

to EPA, as provided for under previously approved automatic delegation mechanisms. All notifications, applications, reports and other correspondence required pursuant to the delegated NESHAP and NSPS must be submitted to both the US EPA Region III and to the West Virginia Department of Environmental Protection, unless the delegated standard specifically provides that such submittals may be sent to EPA or a delegated State. In such cases, the submittals should be sent only to the West Virginia Department of Environmental Protection. A copy of EPA's June 24, 2015 letter to West Virginia follows:

“Mr. William F. Durham, Director  
Division of Air Quality  
West Virginia Department of  
Environmental Protection  
601 57th Street  
Charleston, West Virginia 25304

Dear Mr. Durham:

The United States Environmental Protection Agency (EPA) has previously delegated to the State of West Virginia (West Virginia) the authority to implement and enforce various federal National Emissions Standards for Hazardous Air Pollutants (NESHAP) and New Source Performance Standards (NSPS), which are found at 40 CFR parts 60, 61 and 63.<sup>1</sup> In those actions EPA also delegated to West Virginia the authority to implement and enforce any future EPA NESHAP or NSPS on the condition that West Virginia legally adopt the future standards, make only allowed wording changes, and provide specified notice to EPA.

In a letter dated June 8, 2015, West Virginia informed EPA that West Virginia had updated its incorporation by reference of federal NESHAP and NSPS to include many such standards as found in 40 CFR parts 60, 61, and 63 as of June 1, 2014. West Virginia noted that it understood that it was automatically delegated the authority to implement these standards. West Virginia committed to enforcing the standards in conformance with the terms of EPA's previous delegations of authority. West Virginia made only allowed wording changes.

West Virginia provided copies of the revised West Virginia Legislative Rules which specify the NESHAP and NSPS which West Virginia has adopted by reference. These revised Legislative Rules are entitled 45 CSR 34—“Emission Standards for Hazardous Air Pollutants,” and 45 CSR 16—“Standards of Performance for New Stationary Sources.” These revised Rules have an effective date of June 1, 2015.

Accordingly, EPA acknowledges that West Virginia now has the authority, as provided for under the terms of EPA's previous delegation actions, to implement and enforce the NESHAP and NSPS standards which

West Virginia has adopted by reference in West Virginia's revised Legislative Rules 45 CSR 34 and 45 CSR 16, both effective on June 1, 2015.

Please note that on December 19, 2008 in *Sierra Club vs. EPA*,<sup>2</sup> the United States Court of Appeals for the District of Columbia Circuit vacated certain provisions of the General Provisions of 40 CFR part 63 relating to exemptions for startup, shutdown, and malfunction (SSM). On October 16, 2009, the Court issued the mandate vacating these SSM exemption provisions, which are found at 40 CFR part 63, § 63.6(f)(1) and (h)(1).

Accordingly, EPA no longer allows sources the SSM exemption as provided for in the vacated provisions at 40 CFR part 63, § 63.6(f)(1) and (h)(1), even though EPA has not yet formally removed the SSM exemption provisions from the General Provisions of 40 CFR part 63. Because West Virginia incorporated 40 CFR part 63 by reference, West Virginia should also no longer allow sources to use the former SSM exemption from the General Provisions of 40 CFR part 63 due to the Court's ruling in *Sierra Club vs. EPA*.

EPA appreciates West Virginia's continuing NESHAP and NSPS enforcement efforts, and also West Virginia's decision to take automatic delegation of additional and more recent NESHAP and NSPS by adopting them by reference.

Sincerely,  
Diana Esher, Director  
Air Protection Division”

This notice acknowledges the update of West Virginia's delegation of authority to implement and enforce NESHAP and NSPS.

Dated: September 15, 2015.

**Diana Esher,**  
Director, Air Protection Division, Region III.

## FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–0139]

### Information Collection Being Submitted for Review and Approval to the Office of Management and Budget

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the Federal Communication Commission (FCC or Commission) invites the general public and other Federal agencies to take this

opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

**DATES:** Written comments should be submitted on or before October 26, 2015. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Nicholas A. Fraser, OMB, via email [Nicholas.A.Fraser@omb.eop.gov](mailto:Nicholas.A.Fraser@omb.eop.gov); and to Cathy Williams, FCC, via email [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [Cathy.Williams@fcc.gov](mailto:Cathy.Williams@fcc.gov). Include in the comments the OMB control number as shown in the “Supplementary Information” section below.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collection, contact Cathy Williams at (202) 418–2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the Web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the OMB control number of this ICR and then click on the ICR Reference Number. A

<sup>1</sup> EPA has posted copies of these actions at: <http://www.epa.gov/reg3airtd/airregulations/delegate/wvdelegation.htm>.

<sup>2</sup> *Sierra Club v. EPA*, 551 F.3rd 1019 (D.C. Cir. 2008).

copy of the FCC submission to OMB will be displayed.

