NHTSA anticipates that information will be provided in presentations by NHTSA personnel and vehicle manufacturers, and that inflator suppliers and organizations conducting inflator testing may also present information relevant to the investigation into the defective Takata air bag inflators and to the Coordinated Remedy Program Proceeding.

NHTSA has determined that given the importance of the subject matter and of public education on this significant defect and recall, it is appropriate to hold a public information meeting to provide updated information relevant to NHTSA's decision-making process in the Coordinated Remedy Program Proceeding.

Any interested person may provide written comments regarding a possible Coordinated Remedy Program, including questions or factors the individual believes NHTSA should consider in deciding whether, and if so how, NHTSA should exercise its authority under the Safety Act. Comments must be submitted by October 28, 2015, following the directions in the **ADDRESSES** section of this notice.

Procedural Matters: Persons wishing to attend the public information meeting must register by contacting Carla Bridges, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE., Washington, DC 20590, (Telephone: 202-366-5263) (Fax: 202-366-3820), before the close of business on October 18, 2015 (and October 15, 2015 for non-U.S. citizens). Each person wishing to attend must provide his or her name and country of citizenship. Non-U.S. citizens must also provide date of birth, title or position, and passport or diplomatic ID number, along with expiration date.
