SUPPLEMENTARY INFORMATION:

I. Regulatory Background of Part 1630 and the PAMM

The purpose of 45 CFR part 1630 is "to provide uniform standards for allowability of costs and to provide a comprehensive, fair, timely, and flexible process for the resolution of questioned costs." 45 CFR 1630.1. LSC last revised Part 1630 in 1997, when it published a final rule intended to "bring the Corporation's cost standards and procedures into conformance with applicable provisions of the Inspector General Act, the Corporation's appropriations action, and relevant Office of Management and Budget (OMB) Circulars." 62 FR 68219, Dec. 31, 1997. Although the OMB Circulars are

not binding on LSC because it is not a federal agency, LSC adopted certain provisions from relevant OMB Circulars pertaining to non-profit grants, audits, and cost principles into the final rule for part 1630. *Id.* at 68219-20 (citing OMB Circulars A-50, A-110, A-122, and A-133).

LSC published the PAMM in 2001 "to provide recipients with a single complete and consolidated set of policies and procedures related to property acquisition, use and disposal." 66 FR 47688, Sept. 13, 2001. Prior to the PAMM's issuance, such policies and procedures were "incomplete, outdated and dispersed among several different LSC documents." *Id.* The PAMM contains policies and procedures that govern both real and non-expendable personal property, but, with the exception of contract services for capital improvements, the PAMM does not apply to expendable personal property or to contracts for services. *Id.* at 47695. The PAMM's policies and procedures were developed with guidance from the Federal Acquisition Regulations, the Federal Property Management Regulations, and OMB Circular A-110. *Id.* at 47688. The PAMM also incorporates several references to provisions of part 1630 pertaining to costs requiring LSC prior approvals and the proper allocation of derivative income. *Id.* at 47696-98 (containing references to 45 CFR 1630.5(b)(2-4), 1630.5(c), and 1630.12, respectively).

II. Impetus for This Rulemaking

Part 1630 and the PAMM have not been revised since 1997 and 2001, respectively. Since that time, procurement practices and cost allocation principles applicable to awards of federal funds have changed significantly. For instance, in 2013, OMB revised and consolidated several Circulars into a single Uniform Guidance. 78 FR 78589, Dec. 26, 2013; 2 CFR part 200. OMB consolidated and simplified its guidance to "reduce administrative burden for non-Federal entities receiving Federal awards while reducing the risk of waste, fraud and abuse." 78 FR 78590, Dec. 26, 2013.

LSC has determined that it should undertake regulatory action at this time for three reasons. The first reason is to account, where appropriate for LSC, for corresponding changes in Federal grants policy. The second reason is to address the difficulties that LSC and its grantees experience in applying ambiguous provisions of Part 1630 and the PAMM. Finally, LSC believes rulemaking is appropriate at this time to address the limitations that certain provisions of both documents place on the
