**III. Preliminary Finding on the Application**

1. SGS submitted an acceptable application for expansion of its scope of recognition. OSHA’s review of the application file and its detailed on-site assessments indicate that SGS can meet the requirements prescribed by 29 CFR 1910.7 for expanding its recognition to include the addition of five sites and these fourteen test standards for NRTL testing and certification. This preliminary finding does not constitute an interim or temporary approval of SGS’s application.

2. The UL 60335–2–24 standard is an appropriate test standard, and OSHA proposes to include this test standard in the NRTL Program’s list of appropriate test standards.

OSHA welcomes public comment as to whether SGS meets the requirements of 29 CFR 1910.7 for expansion of its recognition as an NRTL. OSHA also seeks comments as to whether or not the UL 60335–2–24 test standard is an appropriate test standard under the NRTL Program. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if it is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Room N–2625, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address. These materials also are available online at <http://www.regulations.gov> under Docket No. OSHA–2006–0040.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will recommend to the Assistant Secretary for Occupational Safety and Health whether to grant SGS’s application for expansion of its scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will incorporate into its informational Web pages the modifications OSHA decides to make to its current list of NRTL test standards, as well as any changes to an NRTL’s scope of recognition. Access to these Web pages is available at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

OSHA will publish a public notice of this final decision in the **Federal Register**.
