Availability of Content Outline

The Series 57 content outline is available on FINRA's Web site, at <http://www.finra.org/industry/qualification-exams>.

FINRA is filing the proposed rule change for immediate effectiveness. FINRA proposes to implement the Series 57 examination on January 4, 2016. FINRA will announce the proposed rule change and the implementation date in a *Regulatory Notice*.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,²⁰ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest, and Section 15A(g)(3) of the Act,²¹ which authorizes FINRA to prescribe standards of training, experience, and competence for persons associated with FINRA members. FINRA believes that the proposed rule change furthers these purposes by establishing the qualification examination that individuals, including associated persons of FINRA members, must pass to register and function as Securities Traders and Securities Trader Principals. The examination is intended to safeguard the investing public by helping to ensure that individuals registering as Securities Traders, as well as those responsible for the supervision of securities trading activities, are competent to perform their job functions.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The new examination aligns with the functions

¹⁹ Consistent with FINRA's practice of including "pretest" items on qualification examinations, which is designed to ensure that new examination items meet acceptable testing standards prior to use for scoring purposes, the examination includes 10 additional, unidentified pretest items that do not contribute towards the candidate's score. Therefore, the examination actually consists of 135 items, 125 of which are scored. The 10 pretest items are randomly distributed throughout the examination.

and associated tasks currently performed by associated persons engaged in securities trading and tests of knowledge of the laws, rules, regulations and skills relevant to those functions and associated tasks.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act²² and Rule 19b-4(f)(6) thereunder.²³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Section 15A(g)(3) of the Act⁸ authorizes FINRA to prescribe standards of training, experience, and competence for persons associated with FINRA members. In accordance with that provision, FINRA has developed examinations that are designed to establish that persons associated with FINRA members have attained specified levels of competence and knowledge, consistent with applicable registration requirements under FINRA rules. FINRA periodically reviews the content of the examinations to determine whether revisions are necessary or appropriate in view of changes pertaining to the subject matter covered by the examinations.

The rule provides that each person associated with a member who performs such duties shall be required to register as an Introducing Broker-Dealer Financial and Operations Principal with FINRA and shall pass an appropriate qualification examination before such registration may become effective. Paragraph (b)(2) of the rule provides that the term Introducing Broker-Dealer Financial and Operations Principal shall mean a person associated with a member whose duties include:

area of business activity not described in paragraph (c)(2) of the rule. The rule provides that such person shall not be qualified to function in a principal capacity at a member unless the member operates under paragraph (c)(1) of the rule.

In consultation with a committee of industry representatives, FINRA recently undertook a review of the Series 28 examination program. As a result of this review, FINRA is proposing to make revisions to the content outline to reflect changes to the laws, rules and regulations covered by the examination and to incorporate the functions and associated tasks currently performed by an Introducing Broker-Dealer Financial and Operations Principal. FINRA also is proposing to make changes to the format of the content outline.

Current Outline

The current content outline is divided into five sections. The following are the five sections and the number of questions associated with each of the sections, denoted Section 1 through Section 5:

1. Keeping And Preservation of Records and Broker-Dealer Financial Reporting Requirements, 16 questions;
2. Net Capital Requirements, 36 questions;
3. Customer Protection, 10 questions;
4. Uniform Practice Rules, 5 questions; and
5. Other Relevant Regulations and Interpretations, 28 questions.

Each section also includes the applicable laws, rules and regulations associated with that section. The current outline also includes a preface (addressing, among other things, the purpose, administration and scoring of the examination), sample questions and reference materials.

Proposed Revisions

To develop the revised outline, FINRA conducted a job analysis study of Introducing Broker-Dealer Financial and Operations Principals, which included the use of a survey. The study provided detailed information regarding the day-to-day roles, responsibilities and job functions of Introducing Broker-Dealer Financial and Operations Principals. As a result, FINRA is proposing to revise the structure of the outline as described below to include functions and associated tasks that reflect the day-to-day activities of an Introducing Broker-Dealer Financial and Operations Principal.

Specifically, FINRA is proposing to divide the content outline into four major job functions that are performed

by an Introducing Broker-Dealer Financial and Operations Principal. The following are the four major job functions, denoted Function 1 through Function 4, with the associated number of questions:

Function 1: Financial Reporting, 16 questions;

Function 2: Operations, General Securities Industry Regulations, and Preservation of Books and Records, 30 questions;

Function 3: Net Capital, 31 questions; and

Function 4: Customer Protection, Funding and Cash Management, 18 questions.

