

The Department's affirmative finding in the *Final Circumvention Determination* applied solely to Deacero.

Deacero challenged the Department's ruling in the *Final Circumvention Determination* and on December 22, 2014, the Court of International Trade (CIT) entered its final judgement in *Deacero III*,⁷ sustaining the Department's negative circumvention determination from the First Remand Redetermination in which the Department, under protest, found that Deacero's shipments of narrow gauge wire rod to the United States were not subject antidumping duties.⁸ The Department is appealing the CIT's decision at the Federal Circuit. Consistent with the CIT's holding and *Wire Rod Timken Notice*,⁹ the Department instructed CBP to set the cash deposit rate for narrow gauge wire rod shipped to the United States by Deacero to zero, pending a final and conclusive court decision. Additionally, we instructed CBP to refund any antidumping duties deposited for narrow gauge wire rod shipped to the United States by Deacero that entered from January 1, 2015, through the publication date of the *Wire Rod Timken Notice* (July 27, 2015) and, for such entries, to continue to suspend Deacero's narrow gauge wire rod at a zero cash deposit rate.¹⁰

During the POR of the instant review, Deacero shipped narrow gauge wire rod as well as wire rod with actual diameters greater than 5.00 mm. In light of the CIT's holding in *Deacero III* and our statement in *Wire Rod Timken Notice* that Deacero's narrow gauge wire rod is excluded from antidumping duties,¹¹ we have, for purposes of these preliminary results, removed narrow gauge wire rod from Deacero's dumping calculations. Per the Court's holding in *Deacero III*, the preliminary cash deposit rate for Deacero, as listed above, only applies with regard its entries of wire with an actual diameter that is

greater than 5.00 and less than or equal to 19.00 mm. The cash deposit rate listed above for Deacero does not apply to its entries of narrow gauge wire rod.

Disclosure and Public Comment

The Department intends to disclose to interested parties to this proceeding the calculations performed in connection with these preliminary results within five days after the date of publication of this notice.¹² Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit case briefs not later than 30 days after the date of publication of this notice. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and date to be determined. Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 30, 2015.

Assistant Secretary for Enforcement and Compliance.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On May 7, 2015, the Department of Commerce (Department) published the preliminary results of the administrative review of the antidumping duty (AD) order on drawn stainless steel sinks (drawn sinks) from the People's Republic of China (PRC).¹ The review covers seven producers/exporters of the subject merchandise, including the following mandatory respondents: Guangdong Dongyuan

Kitchenware Industrial Co., Ltd. (Dongyuan) and Guangdong Yingao Kitchen Utensils Co., Ltd. (Yingao). The period of review (POR) is October 4, 2012, through March 31, 2014. We provided interested parties an opportunity to comment on the *Preliminary Results*. After reviewing the comments received and making corrections to the margin calculations, where appropriate, we continue to find that Dongyuan and Yingao both made sales of subject merchandise to the United States at prices below normal value (NV) during the POR. The final dumping margins are listed below in the section entitled "Final Results of the Review."

DATES: *Effective date:* November 10, 2015.
