

the English and Spanish versions of the Booklet, entitled *Your home loan toolkit: A step-by-step guide* or *Su conjunto de herramientas para préstamos hipotecarios: Guía paso a paso*, respectively, should be used only after that date.

The Bureau also announces that it has fixed a typographical error in the "small" English-language version of the Booklet. This error was nonsubstantive: A duplicate sentence located on page 44. The corrected version is now available on the Bureau's Web site as well as in the Catalog of U.S. Government Publications.

Dated: September 14, 2015.

Richard Cordray,

Director, Bureau of Consumer Financial Protection.

Department of the Air Force

US Air Force Partially Patent License

AGENCY: Air Force Research Laboratory Information Directorate, Rome, New York, Department of the Air Force.

ACTION: Notice of intent to issue a partially exclusive patent license.

SUMMARY: Pursuant to the provisions of part 404 of Title 37, Code of Federal Regulations, which implements Public Law 96-517, as amended, the Department of the Air Force announces its intention to grant Exelis Inc., a wholly owned subsidiary of Harris Corporation, Mission Sustainment Division, a corporation of Indiana, having a place of business at 474 Phoenix Drive, Rome, New York 13441, a partially exclusive license in any right, title and interest the United States Air Force has in: U.S. Patent No. 8,732,100, issued on May 20th, 2014 entitled "Method and Apparatus for Event Detection Permitting Per Event Adjustment of False Alarm Rate."

FOR FURTHER INFORMATION CONTACT: An exclusive license for this patent will be granted unless a written objection is received within fifteen (15) days from the date of publication of this Notice. Written objections should be sent to: Air Force Research Laboratory, Office of the Staff Judge Advocate, AFRL/RIJ, 26 Electronic Parkway, Rome, New York

13441-4514. Telephone: (315) 330-2087; Facsimile (315) 330-7583.

Henry Williams,

Acting, Air Force Federal Register Liaison Officer.

Department of the Air Force

Notice of Intent To Prepare an Environmental Impact Statement on the Proposal To Improve F-22 Operational Efficiency at Joint Base Elmendorf-Richardson, Alaska

AGENCY: United States Air Force, Pacific Air Forces.

ACTION: Notice of intent.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321, *et seq.*), the Council on Environmental Quality (CEQ) Regulations for Implementing the Procedural Provisions of NEPA (40 CFR parts 1500-1508), and Air Force policy and procedures (32 CFR part 989), the Air Force is issuing this notice to advise the public of the intent to prepare an Environmental Impact Statement (EIS) for proposed F-22 operational efficiency improvements at Joint Base Elmendorf-Richardson (JBER).

The proposed action is to improve F-22 operational efficiency; there is no proposed change in the number of aircraft at JBER nor in the ongoing military training in existing Alaska training airspace. Six alternatives that have been initially identified include changes in runway use and/or airfield infrastructure and maintenance. The EIS will address potential impacts resulting from implementation of the alternatives. The No Action Alternative is the runway use conditions from the F-22 Plus-Up Environmental Assessment (EA) and Finding of No Significant Impacts (FONSI) published, June 2011.

Scoping: In order to define the full range of issues to be evaluated in the EIS, the Air Force will determine the scope of the analysis by soliciting comments from interested local, state and federal elected officials and agencies, as well as interested members of the public. This NOI also serves to provide early notice of compliance with Executive Order (EO) 11990, "Protection of Wetlands" and EO 11988, "Floodplain Management." State and federal regulatory agencies with special expertise in wetlands and floodplains have been contacted to request

comment. The Air Force plans to use the NEPA scoping process to also fulfill the requirements of the NHPA Section 106 implementing regulations by seeking public input on historic preservation issues and concerns.

The scoping meeting will be held Wednesday, October 14, 2015, from 6:00 p.m. to 8:30 p.m. ADT, at Tyson Elementary School, 2801 Richmond Avenue, Anchorage, Alaska.

Public scoping comments will be accepted in writing at the scoping meetings. Additional scoping comments will be accepted at any time during the EIS process. However, in order to ensure the Air Force has sufficient time to consider public input, scoping comments should arrive at the address below by October 27, 2015.

FOR FURTHER INFORMATION CONTACT: JBER Public Affairs, Bldg. 10480 Sijan Ave., Suite 123, JBER, AK 99506 telephone: 907-552-8151 or email: jber.pa.3@us.af.mil.

Henry Williams,

Acting Air Force Federal Register Liaison Officer.

Department of the Army

Army Science Board Partially Closed Meeting Notice

AGENCY: Department of the Army, DoD.

ACTION: Notice of a partially closed meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act of 1972, the Government in the Sunshine Act of 1976 and title 41 of the Code of Federal Regulations, the Department of the Army announces a meeting of the Army Science Board.

FOR FURTHER INFORMATION CONTACT: Army Science Board, Designated Federal Officer, 2530 Crystal Drive, Suite 7098, Arlington, VA 22202; LTC Stephen K. Barker, the committee's Designated Federal Officer (DFO), at (703) 545-8652 or email: stephen.k.barker@mail.mil, or Mr. Paul Woodward at (703) 695-8344 or email: paul.j.woodward2.civ@mail.mil.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (U.S.C. 552b, as amended) and 41 Code of Federal Regulations (CFR) § 102-3.140 through 160, the Department of the Army

announces the following committee meeting:

Name of Committee: Army Science Board (ASB) Fall Voting Session.

Date: Tuesday, October 6, 2015.

