I. Summary

The Department of Commerce, International Trade Administration, has preliminarily determined that certain steel wire garment hangers exported from the People’s Republic of China (PRC) are sold at less than fair value (LTFV) in the United States. Accordingly, the PRC-wide cash deposit rate will continue to be 3.76 percent. This preliminary determination, coupled with the Department’s countervailing duty determination in the companion countervailing duty investigation,1 establishes final duties of 6.36 percent for the company-specific rate (CSR) respondents, 3.76 percent for the PRC-wide rate, and zero percent for the non-PRC respondent (non-PRCNR) companies.

II. Issues

We invited parties to comment on the Preliminary Results. Based on our analysis of the comments and information received, we made no changes to the final margin calculations of Shanghai Wells Hanger Co., Ltd. (Shanghai Wells).2 We continue to find Ningbo Dasheng Hanger Industry Co., Ltd. (Ningbo Dasheng) is not eligible for separate rate status and, therefore, is part of the PRC-wide entity. Listed below in the “Final Results of the Administrative Review” section of this notice are the final dumping margins. The period of review (“POR”) is October 1, 2013, through September 30, 2014.

III. Background

A. Scope of the Order

The Department published the Final Results of Antidumping Duty Administrative Review, 2013–2014, on September 9, 2015. On September 9, 2015, the Department held a public hearing where counsel for Petitioner, U.S. Distributors, and Aristocrat, presented issues raised in their case and rebuttal briefs. Scope of the Review

The merchandise that is subject to the order is steel wire garment hangers. The products subject to the order are currently classified under U.S. Harmonized Tariff Schedule (‘‘HTSUS’’) subheadings 7326.20.0020, 7323.99.0906, and 7323.99.0800. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise remains dispositive. A full description of the scope of the order is contained in the Issues and Decision Memorandum,4 which is hereby adopted by this notice.

B. Facts Under Review

1. Background on previous reviews

The Department previously found that Shanghai Wells Hanger Co., Ltd., Hong Kong Wells Ltd. (HK Wells) and Hong Kong Wells Ltd. U.S.A. (Wells USA) are affiliated and that Shanghai Wells Hanger Co., Ltd. and HK Wells comprise a single entity (collectively, “Shanghai Wells”). Because there were no changes in this review to the facts that supported that decision, we continue to find Shanghai Wells, HK Wells, and USA Wells are affiliated and that Shanghai Wells and HK Wells comprise a single entity. See Light-Walled Rectangular Pipe and Tube from Mexico, the People’s Republic of China, and the Republic of Korea: Antidumping Duty Orders: Light-Walled Rectangular Pipe and Tube from the Republic of Korea: Notice of Amended Final Determination of Sales at Less Than Fair Value, 73 FR 45403, 45404 (August 5, 2008).
Analysis of Comments Received

All issues raised in the case and rebuttal briefs by interested parties in this review are addressed in the Issues and Decision Memorandum. A list of the issues which parties raised is attached to this notice as an Appendix. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“ACCESS”). ACCESS is available to registered users at http://access.trade.gov and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at http://www.trade.gov/enforcement/. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

PRC-Wide Entity

Shaoxing Dingli and the Shaoxing Entity failed to respond to the Department’s requests for information. These companies, therefore, are not eligible for separate rate status. Additionally, Ningbo Dasheng failed to adequately respond to all parts of the questionnaire, and therefore, is also not eligible for a separate rate.

Accordingly, the Department finds that the PRC-wide entity includes these companies.

Final Results of the Administrative Review

Regarding the administrative review, the following weighted-average dumping margins exist for the period October 1, 2013, through September 30, 2014:

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

Where the respondent reported reliable entered values, we calculated importer-(or customer-) specific ad valorem rates by aggregating the dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer). Where the Department calculated a weighted-average dumping margin by dividing the total amount of dumping for reviewed sales to that party by the total sales quantity associated with those transactions, the Department will direct CBP to assess importer-specific assessment rates based on the resulting per-unit rates. Where an importer-(or customer-) specific ad valorem or per-unit rate is greater than de minimis, the Department will instruct CBP to collect the appropriate duties at the time of liquidation. Where an importer-(or customer-) specific ad valorem or per-unit rate is zero or de minimis, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties. The Department announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, if the Department determines that an exporter had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s rate) will be liquidated at the PRC-wide rate.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For the companies listed above, the cash deposit rate will be established in the final results of these reviews (except, if the rate is zero or de minimis, then zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 187.25 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(b)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. We request a timely written notification of the return or destruction
of APO materials, or conversion to judicial protective order. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: November 5, 2015.

Paul Piquado,
Assistant Secretary for Enforcement and Compliance.

Appendix—Issues and Decision Memorandum

List of Topics Discussed in the Final Decision Memorandum

SUPPLEMENTARY INFORMATION:

Background

The review covers one producer/exporter of the subject merchandise, Golden Dragon. On August 10, 2015, the Department published in the Federal Register the preliminary results of the administrative review of the antidumping duty order on seamless refined copper pipe and tube from Mexico. We invited parties to comment on the preliminary results of the review. No interested party submitted comments. The Department conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is seamless refined copper pipe and tube. The product is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7407.10.1500, 7419.99.5050, 8415.90.8065, and 8415.90.8085. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description, available in the Preliminary Decision Memorandum, remains dispositive.

Final Results of the Review

We determine that a weighted-average dumping margin of 0.00 percent exists for entries of subject merchandise that were produced and/or exported by GD Affiliates S. de R.L. de C.V. and that entered, or were withdrawn from warehouse, for consumption during the POR.

Assessment Rates

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. Pursuant to the Final Modification for Reviews, because the weighted-average dumping margins for Golden Dragon are zero, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by Golden Dragon for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

The Department intends to issue assessment instructions to CBP 41 days after the date of publication of these final results of review, pursuant to 19 CFR 356.8(a).

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of these final results for all shipments of seamless refined copper pipe and tube from Mexico entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Golden Dragon will be 0.00 percent, the weighted average dumping margin established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the

DEPARTMENT OF COMMERCE

International Trade Administration