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 3060-0139.

*Title:* Application for Antenna Structure Registration.

*Form Number:* FCC Form 854.

*Type of Review:* Revision of a currently approved collection.

*Respondents:* Individuals or households, business or other for-profit entities, not-for-profit institutions, and State, local, or Tribal governments.

*Number of Respondents and Responses:* 2,400 respondents; 57,100 responses.

*Estimated Time per Response:* .33 hours to 2.5 hours.

*Frequency of Response:* On occasion reporting requirement, recordkeeping requirement and third party disclosure reporting requirement.

*Obligation to Respond:* Required to obtain or retain benefits. Statutory authority for this information collection is contained in sections 1, 2, 4(i), 303, and 309(j) of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 303, and 309(j), section 102(C) of the National Environmental Policy Act of 1969, as amended, 42 U.S.C. 4332(C), and section 1506.6 of the regulations of the Council on Environmental Quality, 40 CFR 1506.6.

*Total Annual Burden:* 25,682 hours.

*Total Annual Cost:* \$1,176,813.

*Privacy Act Impact Assessment:* Yes. This information collection contains personally identifiable information on individuals which is subject to the Privacy Act of 1974. Information on the FCC Form 854 is maintained in the Commission's System of Records, FCC/WTB-1, "Wireless Services Licensing Records." These licensee records are publicly available and routinely used in accordance of subsection b of the Privacy Act, 5 U.S.C. 552a(b), as amended. Taxpayer Identification Numbers (TINs) and materials that are afforded confidential treatment pursuant to a request made under 47 CFR 0.459 of the Commission's rules will not be available for public inspection.

*Nature and Extent of Confidentiality:* Respondents may request materials or

information submitted to the Commission be withheld from public inspection under 47 CFR 0.459 of the Commission's rules.

The Commission has in place the following policy and procedures for records retention and disposal: Records will be actively maintained as long as the entity remains a tower owner. Paper records will be archived after being keyed or scanned into the Antenna Structure Registration (ASR) database and destroyed when twelve (12) years old.

*Needs and Uses:* As discussed below, the Commission is revising the FCC Form 854 to implement measures adopted in a recent Report and Order, and is seeking Office of Management and Budget (OMB) approval for this information collection as revised. The Commission is also reporting a change in the annual burden and annual cost due to a small increase in the number of responses. After the comment period, the Commission will submit the revised information collection to OMB to obtain the full three year clearance.

The purpose of the FCC Form 854 is to register antenna structures (radio towers) that are used for communication services regulated by the Commission; to make changes to existing antenna structure registrations or pending applications for registration; or to notify the Commission of the completion of construction or dismantlement of such structures, as required by Title 47 of the Code of Federal Regulations (CFR), chapter 1. In addition, for proposed new antenna structures, the FCC Form 854 is used to facilitate a pre-application public notification process, including a required 30-day period of local and national notice to provide members of the public with a meaningful opportunity to comment on the environmental effects of proposed antenna structures that require registration with the Commission.

The Commission is revising this current information collection due to the adoption of a Report and Order, FCC 14-117, which streamlined and eliminated outdated provisions of the Commission's part 17 rules governing the construction, marking, and lighting

of antenna structures. The changes to this collection are necessary to implement two of the updates adopted in the Report and Order. The first change, to section 17.4(j), requires owners of certain antenna structures to file FCC Form 854 with the Commission if there is any change or correction in the overall height of one foot or greater or in the coordinates of one second or greater in longitude or latitude of a registered antenna structure. The second change, to section 17.4(b), requires owners to note on FCC Form 854 that the registration is voluntary, if the antenna structure is otherwise not required to be registered under section 17.4.

As a result, there will be a small increase in the number of FCC Form 854s filed each year, as well as an additional question added to the form itself which will permit qualified applicants to indicate that they are voluntarily registering their antenna structures. These changes will enable the Commission to further modernize its rules while adhering to its statutory responsibility to prevent antenna structures from being hazards to air navigation.

Federal Communications Commission.

**FEDERAL COMMUNICATIONS COMMISSION**

**Deletion of Consent Agenda Items From September 17, 2015; Open Meeting**

**September 17, 2015**

The following Consent Agenda has been deleted from the list of Agenda items scheduled for consideration at the Thursday, September 17, 2015, Open Meeting and previously listed in the Commission's Notice of September 10, 2015. Items 1, 2, 3, 4, 5, 6, 7, 8, 10, and 11 have been adopted by the Commission.

**CONSENT AGENDA**

Item No.	Bureau	Subject
1 .....	MEDIA .....	TITLE: Radio Training Network, Application for a New Noncommercial FM Station at Dillon, South Carolina. SUMMARY: The Commission will consider a Memorandum Opinion and Order concerning an Application for Review filed by several joint petitioners seeking review of a Media Bureau Order granting Radio Training Network a New Noncommercial FM Station.
