rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions, and to the extent applicable, derivative agreements, contracts and transactions and to comply with the provisions of the Act and the rules and regulations thereunder. ICC believes that the proposed rule changes are consistent with the requirements of the Act and the rules and regulations thereunder applicable to ICC, in particular, to Section 17(A)(b)(3)[F]. The proposed rule changes will facilitate the prompt and accurate clearance and settlement of securities transactions and derivative agreements, contracts, and transactions, as the proposed revisions accommodate industry changes regarding the reduction of the frequency for which SN CDS contracts roll to the new on-the-run contract. The proposed amendments to the End-of-Day Price Discovery Policies and Procedures will thus enable ICC to appropriately complete its end of day price discovery process in light of such industry changes. The completion of ICC’s end of day price discovery process allows ICC to provide reliable, market-driven prices for its CDS instruments. As such, the proposed changes are designed to promote the prompt and accurate clearance and settlement of securities transactions, derivative agreements, contracts, and transactions within the meaning of Section 17A(b)(0)(F) of the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

ICC does not believe the proposed rule changes would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes are designed to accommodate industry changes regarding the reduction of the frequency for which SN CDS contracts roll to the new on-the-run-contract, and will apply uniformly across all market participants. ICC is not changing the products or tenors of SN CDS offered, and does not believe that the amendments will adversely affect access to clearing or the cost of clearing for CPs or other market participants. Therefore, ICC does not believe the proposed rule changes impose any burden on competition that is inappropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)[A] of the Act and Rule 19b–4(f)(4)(i) thereof, as the amendments effect a change in an existing service of a registered clearing agency that does not adversely affect the safeguarding of securities or funds in the custody or control of the clearing agency or for which it is responsible and does not significantly affect the respective rights or obligations of the clearing agency or persons using the service, within the meaning of Rule 19b–4(f)(4)(i). At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

A. Background of the Proposed Rule Change

On June 14, 2010, the NYSE, NYSE Regulation and FINRA entered into a Regulatory Services Agreement ("RSA"), whereby FINRA was retained to perform the market surveillance and enforcement functions that had previously been performed by NYSE, Panel or Extended Hearing Panel, (ii) made a technical change to its rule text to harmonize its Exhibits 4 and 5, and (iii) amended proposed NYSE Rule 9310(a)(2) to provide that enforcement matters that had previously been performed by NYSE, ROC is the Board of.nyseroc.
Therefore, effective January 1, 2016, the Exchange would perform certain of the market surveillance, investigation and enforcement functions FINRA was retained to perform in 2010. According to the Exchange, the proposed changes to the disciplinary rules in the present filing are necessary to permit the Exchange to perform these functions.

**B. Proposal**

The Exchange proposes the following changes to facilitate the reintegration of certain regulatory functions from FINRA by providing that investigative and enforcement functions of the Exchange under the Rule 8000 and 9000 Series would be performed by personnel and departments reporting to the CRO of the Exchange or by FINRA personnel and departments. These changes would be operative on January 1, 2016.

1. Replacement of References to Exchange and FINRA Departments and Personnel With References to Enforcement and Regulatory Staff

NYSE Rule 9210 sets forth the definitions applicable to the disciplinary code. The Exchange proposes to add definitions of “Enforcement,” referring to any department reporting to the CRO of the Exchange with responsibility for investigating or imposing sanctions on a member organization or covered person, in addition to FINRA’s Departments of Enforcement and Market Regulation; and “Regulatory Staff,” referring to any officer or employee reporting, directly or indirectly, to the CRO of the Exchange, in addition to FINRA staff acting on behalf of the Exchange in connection with the Rule 8000 and 9000 Series. According to the Exchange, the proposed amendments would allow disciplinary actions to be investigated and prosecuted on the Exchange’s behalf by officers or employees reporting to the CRO beginning on January 1, 2016, while still enabling FINRA staff to continue to perform investigative and disciplinary activities that FINRA is authorized to perform on the Exchange’s behalf. Accordingly, the Exchange proposes to amend Rules 9120, 9131, 9146, 9211, 9212, 9213, 9215, 9216, 9251, 9253, 9264, 9269, 9270, 9551, 9552, 9554, 9556, 9810, 9820 and 9830 to replace references to Exchange and FINRA departments and personnel with references to the defined terms “Enforcement” and “Regulatory Staff.”

