

grantees meet target goals, and conduct predictive analyses to identify participant characteristics associated with particular outcomes.

The evaluation will involve the collection of data through in-depth interviews of community college administrators, faculty and staff and partner organizations; focus groups of faculty and students with disabilities who participate in the Pathways to Careers Grant Program; and web-based surveys with telephone follow-up for student participants. The interviews with college administrators, faculty and staff will provide information on how the program interventions were implemented, challenges to implementation, and promising practices. Interviews will focus on program design, strengths and weaknesses of infrastructure and logistics, clarity of communication, effectiveness of enrollment, intake, and orientation, impressions of program delivery, and access to support services.

Focus groups with Pathways to Careers participants will collect information about career planning activity engagement, perceptions of the availability of career planning supports, satisfaction with and perceived importance of career planning, and the extent to which personal challenges influence this process and career choices. Focus groups with faculty who

teach the career tracks of the Pathways to Careers program will focus on initial experience and perspectives, and availability of and involvement in professional development.

The survey will collect information from Pathways to Careers participants about their college experience, self-advocacy and self-determination, and employment and earnings during and after college. The survey will provide data to assess short-term and longer-term outcomes associated with student participation in the Pathways to Careers program.

II. Desired Focus of Comments: Currently, the Department of Labor is soliciting comments concerning the above data collection as part of the evaluation of the Pathways to Careers Grant Program. Comments are requested to:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * enhance the quality, utility, and clarity of the information to be collected; and

- * minimize the burden of the information collection on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: At this time, the Department of Labor is requesting clearance for data collection for the evaluation of the Pathways to Careers Grant Program via in-depth interviews with community college administrators, faculty, staff, and partner organizations of the program; focus groups with faculty and students with disabilities who participate in the Pathways to Careers Grant Program; and an online survey with telephone follow-up for student participants.

Type of review: New information collection request.

OMB Control Number: XXXX—0NEW

Affected Public: Community colleges (participating in the Pathways to Careers Grant Program); private sector-businesses or other for profits and not for profit institutions (partners organizations involved with the Pathways to Careers Grant Program); students with disabilities (participating in the Pathways to Careers Grant Program at the two colleges).

ESTIMATED BURDEN HOURS

Occupational Safety and Health Administration

[Docket No. OSHA–2006–0042]

Canadian Standards Association: Application for Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the application of Canadian

Standards Association for expansion of its recognition as a Nationally Recognized Testing Laboratory (NRTL) and presents the Agency's preliminary finding to grant the application.

DATES: Submit comments, information, and documents in response to this notice, or requests for an extension of time to make a submission, on or before October 21, 2015.

ADDRESSES: Submit comments by any of the following methods:

1. *Electronically:* Submit comments and attachments electronically at <http://www.regulations.gov>, which is

the Federal eRulemaking Portal. Follow the instructions online for making electronic submissions.

2. *Facsimile*: If submissions, including attachments, are not longer than 10 pages, commenters may fax them to the OSHA Docket Office at (202) 693-1648.

3. *Regular or express mail, hand delivery, or messenger (courier) service*: Submit comments, requests, and any attachments to the OSHA Docket Office, Docket No. OSHA-2006-0042, Technical Data Center, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-2625, Washington, DC 20210; telephone: (202) 693-2350 (TTY number: (877) 889-5627). Note that security procedures may result in significant delays in receiving comments and other written materials by regular mail. Contact the OSHA Docket Office for information about security procedures concerning delivery of materials by express mail, hand delivery, or messenger service. The hours of operation for the OSHA Docket Office are 8:15 a.m.-4:45 p.m., e.t.

4. *Instructions*: All submissions must include the Agency name and the OSHA docket number (OSHA-2006-0042). OSHA places comments and other materials, including any personal information, in the public docket without revision, and these materials will be available online at <http://www.regulations.gov>. Therefore, the Agency cautions commenters about submitting statements they do not want made available to the public, or submitting comments that contain personal information (either about themselves or others) such as Social Security numbers, birth dates, and medical data.

5. *Docket*: To read or download submissions or other material in the docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the address above. All documents in the docket are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the Web site. All submissions, including copyrighted material, are available for inspection at the OSHA Docket Office. Contact the

OSHA Docket Office for assistance in locating docket submissions.

6. *Extension of comment period*: Submit requests for an extension of the comment period on or before October 21, 2015 to the Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-3655, Washington, DC 20210, or by fax to (202) 693-1644.

SUPPLEMENTARY INFORMATION:

I. Notice of the Application for Expansion

The Occupational Safety and Health Administration is providing notice that Canadian Standards Association (CSA) is applying for expansion of its current recognition as an NRTL. CSA requests the addition of two test standards to its NRTL scope of recognition.

OSHA recognition of an NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by its applicable test standard; and (2)

the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The Agency processes applications by an NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding. In the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL, including CSA, which details the NRTL's scope of recognition. These pages are available from the OSHA Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

CSA currently has six facilities (sites) recognized by OSHA for product testing and certification, with its headquarters located at: 178 Rexdale Boulevard, Etobicoke, Ontario, M9W 1R3, Canada. A complete list of CSA's scope of recognition is available at <https://www.osha.gov/dts/otpca/nrtl/csa.html>.

II. General Background on the Application

CSA submitted an application, dated January 29, 2015 (Exhibit 15-1 Application for Expansion of Recognition, OSHA-2006-0042), to expand its recognition to include two additional test standards. OSHA staff performed detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

Table 1 below lists the appropriate test standards found in CSA's application for expansion for testing and certification of products under the NRTL Program.

TABLE 1—PROPOSED LIST APPROPRIATE TEST STANDARDS FOR INCLUSION IN CSA'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 1004-1	Standard for Rotating Electrical Machines—General Requirements.
AAMI ES 60601-1: 2005/(R) 2012	Medical Electrical Equipment, Part 1: General Requirements for Basic Safety and Essential Performance.

III. Preliminary Findings on the Application

CSA submitted an acceptable application for expansion of its scope of recognition. OSHA's review of the application file and pertinent documentation indicate that CSA can meet the requirements prescribed by 29 CFR 1910.7 for expanding its recognition to include the addition of these two test standards for NRTL testing and certification listed above. This preliminary finding does not constitute an interim or temporary approval of CSA's application.

OSHA welcomes public comment as to whether CSA meets the requirements of 29 CFR 1910.7 for expansion of its recognition as an NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if the request is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Room N-2625, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address. These materials also are available online at <http://www.regulations.gov> under Docket No. OSHA-2006-0042.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will recommend to the Assistant Secretary for Occupational Safety and Health whether to grant CSA's application for expansion of its scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of its final decision in the **Federal Register**.

IV. Authority and Signature

David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW., Washington, DC 20210, authorized the preparation of this notice. Accordingly, the Agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No.

1-2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on October 1, 2015.

David Michaels,

Assistant Secretary of Labor for Occupational Safety and Health.
