

research, disease/injury prevention, health promotion, and healthcare delivery.

### Agenda

Pursuant to 5 U.S.C. 552b, as amended, and 41 CFR 102–3.140 through 102–3.165 and subject to availability of space, the DHB meeting is open to the public from 9:30 a.m. to 11:30 a.m. and 12:30 p.m. to 5:00 p.m. on November 9, 2015. The DHB anticipates deliberating a decision briefing from the Neurological/Behavioral Health Subcommittee regarding Population Normative Values for Post-Concussive Computerized Neurocognitive Assessments. In addition, information briefings will be presented on mental health treatment collaboration with the James A. Haley Veterans' Hospital, Sustained Medical and Readiness Training (SMART), medical evaluation boards, an update on the work of the Joint Committee to Create a National Policy to Enhance Survivability from Intentional Mass-Casualty and Active Shooter Events, and medical implications of anti-access/area denial.

### Public's Accessibility to the Meeting

Pursuant to 5 U.S.C. 552b, as amended, and 41 CFR 102–3.140 through 102–3.165 and subject to availability of space, this meeting is open to the public. Seating is limited and is on a first-come basis. All members of the public who wish to attend the public meeting must contact Ms. Kendal Brown at the number listed in the section **FOR FURTHER INFORMATION CONTACT** no later than 12:00 p.m. on Friday, October 30, 2015 to register and must provide their driver's license number and social security number to Ms. Brown. Public attendees enter MacDill AFB through the Dale Mabry Gate. Attendees should allow one hour for the security check and travel to meeting location. Additional details will be provided to all registrants.

### Special Accommodations

Individuals requiring special accommodations to access the public meeting should contact Ms. Kendal Brown at least five (5) business days prior to the meeting so that appropriate arrangements can be made.

### Written Statements

Any member of the public wishing to provide comments to the DHB may do so in accordance with 41 CFR 102–3.105(j) and 102–3.140 and section 10(a)(3) of the Federal Advisory Committee Act, and the procedures described in this notice.

Individuals desiring to provide comments to the DHB may do so by submitting a written statement to the DHB Designated Federal Officer (DFO) (see **FOR FURTHER INFORMATION CONTACT**). Written statements should not be longer than two type-written pages and address the following details: the issue, discussion, and a recommended course of action. Supporting documentation may also be included, as needed, to establish the appropriate historical context and to provide any necessary background information.

If the written statement is not received at least five (5) business days prior to the meeting, the DFO may choose to postpone consideration of the statement until the next open meeting.

The DFO will review all timely submissions with the DHB President and ensure they are provided to members of the DHB before the meeting that is subject to this notice. After reviewing the written comments, the President and the DFO may choose to invite the submitter to orally present their issue during an open portion of this meeting or at a future meeting. The DFO, in consultation with the DHB President, may allot time for members of the public to present their issues for review and discussion by the Defense Health Board.

Dated: October 20, 2015.

## DEPARTMENT OF DEFENSE

### Department of the Army, Corps of Engineers

#### Notice of Intent To Prepare a Draft Environmental Impact Statement for the Sacramento River Flood Control Project, California, General Reevaluation

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice of intent.

**SUMMARY:** The U.S. Army Corps of Engineers, Sacramento District (Corps), intends to prepare a draft Environmental Impact Statement (DEIS) for the general reevaluation of the Sacramento River Flood Control Project, California. The Corps will serve as the lead agency for compliance with the National Environmental Policy Act (NEPA). The general reevaluation is assessing opportunities to restore ecosystem function along the

Sacramento River and improve flood risk reduction capabilities of the flood conveyance system originally constructed in 1917. The system is located along the Sacramento River, from Elder Creek near Tehama to its confluence with the San Joaquin River in the Sacramento-San Joaquin Delta near Collinsville. System features are also located along a number of tributaries, sloughs, and bypass channels, including the Feather River, American River, Sutter Bypass, and Yolo Bypass.

