DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-68-2015]

Foreign-Trade Zone (FTZ) 102—St. Louis, Missouri; Notification of Proposed Production Activity; H-J Enterprises, Inc./H-J International, Inc. (Electrical Transformer Bushing Assemblies); High Ridge, Missouri

The St. Louis County Port Authority, grantee of FTZ 102, submitted a notification of proposed production activity to the FTZ Board on behalf of H-J Enterprises, Inc./H-J International, Inc. (H-J), located at two sites in High Ridge, Missouri. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on October 20, 2015.

A separate application for subzone designation at the H-J facilities is

planned and will be processed under Section 400.31 of the FTZ Board's regulations. The facilities are used for the production of electrical transformer bushing assemblies for utility companies. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt H-J from customs duty payments on the foreign-status components used in export production. On its domestic sales, H-J would be able to choose the duty rates during customs entry procedures that apply to porcelain and epoxy electrical transformer bushing assemblies (duty rates 2.7% and 3%, respectively) for the foreign-status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Rubber bushing plugs; iron/steel bolts, screws, studs and washers; steel ground pads; copper tubes, studs and terminals; brass washers, bolts, screws, nuts, studs and terminals; aluminum/steel bushing inserts and caps; aluminum clamps and plugs; steel hinges, steel/brass fittings and connectors; copper/brass/steel drain valves; steel/brass inserts and bushing caps; bayonet fuses; porcelain/epoxy bushing assemblies; fuse end bells; electrical leads; porcelain insulators; and level gauges (duty rates range from 1.8% to 8.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is December 8, 2015.

A copy of the notification will be available for public inspection at the

Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482-1367.

Dated: October 22, 2015.

Andrew McGilvray,

Executive Secretary.

DEPARTMENT OF COMMERCE

International Trade Administration

Renewable Energy and Energy Efficiency Business Directory Survey

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Opportunity to participate in the RE3 app.

SUMMARY: The U.S. Departments of State, Commerce, and Energy (the "Interagency Team") announce an opportunity for U.S.-based suppliers and providers of clean energy, smart grid, and energy efficiency solutions to participate in the launch of an interactive directory of renewable energy and energy efficiency solutions. The Interagency Team has developed the beta version of an interactive app to serve as a mobile business directory for U.S. clean energy exporters. The app will highlight deployments of sustainable technologies and systems at U.S. diplomatic missions and provide potential business partners around the world with a searchable interface to find information on potential U.S. technology and service providers. The app will showcase a diverse array of

clean energy goods and services, including renewable energy equipment (solar, wind, geothermal), biofuels, fuel cell power, smart grid technologies, and energy efficiency solutions, as well as U.S.-based services critical to the deployment of clean energy supplies. U.S. clean energy and energy efficiency exporters interested in registering to be part of the interactive directory and provide information on their company's solutions to be included in the app are requested to send an email to reee@trade.gov by no later than December 31, 2015.

Who will use the app?

Target users include Foreign Service Officers and Foreign Commercial Service Officers and their energy sector stakeholders in international markets. The app will enable users to easily demonstrate U.S. clean energy and energy efficiency solutions available in foreign markets and provide a tool to facilitate commercial partnerships that drive the deployment of U.S. technologies and services globally. Through the app, a global audience, as well as the American public, will be invited to learn more about environmental diplomacy efforts overseas, and the innovative U.S. companies powering them.

Disclaimer

The information submitted to the directory and displayed on the app is intended to inform users about U.S. clean energy and energy efficiency solutions. All U.S.-based businesses in these industries that meet the criteria requested in the online form will be eligible for the directory and app. The Interagency Team will perform due diligence on submissions to the Directory and expects that submitting parties will perform their own due diligence, investigation, and background research before entering into a commercial relationship with any listed business or business contact facilitated through the product. A listing in the directory does not constitute endorsement of the business or its products, services or technology by the Interagency Team. The Interagency Team assumes no responsibility or liability for the actions users may take based on the information provided and reserves the right not to list any particular business.

ADDRESSES: To provide information for use in the app, send an email to reee@trade.gov by no later than December 31, 2015.

FOR FURTHER INFORMATION CONTACT: Helaina Matza, Office of Innovation and

Eco-Diplomacy, United States Department of State; 202.647.0716; sustainability@state.gov; or Andrew Bennett, Office of Energy and Environmental Industries, United States Department of Commerce; 202-482-5235; reee@trade.gov.

Dated: October 2, 2015.

Edward A. O'Malley,

Director, Office of Energy and Environmental Industries.

BILLING CODE 3510-DR-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Transshipment Requirements under the Western and Central Pacific Fisheries Convention (WCPFC).

OMB Control Number: 0648-0649.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 214.

Average Hours per Response: Transshipment report, 1 hour; High Seas Transshipment or Emergency Transshipment and Notice of Entry or Exit for Eastern Special Management Area, 15 minutes each; Purse Seine Discard Report, 30 minutes; Daily Fish Aggregating Device Report, 10 minutes; Pre-trip Notification for Observer Placement, 1 minute.

Burden Hours: 2,350.

Needs and Uses: This request is for an extension of a currently approved information collection.

National Marine Fisheries Service (NMFS) has issued regulations under authority of the Western and Central Pacific Fisheries Convention Implementation Act (WCPFCIA; 16 U.S.C. 6901 *et seq.*) to carry out the obligations of the United States under the Convention on the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (Commission). The regulations include requirements for the owners and operators of U.S. vessels to: (1) Complete and submit a Pacific

Transshipment Declaration form for each transshipment that takes place in the Convention Area of highly migratory species caught in the Convention Area, (2) submit notice to the WCPFC Executive Director containing specific information at least 36 hours prior to each transshipment on the high seas in the Convention Area, (3) in the event that a vessel anticipates a transshipment where an observer is required, provide notice to NMFS at least 72 hours before leaving port of the need for an observer, (4) submit a notice to the WCPFC Executive Director containing specific information six hours prior to entry or exit of the Eastern High Seas Special Management Area, (5) complete and submit a U.S. Purse Seine Discard form within 48 hours after any discard, and (6) submit a FAD Report within 24 hours at the end of each day that the vessel is on a fishing trip in the Convention Area.

The information collected from these requirements is used by NOAA and the Commission to help ensure compliance with domestic laws and the Commission's conservation and management measures, and are necessary in order for the United States to satisfy its obligations under the Convention.

Affected Public: Business or other for-profit institutions; individuals or households.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: October 26, 2015.

Sarah Brabson,

NOAA PRA Clearance Officer.
