Under Section 8 of the Railroad Unemployment Insurance Act (RUIA), as amended by the Railroad Unemployment Improvement Act of 1988 (Pub. L. 100-647), the RRB determines the amount of an employer's contribution, primarily on the basis of the RUIA benefits paid, both unemployment and sickness, to the employees of the railroad employer. These experienced-based contributions take into account the frequency, volume, and duration of the employees' unemployment and sickness benefits. Each employer's contribution rate

includes a component for administrative expenses as well as a component to cover costs shared by all employers. The regulations prescribing the manner and conditions for remitting the contributions and for adjusting overpayments or underpayments of contributions are contained in 20 CFR 345.

RRB Form DC-1, Employer's Quarterly Report of Contributions under the Railroad Unemployment Insurance Act, is used by railroad employers to report and remit their quarterly contributions to the RRB. Employers can use either the manual version of the form or its Internet equivalent. One response is requested quarterly of each respondent and completion is mandatory.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (80 FR 41099 on July 14, 2015) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76262; File No. SR-CHX-2015-05]

Self-Regulatory Organizations; Chicago Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Unify Procedures for the Handling of Resting Orders in a Security Subject to a Trading Halt, Pause or Suspension on the Exchange

October 26, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on October 19, 2015, the Chicago Stock Exchange, Inc. ("CHX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

¹ 15 U.S.C. 78s(b)(1).
² 17 CFR 240.19b-4.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CHX proposes to amend CHX Rules to unify procedures for the handling of resting orders in a security subject to a trading halt, pause or suspension on the Exchange. CHX has designated this proposed rule change as non-controversial pursuant to Section 19(b)(3)(A)³ of the Act and Rule 19b-4(f)(6)⁴ thereunder and has provided the Commission with the notice required by Rule 19b-4(f)(6)(iii).⁵ The text of this proposed rule change is available on the Exchange's Web site at (www.chx.com) and in the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for the proposed rule changes and discussed any comments it received on the

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend CHX Rules to unify procedures for the handling of resting orders in a security subject to a trading halt, pause or suspension on the Exchange.⁶ Specifically, the Exchange proposes to apply the current procedures for the handling of resting orders in a security subject to a Limit Up-Limit Down ("LULD") trading pause⁷ to all trading halts on the Exchange ("proposed unification").

Currently, upon initiation of any trading halt, pause or suspension in a security on the Exchange, the Exchange will take the following actions:

- Stop all trading in the security;
- Cancel all resting orders marked Cancel On Halt, as defined under Article 1, Rule 2(b)(1)(B); and
- Reject all incoming orders; provided valid incoming Sub-second Non-displayed Auction Process Auction Only Orders ("SNAP AOOs"), as defined under Article 1, Rule 2(h)(3),⁸ not marked Cancel On Halt received during a trading halt on the Exchange will be placed in the SNAP AOO Queue, pursuant to Article 18, Rule 1(c)(4),⁹ and not cancelled.¹⁰

However, the Exchange handles resting orders in a security subject to a trading halt, pause or suspension on the Exchange differently depending on whether trading is stopped due to a LULD trading pause. In the case of a LULD trading pause, the Exchange will cancel *all* resting orders in the subject security, except that SNAP AOOs not marked Cancel On Halt will be placed or remain in the SNAP AOO Queue and

not cancelled.¹¹ However, for all other trading halts, pauses or suspensions, the Exchange will maintain the resting orders in the subject security, except that orders marked Cancel On Halt will be cancelled.¹²

Upon the initiation of any trading halt, pause or suspension in a security on the Exchange, the Exchange now proposes to cancel all resting orders in the security, while maintaining the current exception for SNAP AOOs not marked Cancel On Halt. To this end, the Exchange proposes various amendments to CHX Rules, as described below.

Initially, as a global amendment, the Exchange proposes to replace certain references throughout CHX Rules to trading halts, suspensions and/or pauses, or some combination thereof, with the more uniform "trading halts, suspensions or pauses." The Exchange believes that this consistency will promote clarity of CHX Rules. Specifically, the Exchange proposes to make such amendments to Article 1, Rule 2(b)(1)(B); Article 18, Rule 1(b)(3); Article 20, Rule 1(b) and (d);¹³ and paragraph .02 of Article 20, Rule 1.

Amended paragraph .02 of Article 20, Rule 1

Current paragraph .02 of Article 20, Rule 1 provides as follows:

If trading in one or more issues is suspended or halted, which requires the Exchange to suspend trading in the issue, other than a LULD Trading Pause, all orders in those issues shall remain in the Matching System unless they are cancelled by the Participant that submitted the order. The Matching System shall not accept any orders, or any changes to orders (other than cancellations), in those issues during a trading suspension or halt, subject to Article 18, Rule 1(c). Immediately after the trading halt or suspension has ended, the Matching System shall begin accepting orders and shall match them as provided in Rule 8(d), below.

