DEPARTMENT OF LABOR

Employment and Training Administration

Labor Certification Process for the Temporary Employment of Aliens in Agriculture in the United States: Adverse Effect Wage Rate for Range Occupations Through 2016

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Notice.

SUMMARY: The Employment and Training Administration (ETA) of the Department of Labor (Department) is issuing this notice to announce the new Adverse Effect Wage Rate (AEWR) for the employment of temporary or seasonal nonimmigrant foreign workers (H–2A workers) to perform herding or production of livestock on the range.

AEWRs are the minimum wage rates the Department has determined must be offered and paid by employers to H–2A workers and workers in corresponding employment so that the wages of similarly employed U.S. workers will not be adversely affected. 20 CFR 655.100(b). In this notice, the Department announces the new AEWR for workers engaged in the herding or production of livestock on the range, as required by the methodology established in the *Temporary Agricultural Employment of H–2A Foreign Workers in the Herding or Production of Livestock on the Range in the United States*, 80 FR 62958, 63067–63068 (Oct. 16, 2015); 20 CFR 655.211.

DATES: *Effective Date:* This notice is effective November 16, 2015.

FOR FURTHER INFORMATION CONTACT:

William W. Thompson, II, Acting Administrator, Office of Foreign Labor Certification, U.S. Department of Labor, Room C–4312, 200 Constitution Avenue NW., Washington, DC 20210.

Telephone: 202–693–3010 (this is not a toll-free number). Individuals with hearing or speech impairments may access the telephone number above via TTY by calling the toll-free Federal Information Relay Service at 1–800–877–8339.

SUPPLEMENTARY INFORMATION: On October 16, 2015, the Department published regulations in the **Federal Register** establishing standards and procedures for employers seeking to hire foreign temporary agricultural workers for occupations involving the herding and production of livestock on the range. *Temporary Agricultural Employment of H–2A Foreign Workers in the Herding or Production of Livestock on the Range in the United States*, 80 FR 62958 (Oct. 16, 2015) (H–2A Herder Rule). Effective for all work performed on or after November 16, 2015, including for work certified under earlier special procedures, the H–2A Herder Rule requires employers to offer, advertise in recruitment and pay each worker employed under 20 CFR 655.200–655.235 a wage that is at least the highest of: (i) The monthly AEWR, (ii) the agreed-upon collective bargaining wage, or (iii) the applicable minimum wage imposed by Federal or State law or judicial action. 20 CFR 655.211(a)(1). Further, when the monthly AEWR is adjusted during a work contract, and is higher than both the agreed-upon collective bargaining wage and the applicable minimum wage imposed by Federal or State law or judicial action in effect at the time the work is performed, the employer must pay that adjusted monthly AEWR upon publication by the Department in the **Federal Register**. 20 CFR 655.211(a)(2).

As provided in 20 CFR 655.211(c) of the H–2A Herder Rule, the methodology for establishing the monthly AEWR for range occupations in all states is based on the current Federal minimum wage (\$7.25/hour) multiplied by 48 hours per week, and then multiplied by 4.333 weeks per month. In applying the transition wage rate methodology set forth under 20 CFR 655.211(d)(1), the Department is setting the initial national monthly AEWR at 80 percent of the full wage calculated using the H–2A Herder Rule methodology. Thus, the national monthly AEWR rate for all range occupations in the H–2A program is calculated at $(7.25 \times 48 \times 4.333 \times .80 = 1,206.31)$ or \$1,206.31.¹

¹ Because less than two months remain in 2015, and the AEWR for workers engaged in the herding or production of livestock on the range announced in this notice applies through calendar year 2016 under 20 CFR 655.211(d), a separate notice will not be issued for 2016. Beginning with 2017, an updated AEWR will be published annually.

Accordingly, any employer certified or seeking certification for range workers must pay each worker a wage that is at least the highest of the monthly AEWR of \$1,206.31, the agreed-upon collective bargaining wage, or the applicable minimum wage imposed by Federal or State legislation or judicial action, effective immediately. Given the mid-month effective date of the new AEWR, the prorated amount due for employers obligated to pay the new AEWR for work performed for the portion of November following the effective date is \$603.15.

Portia Wu,

Assistant Secretary, Employment and Training Administration.

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Disclosures for Participant Directed Individual Account Plans information collection. Employee Retirement Income Security Act of 1974 (ERISA) section 404(c), 29 U.S.C. 1104(c), provides that, if an individual account pension plan permits a participant or beneficiary to exercise control over assets in his or her account and the participant or beneficiary in fact exercises such control (as determined under DOL regulations), the participant or beneficiary shall not be deemed to be a fiduciary by such exercise of control and no person otherwise a fiduciary to the plan shall be liable for any loss or breach that results solely from this exercise of control. Regulations 29 CFR 2550.404a–5 provides that, when a plan allocates investment responsibilities to participants or beneficiaries, the plan administrator must take action to ensure they are provided with sufficient information regarding the plan and its investment options, including fee and expense information, to make informed decisions with regard to the management of their individual accounts; therefore, the regulation requires a plan administrator to provide each participant or beneficiary with certain plan-related information and investment-related information. ERISA section 404 authorizes this information collection. See 29 U.S.C. 1104.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB

Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210–0090.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on November 30, 2015. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related rulemaking notice published in the **Federal Register** on March 19, 2015 (80 FR 14301).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**.
