Submission for OMB Review; 30-Day Comment Request: National Institute of Mental Health (NIMH) Recruitment Milestone Reporting System

SUMMARY: Under the provisions of section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institute of Mental Health (NIMH) National Institutes of Health (NIH), has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the Federal Register on June 1, 2015, page 31053, and allowed 60-days for public comment. Four (4) public comments were received. Comments include concerns about the clarity of the announcement, the utility of the information collected, and the frequency of tri-annual and monthly reporting. NIMH carefully considered all comments received and has changed the language in the supporting statement to confirm that reporting of recruitment milestones in the RMR applies to participants in all extramural NIMH-sponsored clinical trials, regardless of size, as well as other clinical research studies that plan to enroll 150 or more human subjects in a

single study. Investigators who fail to meet their milestones may be requested to submit interim monthly reports. NIMH has determined tri-annual reporting to be the minimum necessary to provide effective recruitment monitoring. When studies fall significantly behind their recruitment goals, monthly reporting is necessary in order to ensure the study can be completed within the proposed budget and timeframe. Based on current study performance, NIMH expects less than 5% of respondents will require monthly reporting. The purpose of this notice is to allow an additional 30 days for public comment. The National Institute of Mental Health, National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, OIRA_submission@omb.eop.gov or by fax to 202–395–6974, Attention: NIH Desk Officer.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments or request more information on the proposed project contact: NIMH Project Clearance Liaison, Science Policy and Evaluation Branch, OSPPC, NIMH, NIH, Neuroscience Center, 6001 Executive Boulevard, MSC 9667, Rockville Pike, Bethesda, MD 20892, or call 301–443–4335, or Email your request, including your address to: nimhprapubliccomments@mail.nih.gov. Formal requests for additional plans and instruments must be requested in

Proposed Collection

writing.