Time: 0800–1100.

Locations:

Open portion: Capital Conference Center, One Virginia Square, 3601 Wilson Boulevard, 6th Floor, Arlington, Virginia 22201, from 0800–0900.

Closed portion: Capital Conference Center, One Virginia Square, 3601 Wilson Boulevard, 6th Floor, Arlington, Virginia 22201, from 0900–1100.

Purpose of Meeting: The purpose of the meeting is for ASB members to review, deliberate, and vote on the findings and recommendations presented for the Board's two remaining Fiscal Year 2015 (FY15) studies.

Agenda: The board will present findings and recommendations for deliberation and vote on the following two FY15 studies:

Human Interaction and Behavioral Enhancement. This study is partially classified and will be presented in the open and closed portions of the meeting. The purpose of this study is to identify and assess methods and techniques to understand, interact, and influence human behavior in support of Army missions.

Force 2025 and Beyond. This study is classified and will be presented in the closed portion of the meeting. This study will provide findings and recommendations for operational concepts and advanced technologies along with the associated force designs for improving and maintaining readiness, designing and conducting training, and aligning the required logistics investments.

Filing Written Statement: Pursuant to 41 CFR 102–3.140d, the Committee is not obligated to allow the public to speak; however, interested persons may submit a written statement for consideration by the Board. Individuals submitting a written statement must submit their statement to the DFO at the address listed above. Written statements not received at least 10 calendar days prior to the meeting may not be considered by the Board prior to its scheduled meeting.

The DFO will review all timely submissions with the Board's executive committee and ensure they are provided to the specific study members as necessary before, during, or after the meeting. After reviewing written comments, the study chairs and the DFO may choose to invite the submitter of the comments to orally present their issue during a future open meeting.

The DFO, in consultation with the executive committee, may allot a specific amount of time for members of the public to present their issues for discussion.

Public's Accessibility to the Meeting: Pursuant to 5 U.S.C. 552b and 41 CFR 102–3.140 through 3.165, and the availability of space, the open portion of this meeting is open to the public. Seating is on a first-come basis. The Antlers Hilton is fully handicapped accessible. For additional information about public access procedures, contact LTC Stephen Barker at the telephone number or email address listed in the **FOR FURTHER INFORMATION CONTACT** section.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

Final Environmental Impact Statement for Short-Term Projects and Real Property Master Plan Update for Fort Belvoir, VA

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Department of the Army announces the availability of the Final Environmental Impact Statement (FEIS) for the proposed update of the Real Property Master Plan (RPMP) for Fort Belvoir, VA, which includes proposed short-term projects and long-term development. In accordance with the National Environmental Policy Act (NEPA), the FEIS analyzes the environmental impacts associated with the proposed short-term projects, long-term development, and anticipated land use changes designated in an updated RPMP. The short-term projects are proposed for implementation through 2017. The long-term development projects, which currently are not fully defined, are proposed for implementation between 2018 and 2030. The FEIS assesses potential environmental impacts associated with future development and management of land, facilities, resources and infrastructure based on the population capacity identified in the updated RPMP. The only area for which significant adverse impacts are identified is traffic and transportation. The updated RPMP incorporates adjustments to the land use plan in the RPMP that were made in the Final EIS for the Implementation of Base

Realignment and Closure (BRAC) Recommendations and Related Army Actions at Fort Belvoir, VA (2007) and BRAC-related changes made since 2007.

DATES: The FEIS will be available for 30 days following publication of the NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: A copy of the FEIS may be obtained by contacting: Fort Belvoir Directorate of Public Works at Environmental and Natural Resources Division, Re: Real Property Master Plan EIS, 9430 Jackson Loop, Suite 200, Fort Belvoir, VA 22060–5116; or by email to imcom.fortbelvoir.dpw.environmental@us.army.mil. The FEIS can be viewed at the following Web site: <https://www.belvoir.army.mil/envirodocssection9.asp>.

FOR FURTHER INFORMATION CONTACT:

Please contact Fort Belvoir Directorate of Public Works, Environmental and Natural Resources Division, at 703–806–3193 or 703–806–0020, during normal working business hours Monday through Friday, 8 a.m. to 4:00 p.m.; or by email to imcom.fortbelvoir.dpw.environmental@us.army.mil.

SUPPLEMENTARY INFORMATION: The RPMP and the FEIS focus on Fort Belvoir's Main Post (7,700 acres) and the Fort Belvoir North Area (800 acres, formerly called the Engineer Proving Ground). The RPMP update does not cover Fort Belvoir property at Rivanna Station in Charlottesville, VA; the Mark Center in Alexandria, VA; or the Humphreys Engineer Center, adjacent to Main Post.

The FEIS analyzes the environmental impacts of the short-term projects currently programmed for construction through 2017. These projects include new office buildings, community and recreational facilities, a Fisher House (provides free or low cost lodging to veterans and military families receiving treatment at military medical centers), industrial and maintenance facilities, roads, a new gate, and the National Museum of the U.S. Army.

The Army is also updating its RPMP for Fort Belvoir by analyzing the off-post and on-post environmental impacts of reasonably foreseeable future development and management of real property (land uses, facilities, resources, infrastructure, and population capacity). The FEIS assesses the potential direct, indirect, and cumulative environmental impacts associated with updating the RPMP to meet the Army's current and future planning needs. Additional site-specific NEPA analyses will be prepared for the long-term projects identified in the RPMP, as appropriate.
