the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL that details its scope of recognition. These pages are available from the Agency’s Web site at http://www.osha.gov/dts/otcpa/nrtl/index.html.

TUVRNA submitted an application, dated January 9, 2015 (OSHA–2007–0042–0013), to expand its recognition to include the addition of one recognized testing and certification sites located at: TUV Rheinland of North America, Inc., 1279 Quarry Lane, Pleasanton, CA 94566. OSHA staff performed a detailed analysis of the application and other pertinent information. OSHA staff also performed an on-site review of TUVRNAS Pleasanton, CA testing and certification facility on March 17, 2015, and recommended expansion of TUVRNAS recognition to include this one site.

OSHA published the preliminary notice announcing TUVRNAS expansion application in the Federal Register on August 10, 2015 (80 FR 47953). The Agency requested comments by August 25, 2015, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of TUVRNAS scope of recognition.

To obtain or review copies of all public documents pertaining to the TUVRNAS application, go to www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N–2625, Washington, DC 20210. Docket No. OSHA–2007–0042 contains all materials in the record concerning TUVRNAS recognition.

II. Final Decision and Order

OSHA staff examined TUVRNAS expansion application, conducted a detailed on-site assessment, and examined other pertinent information. Based on its review of this evidence, OSHA finds that TUVRNA meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitation and conditions listed below. OSHA, therefore, is proceeding with this final notice to grant TUVRNAS scope of recognition. OSHA limits the expansion of TUVRNAS recognition to include the site at TUV Rheinland of North America, Inc., 1279 Quarry Lane, Pleasanton, CA 94566 as listed above. OSHA’s recognition of this site limits TUVRNA to performing product testing and certifications only to the test standards for which the site has the proper capability and programs, and for test standards in TUVRNAS scope of recognition. This limitation is consistent with the recognition that OSHA grants to other NRTLs that operate multiple sites.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, TUVRNA also must abide by the following conditions of the recognition:

1. TUVRNA must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as an NRTL, and provide details of the change(s);

2. TUVRNA must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and

3. TUVRNA must continue to meet the requirements for recognition, including all previously published conditions on TUVRNAS scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the recognition of TUVRNA, subject to these limitations and conditions specified above.
