

available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in section A. The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35, as amended).

The Manufactured Housing Survey collects data on new manufactured homes that are sold or leased for residential use. The survey tracks a sample of manufactured homes (units) shipped to dealers and the sales price and characteristics of the sampled units. Beginning in fiscal year 2015, dealers are contacted once to obtain sales price

and characteristics of the unit. If the unit has been placed by the time Census contacts the dealer, additional placement data are collected. Other selected housing characteristics collected include size, location, and titling. HUD uses the statistics to respond to a Congressional mandate in the Housing and Community Development Act of 1980, 42 U.S.C. 5424 note, which requires HUD to collect and report manufactured home sales and price information for the nation, census regions, states, and selected metropolitan areas and to monitor whether new manufactured homes are being placed on owned rather than rented lots. HUD also uses these data to monitor total housing production and its affordability.

Furthermore, the Manufactured Housing Survey serves as the basis for HUD's mandated indexing of loan limits. Section 2145 (b) of the Housing and Economic Recovery Act (HERA) of 2008 requires HUD to develop a method of indexing to annually adjust Title I manufactured home loan limits. This index is based on manufactured housing price data collected by this survey. Section 2145 of the HERA of 2008 also amends the maximum loan limits for manufactured home loans insured under Title I. HUD implemented the revised loan limits, as shown below, for all manufactured home loans for which applications are received on or after March 3, 2009.

Loan type	Purpose	Old loan limit	New loan limit
MANUFACTURED HOME IMPROVEMENT LOAN.	For financing alterations, repairs and improvements upon or in connection with existing manufactured homes.	\$17,500	\$25,090
MANUFACTURED HOME UNIT(S)	To purchase or refinance a Manufactured Home unit(s)	48,600	69,678
LOT LOAN	To purchase and develop a lot on which to place a manufactured home unit.	16,200	23,226
COMBINATION LOAN FOR LOT AND HOME.	To purchase or refinance a manufactured home and lot on which to place the home.	64,800	92,904

Method of Collection: The methodology for collecting information on new manufactured homes involves contacting a monthly sample of new manufactured homes shipped by manufacturers. The units are sampled from lists obtained from the Institute for Building Technology and Safety. Dealers that take shipment of the selected homes are mailed a survey form four months after shipment for recording the status of the manufactured home.

Background

The ANS Task Force was established by the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 (Act) (Pub. L. 106-580, as amended), and is composed of 13 Federal and 13 ex-officio members, and co-chaired by the U.S. Fish and Wildlife Service and the National Oceanic and Atmospheric Administration. The ANS Task Force provides advice on AIS infesting waters of the United States and other nations, among other duties, as specified in the Act.

Meeting Agenda

- Fish passage needs and AIS threats.
- ANSTF accomplishment tracking.
- Special session on boating industry partnerships, including discussions on the “Building Consensus” effort and on boat design and construction in consideration of aquatic invasive species.

- Approval of both the North Carolina Aquatic Nuisance Species Management Plan and the revised New York State Aquatic Invasive Species Management Plan.

- Special session on economics, including discussions on the USFWS “National Survey for Hunting and Fishing, and Lionfish Modeling and Economics”.

- Special session on communications, including discussion on the new

Communication/Education/Outreach Committee, and updates on the Stop Aquatic Hitchhikers! campaign and the revitalization of the Habitattitude campaign.

- Updates on numerous other ANSTF efforts, including:

- Addressing AIS transport at federally managed water bodies.
- ANSTF Involvement with National Invasive Species Awareness Week.
- A national early detection and rapid response framework and emergency response funding plan.
- The Arctic Strategy and AIS.

- Task Force Member updates and updates from all the Regional Panels.

The final agenda and other related meeting information will be posted on the ANS Task Force Web site at <http://anstaskforce.gov>.