**DATES:** Written comments regarding the scope of the general reevaluation and DEIS should be received by the Corps on or before November 23, 2015.

**ADDRESSES:** Send written comments and suggestions concerning this general reevaluation and DEIS to Mr. Dan Artho, U.S. Army Corps of Engineers, Sacramento District, Attn: Planning Division (CESPK–PD), 1325 J Street, Sacramento, CA 95814 or via email at [daniel.f.artho@usace.army.mil](mailto:daniel.f.artho@usace.army.mil). Requests to be placed on the mailing list should also be sent to this address.

**FOR FURTHER INFORMATION CONTACT:** Mr. Dan Artho via telephone at (916) 557–7723, email at [daniel.f.artho@usace.army.mil](mailto:daniel.f.artho@usace.army.mil), or fax at (916) 557–7856. Study information will also be posted periodically on the internet at <http://bit.ly/sacrivergr>.

### SUPPLEMENTARY INFORMATION:

1. *Proposed Action.* The Corps, in cooperation with its non-Federal sponsors (The Central Valley Flood Protection Board and the State of California Department of Water Resources), is reevaluating the Sacramento River Flood Control Project to identify opportunities to restore the function and processes of the Sacramento River's aquatic ecosystem as well as improve the project's flood risk reduction performance. The general reevaluation is authorized pursuant with the Flood Control Act, Public Law 64–367, § 2, 39 Stat. 948 (1917) as amended and modified by subsequent Acts of Congress and as modified by Flood Control Act, Public Law 86–654, § 203, 74 Stat. 498 (1960), as supplemented by the River Basin Monetary Authorization Act, Public Law 93–252, § 202, 88 Stat. 49 (1974), and the Continuing Appropriations Resolution, Public Law 97–377, § 140, 96 Stat. 1916 (1982), and the Water Resources Development Act, Public Law 110–114, § 3031, 121 Stat. 1113 (2007).

2. *Alternatives.* The general reevaluation will assess a combination of one or more ecosystem restoration and flood risk management measures including widening existing bypasses,

modifying existing weirs, optimizing weir operations, constructing setback levees, developing floodplain management plans, restoring riverine aquatic and riparian habitat, removing barriers to fish passage, and restoring natural geomorphic processes, among others. Changes or modifications to the Sacramento River Flood Control Project may include updates or revisions to the operation and maintenance manuals in affected areas. In addition, a no action alternative will be assessed. Mitigation measures for any significant adverse effects on environmental resources will be identified and incorporated into the alternatives in compliance with various Federal and State statutes.

3. *Scoping Process:*

a. Public scoping meetings will be held on November 3rd, 2015, from 3:00 p.m. to 7:00 p.m. at the City of West Sacramento, 1110 W. Capitol Ave., West Sacramento, California 95691, and November 9th, 2015 from 3:00 p.m. to 7:00 p.m. at the Yuba County Board of Supervisors, 915 Eighth Street, Marysville, California 95901. An overview of the study and the NEPA process will be presented, and an opportunity will be afforded to all interested parties to provide comments regarding the scope of the draft general reevaluation and DEIS analysis as well as potential alternatives.

b. Issues that will be analyzed in depth in the DEIS include effects on hydrology and hydraulics, vegetation and wildlife, special-status species, water quality, air quality, socioeconomic conditions, transportation, agricultural resources, hazardous materials, and cultural resources. Other issues may include geology, soils, topography, noise, esthetics, climate and recreation. This is a large geographic extent with many technical, physical, biological, and social complexities associated with it.

c. The Corps will consult with the U.S. Fish and Wildlife Service and the National Marine Fisheries Service to comply with the Endangered Species Act and the Fish and Wildlife Coordination Act. The Corps will also consult with the State Historic Preservation Officer to comply with the National Historic Preservation Act and coordinate with the U.S. Bureau of Indian Affairs to establish consultation requirements with tribes having trust assets and tribal interests that could be affected by the general reevaluation's outcome.

d. A 45-day review period will be allowed for all interested agencies and individuals to review and comment on the DEIS. All interested persons are encouraged to respond to this notice

and provide a current address if they wish to be contacted about the DEIS.