The Exchange now proposes to amend paragraph .02 to contemplate the proposed unification. The Exchange also proposes to clarify that "resting"

orders shall be cancelled and that the amended rule applies to trading halts, pauses and suspensions "on the Exchange," which obviates current language providing that the rule applies to trading halts that require the Exchange to suspend trading in the issue. As such, amended paragraph .02 provides as follows:

If trading in one or more issues is halted, paused or suspended on the Exchange, all resting orders in those issues shall be cancelled from the Matching System, subject to Article 18, Rule 1(c). The Matching System shall not accept any orders in those issues during a trading halt, pause or suspension, subject to Article 18, Rule 1(c). Immediately after the trading halt, pause or suspension has ended, the Matching System shall begin accepting orders and shall match them as provided in Rule 8(d), below.

Amended Article 1, Rule 2(b)(1)(B) (Cancel On Halt)

Current Article 1, Rule 2(b)(1)(B) defines "Cancel On Halt" as follows:

A limit order modifier that requires an order to be automatically cancelled by the Matching System if a trading halt or suspension is declared in that security.

The Exchange now proposes to amend the definition to clarify that orders marked Cancel On Halt will be cancelled if a trading halt, pause or suspension is declared in the security "on the Exchange," as certain operational halts declared by away markets may not require the Exchange to suspend trading in the security. Moreover, since the Exchange proposes to cancel all resting orders, except for SNAP AOOs, during a trading halt, pause or suspension, the Exchange proposes to adopt additional language that provides that all limit orders, except for SNAP AOOs, as defined under Article 1, Rule 2(h)(3), shall be deemed to have been received Cancel On Halt, which cannot be overridden by an order sender. The Exchange submits that this is appropriate because the current rules require SNAP AOOs to be placed in, or remain on, the SNAP AOO Queue during a trading halt, pause or suspension and, thus, such queued SNAP AOOs would already be inactive and removed from the SNAP CHX book, without the need for cancellations.¹⁴ As such, amended Rule 2(b)(1)(B) provides as follows:

"Cancel On Halt": a limit order modifier that requires an order to be automatically cancelled by the Matching System if a trading halt, pause or suspension is declared in that security by the Exchange.

⁶ The Exchange may initiate a trading halt, pause or suspension for various reasons, including, but not limited to, technical issues with the Matching System or in response to a regulatory halt initiated by the primary listing market.

⁷ See CHX Article 20, Rule 2A(c).

⁸ CHX Article 1, Rule 2(h)(3) is effective, but not yet operative. See *infra* note 10.

⁹ CHX Article 20, Rule 8(b)(2)(A) is effective, but not yet operative. See *infra* note 10.

¹⁰ The proposed rule change to adopt SNAP was recently approved, but is not yet operative. See Securities Exchange Act Release No. 76087 (October 6, 2015), 80 FR 61540 (October 13, 2015).

¹¹ See CHX Article 20, Rule 2A(c); see also CHX Article 18, Rule 1(c) (which is effective, but not yet operative); see also *supra* note 10.

¹² See paragraph .02 of CHX Article 20, Rule 1.

¹³ Incidentally, the Exchange proposes to amend CHX Article 20, Rule 1(b) to replace reference to "Rules 1(d) and (2)" with "CHX Rules" generally, as trading halts, pauses or suspensions may be effected on the Exchange pursuant to various CHX Rules, including, but not limited to, Article 20, Rules 1(d) and (2). Similarly, the Exchange proposes to amend CHX Article 20, Rule 1(d) to provide that trading may also be halted, paused or suspended on the Exchange, and resumed thereafter, pursuant to other CHX Rules. Specifically, trading halts, pauses or suspensions may be declared and lifted pursuant to the following CHX Rules: Article 20, Rules 1(d), 2, 2A and 10; and Article 22, Rule 6.

¹⁴ See CHX Article 18, Rule 1(c)(2) (which is effective, but not yet operative); see also *supra* note 10.

All limit orders, except for SNAP AOOs, as defined under paragraph (h)(3), shall be deemed to have been received Cancel On Halt, which cannot be overridden by an order sender.

Amended Article 18, Rule 1(c) (Halt or Pause During the SNAP Cycle)

Current Article 18, Rule 1(c)(1) details the actions that would be taken if a trading halt is initiated on the Exchange during a SNAP Cycle.¹⁵ With respect to the handling of orders resting on the SNAP CHX book, current Rule 1(c)(1) substantively tracks current paragraphs .02 of Article 20, Rule 1 for trading halts, pauses and suspensions that are not LULD trading pauses and Article 20, Rule 2A(c) for LULD trading pauses.¹⁶ The Exchange now proposes to amend Rule 1(c)(1) to eliminate that distinction. As such, amended Rule 1(c)(1) provides as follows:

SNAP CHX book

(A) During stages one or two. If the market snapshot taken pursuant to paragraph (b)(2)(E) or (F) indicates that a material halt, pause or suspension is in effect, the SNAP Cycle shall be aborted and not proceed to stage three or stage five, as applicable. The Exchange shall then cancel all orders resting on the SNAP CHX book, subject to paragraph (c)(2) below.

