Federal Railroad Administration

[Docket Number FRA-2015-0094]

Petition for Waiver of Compliance

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated August 20, 2015, the Twin Cities & Western Railroad (TCWR) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR 223.11—Requirements for existing locomotives. FRA assigned the petition Docket Number FRA-2015-0094.

TCWR has petitioned FRA to grant a waiver of compliance from 49 CFR part 223—Safety Glazing Standards, for one locomotive, TCWR 1207, which requires certified glazing in all windows. The subject locomotive is a recent purchase by TCWR. It is an Electro-Motive Diesel (EMD) SW1200 diesel switcher locomotive built by General Motors' EMD Division. Its windows do not have the proper safety glazing as required by 49 CFR part 223. Even though the locomotive is presently used as a switching unit, TCWR wants to equip this unit with ditch lights, an alerter, and other safety features to allow it to be used as a main line unit. As such, the TCWR is requesting a glazing waiver to place this unit into main line service.

TCWR is a Class III rail carrier based in Glencoe, MN. The railroad uses 294 miles of track in Minnesota and another 49 miles of track in South Dakota interchanging with Class I railroads (Canadian Pacific Railway, Union Pacific Railroad, BNSF Railway and Canadian National Railway) in the Twin Cities. TCWR is a key player in the economic health of western Minnesota and eastern South Dakota by moving goods and commodities from production/processing/shipping facilities of more than 50 shippers, 6 days per week, along its line. TCWR personnel have responsibility for day-to-day inspection and maintenance of the railroad track.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's
