that the Committee review sections of NVIC 04–08, “Medical and Physical Evaluation Guidelines for Merchant Mariner Credentials,” to ensure that the Coast Guard’s guidance is in compliance with all current regulations and reflects medical considerations that are appropriate for merchant mariners.

Task Statement 1 required the following inputs. First, it required the working group to review the introduction and Enclosures 1, 2, 5, and 6 of NVIC 04–08 to ensure compliance with existing Coast Guard regulations in the Code of Federal Regulations. Second, it required the working group to review all medical conditions listed in Enclosures 3 and 4 of the NVIC and perform the following actions:

—Identify circumstances defining inordinate risk for the condition.
—Identify circumstances which would decrease the risk from inordinate.
—Determine appropriate amplifying information and testing required to assess the condition.
—Identify the standards used to determine the suitability of the condition.
—Determine the minimum compliance for the condition that should allow safe operation.
—Determine whether or not a waiver is required and define waiver parameters.
—Work with the Top Mariner Conditions working group to incorporate their recommendations for the top medical conditions.

Subsequently, a working group was established. The working group was comprised of individual members of MEDMAC and the public, although the composition of the working group changed over time. The Committee voted to accept the response to Task Statement 1 provided by the working group during the sixth public meeting held on September 29–30, 2014 in Piney Point, MD. All working group meetings were open to the public.

The response to Task Statement 1 is in the form of a revised NVIC 04–08. This revision includes both the introduction to NVIC 04–08 as well as revised versions of each of the enclosures. In accordance with the task statement, the working group has made revisions to each enclosure, but made substantial revisions to enclosures 3 and 4. These enclosures, entitled “Vision and Hearing Standards” and “Guidance on Specific Medical Conditions,” provide detailed guidelines that can help the Coast Guard make fitness determinations for mariners to maintain their credentials.

The Merchant Mariner Medical Advisory Committee’s response to Task Statement 1 is a work product of the Committee and therefore is not an official Coast Guard policy and may not be cited as an official agency position. The Coast Guard may use the response, or portions of the response, for development of future policy.

Statutorily Mandated Designation of Difficult Development Areas and Qualified Census Tracts for 2016

AGENCY: Office of the Assistant Secretary for Policy Development and Research, HUD.

ACTION: Notice.

SUMMARY: This document designates “Difficult Development Areas” (DDAs) and “Qualified Census Tracts” (QCTs) for purposes of the Low-Income Housing Tax Credit (LIHTC) under Internal Revenue Code (IRC) Section 42 (26 U.S.C. 42). The United States Department of Housing and Urban Development (HUD) makes new DDA and QCT designations annually. As previously announced, the 2016 metropolitan DDA designations use for the first time Small Area Fair Market Rents (SAFMRs), rather than metropolitan-area Fair Market Rents (FMRs), for designating metropolitan DDAs. Compared to previous designations, this notice: (1) Describes a strengthening of the data quality standard HUD uses in designating the 2016 QCTs, (2) extends from 365 days to 730 days the period for which the 2016 lists of QCTs and DDAs are effective for projects located in areas not on a subsequent list of DDAs or QCTs but having submitted applications while the area was a 2016 QCT or DDA, and (3) establishes the effective date of the new QCTs and DDAs as July 1, 2016 rather than January 1.

FOR FURTHER INFORMATION CONTACT: For questions on how areas are designated and on geographic definitions, contact Michael K. Hollar, Senior Economist, Economic Development and Public Finance Division, Office of Policy Development and Research, Department of Housing and Urban Development, 451 Seventh Street SW., Room 8234, Washington, DC 20410–6000; telephone number 202–402–5878, or send an email to Michael.K.Hollar@hud.gov. SUPPLEMENTARY INFORMATION:

This Document

This notice designates DDAs for each of the 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands. The designations of DDAs in this notice are based on modified Fiscal Year (FY) 2015 Small Area Fair Market Rents (SAFMRs), FY2015 income limits, and 2010 Census population counts, as explained below.

This notice also designates QCTs based on new income and poverty data released in the American Community Survey (ACS). HUD relies on the most recent three sets of ACS estimates to ensure that anomalous estimates, due to sampling, do not affect the QCT status of tracts.

Data from the 2010 Census on total population of metropolitan areas and nonmetropolitan areas are used in the designation of DDAs. The Office of Management and Budget (OMB) first published new metropolitan area definitions incorporating 2000 Census data in OMB Bulletin No. 03–04 on June 6, 2003, and updated them periodically through OMB Bulletin No. 10–02 on