4. *Availability.* The DEIS is scheduled to be available for public review and comment in the Spring of 2017.

Dated: October 16, 2015.

**Michael J. Farrell,**

*Colonel, U.S. Army, District Commander.*

## DEPARTMENT OF ENERGY

### Meeting; President's Council of Advisors on Science and Technology

**AGENCY:** Office of Science, Department of Energy.

**ACTION:** Notice of partially-closed meeting.

**SUMMARY:** This notice sets forth the schedule and summary agenda for a partially-closed meeting of the President's Council of Advisors on Science and Technology (PCAST), and describes the functions of the Council. The Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770) requires that public notice of these meetings be announced in the **Federal Register**.

**DATES:** November 20, 2015, 9:00 a.m. to 12:00 p.m.

**ADDRESSES:** National Academy of Sciences, 2101 Constitution Avenue NW., Washington, DC in the Lecture Room.

**FOR FURTHER INFORMATION CONTACT:** Information regarding the meeting agenda, time, location, and how to register for the meeting is available on the PCAST Web site at: <http://whitehouse.gov/ostp/pcast>. A live video webcast and an archive of the webcast after the event are expected to be available at <http://whitehouse.gov/ostp/pcast>. The archived video will be available within one week of the meeting. Questions about the meeting should be directed to Ms. Jennifer Michael at [jmichael@ostp.eop.gov](mailto:jmichael@ostp.eop.gov), (202) 395-2121. Please note that public seating for this meeting is limited and is available on a first-come, first-served basis.

**SUPPLEMENTARY INFORMATION:** The President's Council of Advisors on Science and Technology (PCAST) is an advisory group of the nation's leading scientists and engineers, appointed by the President to augment the science and technology advice available to him from inside the White House, cabinet departments, and other Federal agencies. See the Executive Order at <http://www.whitehouse.gov/ostp/pcast>.

PCAST is consulted about and provides analyses and recommendations concerning a wide range of issues where understandings from the domains of science, technology, and innovation may bear on the policy choices before the President. PCAST is co-chaired by Dr. John P. Holdren, Assistant to the President for Science and Technology, and Director, Office of Science and Technology Policy, Executive Office of the President, The White House; and Dr. Eric S. Lander, President, Broad Institute of the Massachusetts Institute of Technology and Harvard.

*Type of Meeting:* Open and Closed.

*Proposed Schedule and Agenda:* The President's Council of Advisors on Science and Technology (PCAST) is scheduled to meet in open session on November 20, 2015 from 9:00 a.m. to 12:00 p.m.

*Open Portion of Meeting:* During this open meeting, PCAST is scheduled to discuss its study on private sector activities for adaptation and resilience to climate change and its letter report on hearing technologies. They will also hear from speakers who will remark on nanotechnology and who will discuss new regulatory frameworks for research. Additional information and the agenda, including any changes that arise, will be posted at the PCAST Web site at: <http://whitehouse.gov/ostp/pcast>.

*Closed Portion of the Meeting:* PCAST may hold a closed meeting of approximately 1 hour with the President on November 20, 2015, which must take place in the White House for the President's scheduling convenience and to maintain Secret Service protection. This meeting will be closed to the public because such portion of the meeting is likely to disclose matters that are to be kept secret in the interest of national defense or foreign policy under 5 U.S.C. 552b(c)(1).

*Public Comments:* It is the policy of the PCAST to accept written public comments of any length, and to accommodate oral public comments whenever possible. The PCAST expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements.

The public comment period for this meeting will take place on November 20, 2015 at a time specified in the meeting agenda posted on the PCAST Web site at <http://whitehouse.gov/ostp/pcast>. This public comment period is designed only for substantive commentary on PCAST's work, not for business marketing purposes.

*Oral Comments:* To be considered for the public speaker list at the meeting, interested parties should register to