(B) During stages three or four. If the market snapshot taken pursuant to paragraph (b)(3)(B) or (b)(4)(B) indicates that a material halt, pause or suspension is in effect for the subject security, the SNAP Cycle shall be aborted and not proceed to stage five. The Exchange shall then cancel the unexecuted remainders of all orders resting on the SNAP CHX book, subject to paragraph (c)(2) below.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act¹⁷ in that it would further enable the Exchange to be so organized as to have the capacity to be able to carry out the purposes of the Act and to comply, and to enforce compliance by its Participants and persons associated with its Participants, with the provisions of the Act, the rules and regulations thereunder, and the rules of the Exchange, in furtherance of the objectives of Section 6(b)(1),¹⁸ and it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transaction in securities, to remove impediments to, and perfect the mechanisms of, a free and open market

and, in general, by protecting investors and the public interest, in furtherance of the objectives of Section 6(b)(5).¹⁹

Specifically, the Exchange believes that the proposed unification of the Exchange's procedures regarding resting orders in a security subject to a trading halt, pause or suspension on the Exchange will simplify the Exchange's operational procedures, which will remove impediments to, and perfect the mechanisms of, a free and open market, in furtherance of the objectives of Section 6(b)(5). Moreover, the Exchange believes that the proposed unification and other clarifying amendments, will simplify CHX Rules, which will further enable the Exchange to be so organized as to have the capacity to be able to carry out the purposes of the Act and to comply, and to enforce compliance by its Participants and persons associated with its Participants, with the provisions of the Act, the rules and regulations thereunder, and the rules of the Exchange, in furtherance of the objectives of Section 6(b)(1).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange believes that the proposed rule change does not implicate any competitive issues as it is intended to simplify and clarify CHX operational procedures with respect to trading halts, pauses and suspensions.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act²⁰ and Rule 19b-4(f)(6) thereunder.²¹

The Exchange has requested that the Commission waive the requirement that the rule change, by its terms, not become operative for 30 days after the date of the filing as set forth in Rule 19b-4(f)(6)(iii),²² so that the proposal may become immediately operative upon filing. The Exchange anticipates its recently approved SNAP functionality will become operative during the thirty day pre-operative waiting period for this filing.²³ The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because it eliminates a source of potential for confusion regarding the Exchange's rules governing SNAP-related trading halt, pause and suspension procedures. Therefore, the Commission hereby waives the thirty-day operative delay and designates the proposal effective upon filing.²⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76277; File No. SR-NYSE-2015-48]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing of Proposed Rule Change Deleting Rule 410B Governing Reporting Requirements for Off-Exchange Transactions

October 27, 2015.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on October

16, 2015, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to delete Rule 410B governing reporting requirements for off-Exchange transactions. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to delete Rule 410B, which sets forth certain regulatory reporting requirements for member or member organizations effecting off-Exchange transactions in Exchange listed securities that are not reported to the Consolidated Tape, and to make conforming amendments to Rule 9217 to delete a reference to Rule 410B.

Background

Rule 410B

Currently, Rule 410B requires members or member organizations to report to the Exchange transactions in NYSE-listed securities effected for the account of a member or member organization, or for the account of a customer of a member or member organization, that are not reported to the Consolidated Tape. Reports prepared

pursuant to the Rule must contain the following information:

- Time and date of the transaction;
- stock symbol of the listed security;
- number of shares;
- price;
- marketplace where the transaction was executed;
- an indication whether the transaction was a buy (B), sell (S) or cross (C);
- an indication whether the transaction was executed as principal or agent; and
- the name of the contra-side broker-dealer to the trade.⁴

Rule 410B was adopted in 1992. At the time, transactions in NYSE-listed stocks effected outside of business hours or in foreign markets were not reported to the Consolidated Tape and, with the exception of program trading information, were not reported to the Exchange. The Exchange (then the New York Stock Exchange, Inc.) believed that "all transactions in NYSE-listed stocks that are not reported to the Consolidated Tape should be reported to the Exchange in order to provide an accurate record of overall trading activity in NYSE-listed stocks."⁵ The Rule 410B reporting requirement would thus "augment and enhance" the Exchange's ability to "surveil for and investigate, among other matters, insider trading, frontrunning and manipulative activities" and "provide a more complete audit trail and depiction of member trading in each NYSE-listed stock, which should facilitate surveillance by the Exchange in NYSE-listed stocks."⁶

Despite the significant changes to the marketplace and the regulatory landscape in the ensuing decades, Rule 410B has not been substantively amended since it was adopted.⁷

Changes to Regulatory Landscape

On July 30, 2007, the NASD, NYSE, and NYSE Regulation, Inc. ("NYSE Regulation") consolidated their member firm regulation operations to create the Financial Industry Regulatory Authority, Inc. ("FINRA"), and entered into a plan to allocate to FINRA regulatory responsibility for common rules and common members ("17d-2
