#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The Bureau of Indian Affairs is currently in the process of revising the regulations governing the Indian Reservations Roads (IRR) program. The proposed rule was published in the **Federal Register** on December 19, 2014 (79 FR 76192), which will update the Indian Reservation Roads program to the Tribal Transportation Program. The request for approval for this information collection does not include the suggestions and feedback on the proposed regulations, but instead will allow current participants to submit information required under the current regulations, pending the finalization and effective date of any revisions. In addition, there is a reduction in burden hours due to the elimination of the IRR High Priority Projects program under 23 U.S.C. 202(b)(3)(ii). All other programs identified under 25 CFR part 170 are valid. For this reason, the BIA is requesting approval for the revision to the information collection conducted under 25 CFR part 170.

This collection allows federally recognized tribal governments to participate in the Indian Reservation Roads (IRR) program as defined in 25 U.S.C. 202. The information collection determines the allocation of the IRR program funds to Indian tribes as described in 25 U.S.C. 202(b).

##### II. Request for Comments

On June 10, 2015, BIA published a notice announcing the renewal of this information collection and provided a 60-day comment period in the **Federal Register** (80 FR 32976). There were no comments received in response to this notice.

The BIA requests your comments on this collection concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) Ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) Ways we could minimize the burden of the collection of the information on the respondents.

Please note that an agency may not conduct or sponsor, and an individual need not respond to, a collection of

information unless it displays a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, email address or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
