

Background and Purpose

A Certificate of Alternative Compliance, as allowed for under 33 U.S.C. 1605 (c) and 33 CFR 81.18, has been issued for the M/V LEIGH ANN MORAN. The vessel's primary purpose is a to push a barge that will operate on mainly in the Gulf of Mexico. The unique design of the vessel did not lend itself to full compliance with Annex I of the Inland Rules Act.

The Commandant, U.S. Coast Guard, certifies that full compliance with the Inland Rules Act would interfere with the special functions/intent of the vessel and would not significantly enhance the safety of the vessel's operation. Placing the sidelights in the required position would interfere with the standard tug operations of the vessel.

The Certificate of Alternative Compliance authorizes the M/V LEIGH ANN MORAN to deviate from the requirements set forth in Annex I of the Inland Rules Act, and install the sidelights as shown on the JENSEN Naval Architects and Marine Engineers "NAV MAST STRUCT & LIGHT ARGMT" Drawing No. 170-01, Rev A, dated October 30, 2014.

This notice is issued under authority of 33 U.S.C. 1605(c), and 33 CFR 81.18.

Dated: October 20, 2015.

P.D.J. Arnett,

Captain, U.S. Coast Guard, Chief, Prevention Division, By Direction.
