

- the organization's experts necessary to make functional connections among security platform components
2. Support for development and demonstration of the Domain Name System-Based Security for Electronic Mail Building Block in NCCoE facilities which will be conducted in a manner consistent with Federal requirements (e.g., FIPS 200, FIPS 201, SP 800-53, and SP 800-63)

In addition, NIST will support development of interfaces among participants' products by providing IT infrastructure, laboratory facilities, office facilities, collaboration facilities, and staff support to component composition, security platform documentation, and demonstration activities.

The dates of the demonstration of the Domain Name System-Based Security for Electronic Mail Building Block capability will be announced on the NCCoE Web site at <http://nccoe.nist.gov/>. The expected outcome of the demonstration is to improve domain name system-based security for electronic mail within the enterprise. Participating organizations will gain from the knowledge that their products are interoperable with other participants' offerings.

For additional information on the NCCoE governance, business processes, and NCCoE operational structure, visit the NCCoE Web site <http://nccoe.nist.gov/>.

Richard Cavanagh,

Acting Associate Director for Laboratory Programs.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Environmental Compliance Questionnaire for National Oceanic and Atmospheric Administration Federal Financial Assistance Applicants.

OMB Control Number: 0648-0538.

Form Number(s): None.

Type of Request: Regular (revision and extension of a currently approved information collection).

Number of Respondents: 1,000.

Average Hours per Response: One to three hours.

Burden Hours: 3,000.

Needs and Uses: This request is for a revision and extension of a currently approved information collection. The National Environmental Policy Act ("NEPA"; 42 U.S.C. 4321-4370) requires

federal agencies to complete an environmental analysis for all major federal actions, including funding non-federal projects through federal financial assistance awards where Federal participation in the funded activity is expected to be significant. This *Environmental Compliance Questionnaire for National Oceanic and Atmospheric Administration Federal Financial Assistance Applicants* (Questionnaire) is used by the National Oceanic and Atmospheric

Administration (NOAA) to collect information about proposed activities for NEPA and other environmental compliance requirements associated with proposed projects, such as federal consultations. The Questionnaire is used in conjunction with NOAA Funding Opportunity Announcements (FOA). Applicants are required to provide only the information from this Questionnaire that is specified in the FOA to which they are applying. The FOA may present these questions in one of two ways: (1) The applicable questions can be inserted directly into the FOA with reference to the OMB Control Number (0648-0538) for this form; or (2) The FOA can specify which questions (e.g. 1, 2) an applicant must answer, with the entire OMB-approved Questionnaire attached to the FOA. This Questionnaire has been revised to (1) remove repetitive questions; (2) revise specific questions to use plain language instead of NEPA-specific language; and (3) add questions that would be helpful to a wider range of NOAA programs. The revision reduced the overall number of questions by 22.

Affected Public: Individuals or households; business or other for-profit organizations; not-for-profit institutions; state, local, or tribal government; and federal government.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain benefits.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: October 1, 2015.

Sarah Brabson,

NOAA PRA Clearance Officer.

BILLING CODE 3510-NW-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Limits of Application of the Take Prohibitions

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before December 7, 2015.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Gary Rule, NOAA Fisheries, 1201 NE Lloyd Blvd. Suite 1100, Portland, OR 97232, (503) 230-5424 or gary.rule@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection. Section 4(d) of the Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 et seq.) requires the National Marine Fisheries Service (NMFS) to adopt such regulations as it "deems necessary and advisable to provide for the conservation of" threatened species. Those regulations may include any or all of the