As noted above, each major job function includes an assigned number of questions. FINRA determined the number of questions for each function based on the results of the job analysis study. Thus, compared to the existing outline, the allocation of questions in the revised outline more closely reflects the current day-to-day activities of an Introducing Broker-Dealer Financial and Operations Principal.

Each function also includes specific tasks describing activities associated with performing that function. There are five tasks (1.1–1.5) associated with Function 1; three tasks (2.1–2.3) associated with Function 2; seven tasks (3.1–3.7) associated with Function 3; and three tasks (4.1–4.3) associated with Function 4.¹⁶ By way of example, one such task (Task 2.2) is prepare and preserve financial records to ensure accuracy and completeness of internal financial documents.¹⁷ Further, the outline lists the knowledge required to perform each function and associated tasks (e.g., general ledger and sub-ledgers).¹⁸ In addition, where applicable, the outline lists the laws, rules and regulations a candidate is expected to know to perform each function and associated tasks. These include the applicable FINRA Rules (e.g., FINRA Rule 4160), NASD Rules (e.g., NASD Rule 2340) and SEC rules (e.g., SEA Rule 17a–4).¹⁹

As noted above, FINRA also is proposing to revise the content outline to reflect changes to the laws, rules and regulations covered by the examination. Among other revisions, FINRA is proposing to revise the content outline to reflect the adoption of rules in the consolidated FINRA rulebook (e.g., NASD Rule 2430 (Charges for Services

Performed) and NASD Rule 3110 (Books and Records) were adopted as FINRA Rule 2122 (Charges for Services Performed) and FINRA Rule 4510 Series (Books and Records Requirements), respectively).²⁰

FINRA is proposing similar changes to the Series 28 selection specifications and question bank.

Finally, FINRA is proposing to make changes to the format of the content outline, including the preface, sample questions and reference materials. Among other changes, FINRA is proposing to: (1) Add a table of contents;²¹ (2) provide more details regarding the purpose of the examination;²² (3) provide more details on the application procedures;²³ (4) provide more details on the development and maintenance of the content outline and examination;²⁴ (5) explain that the passing scores are established by FINRA staff, in consultation with a committee of industry representatives, using a standard setting procedure and that the scores are an absolute standard independent of the performance of candidates taking the examination;²⁵ and (6) note that each candidate will receive a score report at the end of the test session, which will indicate a pass or fail status and include a score profile listing the candidate's performance on each major content area covered on the examination.²⁶

The number of questions on the Series 28 examination will remain at 95 multiple-choice questions, and candidates will continue to have 120 minutes to complete the examination. Currently, a score of 70 percent is required to pass the examination. The passing score for the revised Series 28 examination will be 69 percent.

Availability of Content Outlines

The current Series 28 content outline is available on FINRA's Web site, at <http://www.finra.org/industry/qualification-exams>. The revised Series 28 content outline will replace the current content outline on FINRA's Web site.

FINRA is filing the proposed rule change for immediate effectiveness. FINRA proposes to implement the revised Series 28 examination program on December 14, 2015. FINRA will

2. Statutory Basis

FINRA believes that the proposed revisions to the Series 28 examination program are consistent with the provisions of Section 15A(b)(6) of the Act,²⁷ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest, and Section 15A(g)(3) of the Act,²⁸ which authorizes FINRA to prescribe standards of training, experience, and competence for persons associated with FINRA members. FINRA believes that the proposed revisions will further these purposes by updating the examination program to reflect changes to the laws, rules and regulations covered by the examination and to incorporate the functions and associated tasks currently performed by an Introducing Broker-Dealer Financial and Operations Principal.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The updated examination aligns with the functions and associated tasks currently performed by an Introducing Broker-Dealer Financial and Operations Principal and tests knowledge of the most current laws, rules, regulations and skills relevant to those functions and associated tasks. As such, the proposed revisions would make the examination more efficient and effective.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act²⁹ and paragraph (f)(1) of Rule 19b-4 thereunder.³⁰ At any time within 60 days of the filing of the proposed rule

change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
