SUPPLEMENTARY INFORMATION:

A. Purpose

FAR 22.1103 requires that all professional employees are compensated fairly and properly. Accordingly, FAR 52.222-46, Evaluation of Compensation for Professional Employees, is required to be inserted in solicitations for negotiated service contracts when the

contract amount is expected to exceed \$650,000 and the service to be provided will require meaningful numbers of professional employees. The purpose of the provision at FAR 52.222-46 is to require offerors to submit for evaluation a total compensation plan setting forth proposed salaries and fringe benefits for professional employees working on the contract. Plans indicating unrealistically low professional employees' compensation may be assessed adversely as one of the factors considered in making a contract award.
