Federal Railroad Administration

[Docket Number FRA–2015–0095]

Petition for Waiver of Compliance

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated August 25, 2015, the Illinois Central Railroad Company; Wisconsin Central Ltd.; Grand Trunk Western Railroad Company; Chicago, Central and Pacific Railroad Company; Cedar River Railroad Company; Sault Ste. Marie Bridge Company; Bessemer and Lake Erie Railroad Company; and Pittsburgh and Conneaut Dock Company (collectively, “CN”) have petitioned the Federal Railroad Administration (FRA) for a waiver from certain provisions of 49 CFR 240.111 regarding motor vehicle operation safety conduct data required for the initial certification and recertification of locomotive engineers. The request was assigned Docket Number FRA–2015–0095.

The waiver requested would permit CN to initially certify or recertify locomotive engineers for a period of 60 days, and would conform to current provisions under 49 CFR 242.111(c) and (d) for the initial certification and recertification of conductors. CN believes there is no railroad safety basis that exists for not extending this same provision to locomotive engineer certification.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation’s (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12–140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays. Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Background

The Kingpin Act became law on December 3, 1999. The Kingpin Act establishes a program targeting the activities of significant foreign narcotics traffickers and their organizations on a worldwide basis. It provides a statutory framework for the imposition of sanctions against significant foreign narcotics traffickers and their organizations on a worldwide basis, with the objective of denying their businesses and agents access to the U.S. financial system and the benefits of trade and transactions involving U.S. companies and individuals.

The Kingpin Act blocks all property and interests in property, subject to U.S. jurisdiction, owned or controlled by significant foreign narcotics traffickers as identified by the President. In addition, the Secretary of the Treasury, in consultation with the Attorney General, the Director of the Central Intelligence Agency, the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of Defense, the Secretary of State, and the Secretary of Homeland Security, may designate and block the property and interests in property, subject to U.S. jurisdiction, of persons who are found to be: (1) Materially assisting in, or providing financial or technological support for or to, or providing goods or services in support of, the international narcotics trafficking activities of a person designated pursuant to the Kingpin Act; (2) owned, controlled, or directed by, or acting for or on behalf of, a person designated pursuant to the Kingpin Act; or (3) playing a significant role in international narcotics trafficking.

On September 17, 2015, the Acting Director of OFAC designated the following five entities whose property and interests in property are blocked pursuant to section 805(b) of the Kingpin Act.