The Exchange further proposes to streamline the definition of “Interested Staff” (Rule 9120(u)) to eliminate references to Exchange and FINRA departments and staff, and provide that “Interested Staff” under any proceeding brought under the Code of Procedure (“Code”) means Regulatory Staff or staff who (i) report, directly or indirectly, to any Enforcement employee, or to the head of any department or office that issues a notice or decision or is designated as a Party under the Rule 9000 Series, (ii) directly participated in the authorization or initiation of a complaint or proceeding, (iii) directly participated in the proceeding, or (iv) directly participated in an examination, investigation, prosecution, or litigation related to a proceeding, as well as any person(s) who supervises such staff. Thus, according to the Exchange, as in the current definition, the new definition of “Interested Staff” in a particular matter encompasses supervisory personnel up to the most senior level, including the CRO, when staff reporting to such supervisory personnel directly participated in the matter.

2. Independence of the CRO and Staff in the Disciplinary Process

The Exchange proposes to amend Rules 8210 and 9110 to add rule text providing that in performing functions under the Code, as well as in performing the functions necessary to an investigation, developing a complaint, examination, or proceeding authorized by Exchange rules, the CRO and Regulatory Staff would function independently of the commercial interests of the Exchange and the commercial interests of the member organizations.

3. One Year Revolving Door Restriction and Prohibition on Serving as Expert Witness

The Exchange proposes to amend Rules 9141 and 9242 to prohibit former Regulatory Staff from appearing on behalf of any other person in a proceeding under the Rule 9000 Series and from providing expert testimony on behalf of any other person in a proceeding under the Rule 9000 Series within one year of termination of employment with the Exchange or FINRA, respectively. However, Regulatory Staff would be permitted to testify as a witness on behalf of the Exchange or FINRA.

4. Substitution of CRO for ODA in Rules 9211, 9216 and 9270

The Exchange proposes to amend Rules 9211, 9216 and 9270 to provide that the CRO would be responsible for (i) authorizing Enforcement to issue a complaint; (ii) accepting or rejecting AWC letters and minor rule violation plan letters; and (iii) accepting or rejecting uncontested offers of settlement before a hearing on the merits has begun, rather than FINRA’s ODA.

5. Call for Review Process

The Exchange proposes to amend Rules 9211, 9270 and 9310 to permit a Director and any member of the CFR to require a review by the Board of any AWC letter under Rule 9216 and any offer of settlement under Rule 9270. The Exchange also proposes to permit any party to request a review by the Board of any rejection by the CRO or Hearing Panel of an AWC letter or uncontested offer of settlement.
a. Call for Review of AWC Letters and Offers of Settlement

The Exchange proposes to add subparagraph (B)(i) to Rule 9310(a)(1), providing that any Director and any member of the CFR may require a review by the Board of any determination or penalty, or both, imposed in connection with an AWC letter under Rule 9216 or an offer of settlement determined to be uncontested before a hearing on the merits has begun under Rule 9270(f), except that none of those persons could request Board review of a determination or penalty concerning an Exchange member or member organization that is an affiliate of the Exchange. Under current Rule 9310(a)(1), the call for review process encompasses only determinations or penalties imposed by a Hearing Panel or Extended Hearing Panel, and thus is not available with respect to AWC letters and offers of settlement determined to be uncontested before a hearing on the merits has begun. The Exchange further proposes that a request for review would be made by filing with the Secretary of the Exchange a written request stating the basis and reasons for such review, within 25 days after an AWC letter or offer of settlement has been sent to each Director and each member of the CFR pursuant to Rule 9216(a)(4) or Rule 9270(f)(3).21 The Exchange proposes that the Secretary of the Exchange would give notice of any such request for review to the parties.

b. Call for Review of Rejected AWC Letters and Offers of Settlement

In addition to broadening the types of settlements with respect to which a Director or member of the CFR may require Board review, the Exchange proposes that any party could require a review by the Exchange Board of Directors of any rejection by the CRO of an AWC letter under Rule 9216 or an offer of settlement determined to be uncontested before a hearing on the merits has begun under Rule 9270(f), except that no party could request Board review of a rejection of an AWC letter or offer of settlement concerning an Exchange member or member organization that is an affiliate of the Exchange. Thus, while current Rule 9310(a)(1) permits parties to request Board review of a determination by a Hearing Panel or Extended Hearing Panel to reject an uncontested offer of settlement, the proposed rule change would also allow parties to request Board review of any rejection of an AWC letter or uncontested offer of settlement by the CRO. Under subparagraph (B)(ii) of proposed Rule 9310(a)(1), such a request for review would be made by filing with the Secretary of the Exchange a written request therefor, which states the basis and reasons for such review, within 25 days after notification pursuant to Rule 9216(a)(3) or Rule 9270(h) that an AWC letter or uncontested offer of settlement or order of acceptance is not accepted by the CRO. The Exchange proposes that the Secretary of the Exchange would give notice of any such request for review to the parties.

