Certain Steel Nails From Malaysia: Initiation of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* November 17, 2015

SUMMARY: In response to a request from Mid Continent Steel & Wire, Inc. (Petitioner), the Department of

Commerce (the Department) is initiating a changed circumstances review of the antidumping duty order on certain steel nails from Malaysia.

FOR FURTHER INFORMATION CONTACT:

Dena Crossland or Angelica Townshend, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3362 or (202) 482-3019, respectively.

SUPPLEMENTARY INFORMATION:

Background

As a result of the antidumping duty order issued following the completion of the less-than-fair-value investigation of certain steel nails (steel nails) from Malaysia, imports of steel nails from mandatory respondent Inmax Sdn. Bhd. (Inmax Sdn) became subject to a cash deposit rate of 39.35 percent.¹ During the investigation, the Department did not collapse Inmax Sdn with an affiliated company, Inmax Industries, since Inmax Industries was not operational during the period of investigation (*i.e.*, April 1, 2013, through March 31, 2014).² Accordingly, any sales made by companies other than the mandatory respondents Inmax Sdn, Region International Co. Ltd., Region Systems Sdn. Bhd., and Tag Fasteners Sdn. Bhd., were subject to the "all others" rate of 2.66 percent. On September 2, 2015, the Department received a request from Petitioner to initiate a changed circumstances review of the *Order* alleging that since the imposition of the *Order*, Inmax Sdn has been evading the cash deposit rates established in the investigation by shipping its production through Inmax Industries which enters merchandise under the lower, "all others" rate. On October 15, 2015, the Department received a letter from Inmax Sdn and Inmax Industries requesting that the Department deny Petitioner's request. On October 23, 2015, Petitioner submitted a letter in response to the

comments from Inmax Sdn and Inmax Industries' letter.

Scope of the Order

The product covered by this changed circumstances review is certain steel nails from Malaysia. For a full description of the scope of the order, *see* Appendix I to this notice.

Initiation of Changed Circumstances Review

Pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), the Department will conduct a changed circumstances review upon receipt of information concerning, or a request from an interested party of, an antidumping duty order which shows changed circumstances sufficient to warrant a review of the order. However, section 751(b)(4) of the Tariff Act of 1930 also provides that the administering authority may not conduct a changed circumstance review of an investigation determination within 24 months of the date of the investigation determination in the absence of "good cause." In its request for initiation, Petitioner provided information indicating that since the *Order*, there has been a change in the trading patterns and activities of Inmax Sdn and Inmax Industries. Petitioner asserts that the information provided demonstrates that the *Order* is being evaded. In accordance with 19 CFR 351.216(c), based on the information provided by Petitioner regarding new trading patterns and possible evasion of the *Order*, the Department finds that there is sufficient information and "good cause" to initiate a changed circumstances review. Therefore, we are initiating a changed circumstances administrative review pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(c) and (d) to determine whether action is necessary to maintain the integrity of the *Order*. The Department intends to publish in the **Federal Register** a notice of preliminary results of the antidumping duty changed circumstances review in accordance with 19 CFR 351.221(b)(4) and 351.221(c)(3)(i), which will set forth the Department's preliminary factual and legal conclusions. The Department will issue its final results of review in accordance with the time limits set forth in 19 CFR 351.216(e).

This notice is in accordance with section 751(b)(1) of the Act.
