ACTION: Correcting amendments.

SUMMARY: The Office of Management and Budget (OMB) is correcting the final guidance that appeared in the Federal Register on July 22, 2015 (80 FR 43301). OMB is amending the guidance to make necessary corrections where necessary. The final guidance is revised to reflect that due to the 14 day delay of the publicly available information entered into the OMB-designated integrity and performance system accessible through SAM when conducting their risk review. The first set of corrections was published in the Federal Register on July 30, 2015 (80 FR 45395) to advance the effective date to July 30, 2015 and reflect that the applicability date is January 1, 2016. This set of corrections reflects that Federal awarding agencies should check the non-public segment of the OMB-designated integrity and performance system accessible through SAM when conducting their risk review. This is the second set of corrections.
