**SUPPLEMENTARY INFORMATION:**

*Title:* Local Foods Survey.

*OMB Control Number:* 0535—NEW.

*Type of Request:* Intent to seek approval to conduct a new information collection for a period of three years.

*Abstract:* Interest is growing in support of local agricultural economies through the purchase of foods from sources that are geographically close to the consuming areas, via channels that are direct from farm to consumer or at most one step removed. Significant policy support for local food systems occurred with the institution of the USDA Know Your Farmer, Know Your Food Initiative (KYF2) in September 2009. The KYF2 Initiative was designed to eliminate organizational barriers to improve coordination and availability of resources for the promotion of local food systems. This initiative is in response to the perceived consumer and producer interests. Many community and farm advocacy groups are requesting changes in the next major agricultural program legislation (the Farm Bill) that will directly target local foods producers, consumers, and markets. Despite the emphasis of policy makers, there are currently no available data sources that provide representative and reliable national estimates of local food production.

As a direct response to this interest in local foods, NASS included a question in the 2012 Census of Agriculture to capture data needed to benchmark the size of the intermediated local foods market. Contingent upon the availability of funding, the Local Foods Survey will be a Census follow-on survey. As a follow-on survey, it will be sampled from respondents to the 2012 Census of Agriculture who reported product sales directly to consumers or to retail outlets that in turn sell directly to consumers. Response to this survey will be voluntary.

*Authority:* The data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict

confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3501, *et seq.*), and Office of Management and Budget regulations at 5 CFR part 1320.

NASS also complies with OMB Implementation Guidance, “Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA),” **Federal Register**, Vol. 72, No. 115, June 15, 2007, p. 33362.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 50 minutes per response. NASS plans to mail out publicity materials with the questionnaires to inform producers of the importance of this survey. NASS will also use multiple mailings, followed up with phone and limited personal enumeration to increase response rates and to minimize data collection costs.

*Respondents:* Farmers and Ranchers.

*Estimated Number of Respondents:* 28,000.

*Estimated Total Annual Burden on Respondents:* 21,000 hours.

*Comments:* Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological, or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, October 16, 2015.