6. Miscellaneous Amendments to Rules 476, 8120, 9001, 9110, 9217, 9232, 9310 and 9810

The Exchange also proposes amending Rules 476, 8120, 9001, 9110, 9217, 9232, 9310 and 9810 to make certain technical changes and correct a typographical error in Exchange Rule 9217. Specifically, the Exchange proposes to (i) include a reference to the 8000 series in Rule 476(a) and Exchange Rule 9001, (ii) delete obsolete text in Rule 476 and 9110, (iii) cross-reference the term “Regulatory Staff” in Rule 8120, (iv) revise Rule 9232 to provide that the Board shall from time to time appoint a Hearing Board in lieu of the Chairman of the Board subject to the Board’s approval, (v) revise the title of Rule 9810(a) from “Department of Enforcement or Department of Regulation” to “Enforcement; Service and Filing of Notice,” and (vi) amend Rule 9310 to provide that none of the persons referenced in the Rule, i.e. Board Directors, members of the Committee for Review, and the parties, may request Board review of a decision concerning an Exchange member organization that is an affiliate. Under the current Rule, only the parties are prohibited from requesting Board review of a decision in such circumstances.

III. Discussion and Commission Findings

The Commission believes that the proposed rule change, as modified by Amendment Nos. 1, 3 and 5, is consistent with Section 6(b)(5) of the Act,22 and the rules and regulations thereunder applicable to a national securities exchange.23 Specifically, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,24 which requires among other things, that the Exchange’s rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. In addition, the Commission finds that the proposed rule change is consistent with Section 6(b)(7) of the Act,25 which requires in part, that the rules of the Exchange provide fair procedures for the disciplining of members and persons associated with members, the denial of membership to any person seeking membership therein, the barring of any person from becoming associated with a member thereof, and the prohibition or limitation by the Exchange of any person with respect to access to services offered by the Exchange or a member thereof.

The Commission believes that (i) eliminating specific references to FINRA departments and replacing them with “Enforcement,” which would include departments reporting to the CRO of the Exchange with responsibility for investigating or sanctioning member organizations or covered persons, as well as FINRA’s Departments of Enforcement and Market Regulation, and (ii) using the term “Regulatory Staff,” which would include both Exchange employees, including officers, reporting directly or indirectly to the CRO and FINRA staff acting on behalf of the Exchange in connection with the 8000 and 9000 series, should enable the Exchange to perform the functions described in the rules after it resumes certain regulatory functions next year. In addition, the proposed rule change would continue to allow FINRA to perform certain functions, such as cross-market surveillance and related investigation and enforcement activities, on behalf of the Exchange.26 According to the Exchange, the substance of the rules would remain unchanged.27

21 Conforming changes would be made to Rule 9216(a)(3) and (4) and Rule 9270(f)(1) and (g). Rule 9216(a)(3) would be further amended to provide that if an AWC letter is rejected by the CRO, the member organization or covered person who executed the letter would be notified in writing and the letter deemed withdrawn.

23 Specifically, the term “national securities exchange” is defined in Section 3(a)(56) of the Act, which provides in pertinent part that an exchange is so defined if it is registered under Section 6 of the Act and is subject to inspection by the Commission. See 15 U.S.C. 78c(56).

25 See supra note 3, at 51339. The Exchange is also proposing to streamline its definition of “Interested Staff” under proposed Rule 9120(i). While specific references to the heads of interested staff would be removed, the Exchange would consider the Exchange’s regulatory staff, the persons acting on behalf of the Exchange, and FINRA staff acting on behalf of the Exchange as “Interested Staff.”
The Commission also believes that making the CRO responsible for authorizing complaints and approving AWC letters, minor rule violation plan letters and offers of settlement determined to be uncontested prior to a hearing on the merits, in place of FINRA’s ODA is consistent with the Act. These changes are similar to the rules of other self-regulatory organizations. Moreover, as part of the proposed rule change, the Exchange proposes codifying the requirement that the CRO and Regulatory Staff function independently of the commercial interests of the Exchange and member organizations in performing their functions under the 8000 and 9000 series. These provisions recognize the importance of maintaining the integrity and independence of the disciplinary process and should help to ensure that the Exchange acts in an independent and impartial manner in performing its regulatory functions. The call for review process proposed in Rule 9310(a) should provide additional oversight of the AWC and settlement process and further help to ensure impartial results. These changes are consistent with the statutory requirement to provide a fair procedure for disciplining members.

The Commission also believes that it is consistent with the Act for the Exchange to have a rule prohibiting former Regulatory Staff from representing respondents and providing expert testimony in Exchange disciplinary matters within one year of termination of employment with either FINRA or the Exchange. These provisions are substantially similar to FINRA Rules 9141(c) and 9242(b), which the Exchange did not adopt in 2013 when the Exchange adopted its 8000 and 9000 series based on FINRA’s rules. At the time, the Exchange believed such provisions were unnecessary as its employees were not generally involved in the regulatory and disciplinary functions which were carried out by FINRA on behalf of the Exchange. As such, their appearance would not have created the same type of conflict of interest. Given that the Exchange now proposes to perform functions under the 8000 and 9000 series, in addition to FINRA, the Commission believes that it is appropriate for the Exchange to adopt similar provisions.

