

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Dated: November 4, 2015.

### Federal Energy Regulatory Commission

[Docket No. ER16-161-000]

#### New-Indy Oxnard LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding New-Indy Oxnard LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice

and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is November 24, 2015.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for electronic review in the Commission's Public Reference Room in Washington, DC. ## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket Nos. CP15-115-001; CP15-115-000]

#### National Fuel Gas Supply Corporation Empire Pipeline, Inc.; Notice of Amendment to Application

Take notice that on November 2, 2015, National Fuel Gas Supply Corporation (National Fuel) and Empire Pipeline, Inc. (Empire), 6363 Main

Street, Williamsville, New York 14221, filed an amendment to their application in Docket Number CP15-115-000, pursuant to sections 7(b) and 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations, for a certificate of public convenience and necessity to construct and operate the Northern Access 2016 Project (the "Project"), and authorization to abandon and acquire certain related facilities. The Project will be located in McKean County, Pennsylvania and Allegheny, Cattaraugus, Erie and Niagara Counties, New York. The filing may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Kenneth E. Webster, Attorney for National Fuel and Empire, 6363 Main Street, Williamsville, New York 14221, or call at (716) 857-7067.

Specifically, National Fuel requests authorization: (i) To construct 96.49 miles of 24-inch diameter pipeline; (ii) to add 5,350 horsepower (hp) of compression at the Porterville, New York compressor station; (iii) to construct an interconnect meter and regulation (M&R) station with Tennessee Gas Pipeline Company, L.L.C.'s 200 Line; (iv) to construct an M&R station and tie-in in Hinsdale, New York; (v) to construct an interconnection with NFG Midstream Clermont, L.L.C.; (vi) to construct a new tie-in; (vii) to construct a pressure reduction station; (viii) to abandon, via sale to Empire, 1.08 miles of National Fuel's existing Line XM-10 pipeline and certain other existing facilities; (ix) to charge an initial incremental firm recourse rate for the Project; and (x) for a limited waiver of General Terms and Conditions Section 31.1 of National Fuel's tariff to permit the Project's Foundation Shipper to shift its primary delivery point for a portion of the Project's incremental capacity more than ninety days after its initial request. National Fuel proposes to provide 497,000 dekatherms per day of new firm natural gas transportation capacity.

Empire requests authorization to: (i) Construct a new 22,214 hp compressor station in Pendleton, New York; (ii) construct and operate approximately 0.90 miles of 16-inch pipeline; (iii) construct and operate approximately 1.17 miles of 24-inch pipeline; (iv) construct a new dehydration facility; (v)

construct two new tie-ins; and (vi) acquire from National Fuel the aforementioned 1.08 miles of Line XM-10. Empire proposes to provide 350,000 dekatherms per day of new firm natural gas transportation capacity.

National Fuel and Empire request authorization to abandon their jointly owned meter station along Line XM-10 in Pendleton, New York. The total cost of the Project would be approximately \$376,670,388 (National Fuel) and \$78,710,359 (Empire).

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 5 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of

comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Motions to intervene, protests and comments may be filed electronically via the internet in lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

*Comment Date:* 5:00 p.m. Eastern Time on November 25, 2015.

Dated: November 4, 2015.

**Nathaniel J. Davis, Sr.,**

*Deputy Secretary.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP15-537-000]

#### DBM Pipeline, LLC; Notice of Withdrawal of Staff Protest to Proposed Blanket Certificate Activity

Commission staff (Protestor) hereby withdraws its Protest to the Proposed Blanket Certificate Activity filed in the above-referenced proceeding on October 2, 2015.

In its prior notice request filed on July 27, 2015 (in Docket No. CP15-537-000) and noticed on August 6, 2015,<sup>1</sup> DBM Pipeline, LLC (DBM Pipeline) proposed to construct and operate approximately 9 miles of 20-inch-diameter pipeline in Reeves and Culberson Counties, Texas, and Eddy County, New Mexico (Project). Protestor protested the prior notice request filed under the provisions of Part 157, subpart F, of the Commission's regulations, because DBM Pipeline did not file in its application or supplemental filings, the Bureau of Land Management comments on the Project and did not provide adequate avoidance plans to have no effect on historic properties. In addition DBM Pipeline did not provide complete responses to the FERC Environmental Data Request dated September 23, 2015.

Protestor notes that on November 3, 2015, DBM Pipeline filed a data response with comments from the Texas and New Mexico State Historic Preservation Officers (SHPOs), dated June 23, 2015 and October 27, 2015 respectively, stating that the Project would either have no effect on or would avoid historic properties. DBM Pipeline also filed an avoidance plan for three cultural resources in New Mexico. Additionally, the BLM agreed with the avoidance plan and stated the Project would have no effect on historic properties in a letter dated November 2, 2015. FERC staff agrees with the Texas and New Mexico SHPOs and finds the avoidance plan acceptable. Finally, DBM Pipeline submitted complete responses to the FERC Environmental Data Request dated September 23, 2015.

Thus, Protestor's environmental concern has been satisfied. Accordingly, Protestor hereby withdraws its Protest to the Proposed Blanket Certificate Activity filed in the instant docket on October 2, 2015.

Dated: November 4, 2015.
