[LLCAG09000, L1430; CACA 008215]

Public Land Order No. 7840; Revocation of Withdrawal Created by Executive Order No. 5732, California

AGENCY: The Bureau of Land Management.

ACTION: Public Land Order.

SUMMARY: This order revokes in its entirety the withdrawal created by Executive Order No. 5732 dated October 14, 1931, which withdrew 40 acres of public land from settlement, location, sale, or entry for use as a lookout station.
in connection with cooperative forest protection work. The withdrawal for the lookout station is no longer needed. This action will restore the land to operation of the public land laws.

DATES: Effective date: September 11, 2015.

FOR FURTHER INFORMATION CONTACT: Christine Sloat, Realty Specialist, at 831–630–5022 or via email at csloatnad@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to reach the BLM contact person. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The Executive Order withdrew 40 acres of land on Smith Mountain for a lookout station used by the State of California Division of Forestry. Because the land is no longer used for lookout station purposes, the Bureau of Land Management has determined that the withdrawal is no longer needed.

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, it is ordered as follows:

The withdrawal created by Executive Order No. 5732 of October 14, 1931, which temporarily withdrew the following described land from settlement, location, sale, or entry for use as a lookout station, is hereby revoked in its entirety:

Mount Diablo Meridian

T. 21 S., R. 13 E., Sec. 29, NE¼NW¼.

The area described contains 40.00 acres, more or less, in Monterey and Fresno Counties.

At 10 a.m., on October 13, 2015, the above-described land will be open to operation of the public land laws, generally, including the mining laws, and to settlement, location, sale, or entry, subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law. All valid applications received at or prior to 10 a.m. on October 13, 2015, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

Janice M. Schneider,
Assistant Secretary—Land and Minerals Management.

BILLING CODE 4310–40–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–539 and 731–TA–1280–1282 (Preliminary)]

Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From Korea, Mexico, and Turkey; Determinations

On the basis of the record developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of heavy walled rectangular welded carbon steel pipes and tubes from Korea, Mexico, and Turkey, provided for in subheadings 7306.61.10 and 7306.61.30 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value ("LTFV") and that are allegedly subsidized by the government of Turkey.

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission’s rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the Federal Register as provided in section 207.21 of the Commission’s rules, upon notice from the Department of Commerce ("Commerce") of affirmative preliminary determinations in the investigations under sections 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under sections 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On July 21, 2015, Atlas Tube, a division of JMC Steel Group (Chicago, Illinois), Bull Moose Tube Company (Chesterfield, Missouri), EXLTUBE (North Kansas City, Missouri), Hannibal Industries, Inc. (Los Angeles, California), Independence Tube Corporation (Chicago, Illinois), Maruichi American Corporation (Santa Fe Springs, California), Searig Industries (Rancho Cucamonga, California), Southland Tube (Birmingham, Alabama), and Vest, Inc. (Los Angeles, California) filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured and threatened with material injury by reason of LTFV and subsidized imports of heavy walled rectangular welded carbon steel pipes and tubes from Korea, Mexico, and Turkey. Accordingly, effective July 21, 2015, the Commission, pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)), instituted countervailing duty investigation No. 701–TA–539 and antidumping duty investigation Nos. 731–TA–1280–1282 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the Federal Register of July 27, 2015 (80 FR 44383). The conference was held in Washington, DC, on August 11, 2015, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made these determinations pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on September 4, 2015. The views of the Commission are contained in USITC Publication 4563 (September 2015), entitled Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes from Korea, Mexico, and Turkey: Investigation No. 701–TA–539 and 731–TA–1280–1282 (Preliminary).
