

date, time, and location of the hearing two days before the scheduled date.

#### Verification

As provided in section 782(i)(1) of the Act, the Department intends to verify the information submitted by OCTAL and its affiliates prior to making a final determination in this investigation.

#### Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. 19 CFR 351.210(e)(2) requires that requests by respondents for postponement of a final antidumping determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

OCTAL requested that, contingent upon an affirmative preliminary determination of sales at LTFV for OCTAL, the Department postpone its final determination pursuant to 19 CFR 351.210(e)(2).<sup>7</sup> In addition, OCTAL requested to extend the application of the provisional measures prescribed under section 733(d) of the Act and 19 CFR 351.210(e)(2), from a four-month period to a period not to exceed six months.

In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii) and (e)(2), because: (1) Our preliminary determination is affirmative; (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, we are postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, we will make our final determination no later than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2) of the Act.<sup>8</sup>

<sup>7</sup> See Letter from OCTAL to the Secretary of Commerce "OCTAL's Request for Extension of Final Determination and Provisional Measures Certain Polyethylene Terephthalate (PET) Resin from the Sultanate of Oman," dated September 24, 2015.

<sup>8</sup> See 19 CFR 351.210(e).

#### U.S. International Trade Commission ("ITC") Notification

In accordance with section 733(f) of the Act, we will notify the ITC of our preliminary affirmative determination of sales at LTFV. Because the preliminary determination in this proceeding is affirmative, section 735(b)(2) of the Act requires that the ITC make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of PET resin from Oman before the later of 120 days after the date of this preliminary determination or 45 days after our final determination. Because we are postponing the deadline for our final determination to 135 days from the date of publication of this preliminary determination, as discussed above, the ITC will make its final determination no later than 45 days after our final determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: October 6, 2015.

#### Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From the Republic of Turkey: Postponement of Preliminary Determination in the Countervailing Duty Investigation

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** *Effective Date:* October 15, 2015.

**FOR FURTHER INFORMATION CONTACT:** Reza Karamloo at (202) 482-4470 or Rebecca Trainor at (202) 482-4007, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

#### SUPPLEMENTARY INFORMATION:

##### Background

On August 10, 2015, the Department of Commerce (the Department) initiated the countervailing duty (CVD) investigation of heavy walled rectangular welded carbon steel pipes and tubes from the Republic of Turkey.<sup>1</sup> Currently, the preliminary determination is due no later than October 14, 2015.

##### Postponement of the Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a CVD investigation within 65 days after the date on which the Department initiated the investigation. However, if the Department concludes that the parties concerned are cooperating, and that the case is extraordinarily complicated such that additional time is necessary to make the preliminary determination, section 703(c)(1)(B) of the Act allows the Department to postpone making the preliminary determination until no later than 130 days after the date on which the administering authority initiated the investigation. We have concluded that the parties concerned are cooperating and that the case is extraordinarily complicated, such that we need more time to make the preliminary determination. Specifically, the analysis will involve not only the usual consideration of financial contribution and specificity for numerous programs,

<sup>1</sup> See *Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes from the Republic of Turkey: Initiation of Countervailing Duty Investigation*, 80 FR 49207 (August 17, 2015).

but will also involve the more complex consideration of the provision for less than adequate remuneration for several inputs. The deadline for completion of the preliminary determination is now December 18, 2015.

We also note that, on September 30, 2015, the petitioners<sup>2</sup> in this investigation, requested that the deadline for the preliminary determination be postponed to 130 days from the date of initiation in accordance with 19 CFR 351.205(b)(2).

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).<sup>3</sup>

The *Initiation Notice* provided interested parties an opportunity to raise issues regarding product coverage (scope). However, no interested party provided scope comments.

#### *Methodology*

The Department is conducting this investigation in accordance with section 731 of the Act. We calculated export prices and constructed export prices in accordance with section 772 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum hereby adopted by this notice.

#### *Combination Rates*

In the *Initiation Notice*,<sup>4</sup> the Department stated that it would calculate combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.<sup>5</sup>

#### *Preliminary Determination*

The Department preliminarily determines that the following weighted-average dumping margins exist during the period July 1, 2014, through December 31, 2014:
