**[Investigation Nos. 701-TA-539 and 731-TA-1280-1282 (Preliminary)]**

**Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From Korea, Mexico, and Turkey; Determinations**

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of heavy walled rectangular welded carbon steel pipes and tubes from Korea, Mexico, and Turkey, provided for in subheadings 7306.61.10 and 7306.61.30 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (“LTFV”) and that are allegedly subsidized by the government of Turkey.

**Commencement of Final Phase Investigations**

Pursuant to section 207.18 of the Commission’s rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission’s rules, upon notice from the Department of Commerce (“Commerce”) of affirmative preliminary determinations in the investigations under sections 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under sections 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under

investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

**Background**

On July 21, 2015, Atlas Tube, a division of JMC Steel Group (Chicago, Illinois), Bull Moose Tube Company (Chesterfield, Missouri), EXLTUBE (North Kansas City, Missouri), Hannibal Industries, Inc. (Los Angeles, California), Independence Tube Corporation (Chicago, Illinois), Maruichi American Corporation (Santa Fe Springs, California), Searing Industries (Rancho Cucamonga, California), Southland Tube (Birmingham, Alabama), and Vest, Inc. (Los Angeles, California) filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured and threatened with material injury by reason of LTFV and subsidized imports of heavy walled rectangular welded carbon steel pipes and tubes from Korea, Mexico, and Turkey. Accordingly, effective July 21, 2015, the Commission, pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)), instituted countervailing duty investigation No. 701-TA-539 and antidumping duty investigation Nos. 731-TA-1280-1282 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of July 27, 2015 (80 FR 44383). The conference was held in Washington, DC, on August 11, 2015, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made these determinations pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on September 4, 2015. The views of the Commission are contained in USITC Publication 4563 (September 2015), entitled *Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes from Korea, Mexico, and Turkey: Investigation Nos. 701-TA-539 and 731-TA-1280-1282 (Preliminary)*.

## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA")

On September 4, 2015, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Western District of Pennsylvania in the lawsuit entitled *United States of America v. Dunbar Asphalt Products, Inc.*, Civil Action No. 15-1158.

The proposed settlement resolves the United States' claims against Dunbar Asphalt Products, Inc. ("Dunbar") for past and future response costs and injunctive relief pursuant to CERCLA Sections 106(a), 107(a)(1), and 113(g), at Operable Unit Two ("OU-2") of the Sharon Steel Corporation (Farrell Works Disposal Area) Superfund Site in the City of Hermitage, Mercer County, Pennsylvania ("the Site"). The proposed Consent Decree requires that Dunbar perform the interim OU-2 remedial action at the 30 acre OU-2, which includes Dunbar's owned 25-acre property and approximately five acres owned by another party. The estimated cost of the selected interim remedy for OU-2 is approximately \$1.7 million. In exchange for Dunbar's agreement to

perform the interim remedy on the portion of OU-2 it does not own, the United States will compromise its claim for past response costs related to OU-2. Dunbar will also pay 90% of the government's future response costs for OU-2.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America v. Dunbar Asphalt Products, Inc.*, D.J. Ref.
