The application is reviewed by HUD Headquarters and HUD Field Offices and ranked according to the PHA's administrative capability, the need for housing assistance, and other factors specified in a notice of funding availability. The PHAs must establish a utility allowance schedule for all utilities and other services. Units must be inspected using HUD-prescribed forms to determine if the units meet the housing quality standards (HQS) of the HCV program. After the family is issued a HCV to search for a unit pursuant to attending a briefing and receiving an information packet, the family must complete and submit to the PHA a Request for Tenancy Approval when it finds a unit which is suitable for its needs. Initial PHAs will use a standardized form to submit portability information to the receiving PHA who will also use the form for monthly portability billing. PHAs and owners will enter into housing assistance payments (HAP) contract each providing information on rents, payments, certifications, notifications, and owner agreement in a form acceptable to the PHA. A tenancy addendum is included in the HAP contract as well as incorporated in the lease between the owner and the family. Families that participate in the Homeownership option will execute a statement regarding their responsibilities and execute contracts of sale including an additional contract of sale for new construction units. PHAs participating in the project-based voucher (PBV) program will enter into Agreements with developing owners, HAP contracts with the existing and New Construction/Rehabilitation owners, Statement of Family Responsibility with the family and a lease addendum will be provided for execution between the family and the owner.