Finally, with respect to the Exchange’s proposed miscellaneous changes to Rules 476, 8120, 9001, 9110, 9217, 9232, 9310, the Commission notes that most of these changes, such as deleting obsolete text, correcting a typographical error, adding cross-references, and amending the title of a rule to better reflect the rule, are merely technical in nature. With respect to the Exchange’s proposed change to Rule 9232, which would require the Board to appoint a Hearing Board in lieu of the Chairman of the Board, subject to the Board’s approval, the Commission believes that as the Board is currently required to approve the appointment of the Hearing Board, it is unnecessary to require the Board to appoint the Hearing Board as an initial matter. Also, with respect to the Exchange’s proposed changes to Rule 9310(a), the Commission notes that some of the changes to this filing are necessary to reflect recently approved rule text. Moreover, the Exchange’s proposed change to prohibit any party, Director, or CFR member from appealing a determination made or penalties imposed by a Hearing Panel or Extended Hearing Panel under the 9200 series. Amendment No. 3 would allow a call for review in a broader array of contexts, including when a CRO accepts or rejects an AWC letter or an offer of settlement determined to be uncontested before a hearing on the merits has begun, unless the determination applies to an affiliate. The Commission notes that NYSE’s proposed call for review process is substantially similar to the current call for review process under Rule 9310(a)(1) and NYSE Rule 476(g) and therefore, does not raise any novel issues. Further, in Amendment No. 5, the Exchange merely clarified the application of the call for review process after the effective date of the proposed rules, if approved, and prior to the termination of the delegation agreement and confirmed that the Exchange would operate consistent with its rules in permitting calls for review during that time. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act, to allow the Commission to approve the proposed rule change as modified by the Exchange's proposed changes to Rules 9001, 9110, 9217, 9232, 9310, and 9311.

31 15 U.S.C. 78f(b)(6) and (7).
32 The Commission notes that the other changes made in Amendment No. 3 are merely technical changes to the Exchange’s rule text to incorporate changes recently approved in the NYSE ROC Filing, (i) reflect that the terms “Regulatory Staff” and “Exchange Staff” have the same meaning for purposes of the 8000 and 9000 series as defined in proposed Rule 9120(x), Regulatory Staff, and (iii) clarify that the transmission of the record of a disciplinary proceeding only applies to reviews of determinations made or penalties imposed by a Hearing Panel or Extended Hearing Panel as a hearing record would not exist under the circumstances provided for under Rule 9310(a)(1)(B).
approve the proposed rule change, as modified by Amendment Nos. 1, 3 and 5, on an accelerated basis.

V. Solicitation of Comments on Amendment Nos. 3 and 5

VI. Conclusion

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.39

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend the Fee Schedule in a number of different ways, effective November 2, 2015. Specifically, the Exchange proposes to increase certain Take Liquidity Fees charged; to introduce new posting credits; and to modify the Take Fee Discount Qualification, as described below.

Transaction Fees for Taking Liquidity in Penny Pilot Issues

The Exchange proposes to modify the fees paid by Market Makers, Lead Market Makers, Firms and Broker Dealers, and Professional Customers (collectively, “Non-Customers”) for Taking Liquidity in Penny Pilot Issues (“Take Fees”). Currently, Non-Customers pay Take Fees of $0.50 per contract for electronic executions. The Exchange proposes to raise that fee to $0.52 per contract, which is within the range of fees charged by competing option exchanges.4

Customer Monthly Posting Credit Tiers for Penny Pilot Issues

The Exchange is proposing to add a new tier to the Customer Monthly Posting Credit Tiers for Penny Pilot Issues (“Posting Credit Tiers,” each a “Tier”), which currently has six Tiers.

For example, MIAX charges $0.55 for executions [sic] in the following penny pilot options: EEM, GLD, IWM, QQQ and SPY. See MIAX fee schedule, available here, https://www.miaxoptions.com/sites/default/files/MIAX_Options_Fee_Schedule_10012015SC.pdf. BOX assesses fees greater than $0.55 to Non-customers [sic] for executions in penny pilot options. See BOX Options fee schedule, available here, http://boxexchange.com/assets/BOX_Fee_Schedule.pdf. In addition, NOM recently proposed to charge non-NOM Market Makers $0.55 for executions in the following penny pilot options: EEM, GLD, IWM, QQQ, and SPY; and charge all other account types $0.50 for removing liquidity in these symbols.
