Iron mechanical transfer drive components subject to this investigation are those not less than 4.00 inches (101 mm) in the maximum nominal outer diameter.

Unfinished iron mechanical transfer drive components (i.e., blanks or castings) possess the approximate shape of the finished iron mechanical transfer drive component and have not yet been machined to final specification after the initial casting, forging or like operations. These machining processes may include cutting, punching, notching, boring, threading, mitering, or chamfering.

Subject merchandise includes iron mechanical transfer drive components as defined above that have been finished or machined in a third country, including but not limited to finishing/machining processes such as cutting, punching, notching, boring, threading, mitering, or chamfering, or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the iron mechanical transfer drive components.

Subject iron mechanical transfer drive components are covered by the scope of the investigation regardless of width, design, or iron type (e.g., gray, white, or ductile iron). Subject iron mechanical transfer drive components are covered by the scope of the investigation regardless of whether they have non-iron attachments or parts and regardless of whether they are entered with other mechanical transfer drive components or as part of a mechanical transfer drive assembly (which typically includes one or more of the iron mechanical transfer drive components identified above, and which may also include other parts such as a belt, coupling and/or shaft). When entered as a mechanical transfer drive assembly, only the iron components that meet the physical description of covered merchandise are covered merchandise, not the other components in the mechanical transfer drive assembly (e.g., belt, coupling, shaft).

For purposes of this investigation, a covered product is of “iron” where the article has a carbon content of 1.7 percent by weight or above, regardless of the presence and amount of additional alloying elements.

The merchandise covered by this investigation is currently classifiable under Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings 8433.90.9800, 8433.90.9000, 8433.90.3000, 8433.90.3090, 8433.90.9080, 8433.90.3090. Covered merchandise may also enter under the following HTSUS subheadings: 7325.10.0000, 7325.99.1000, 7326.19.0000, 7326.19.0000, 8431.31.0000, 8431.31.0000, 8431.39.0000, 8431.39.0000, 8431.39.0000, 8431.39.0000, 8431.39.0000, and 8435.50.4000. These HTSUS subheadings are provided for convenience purposes. The written description of the scope of the investigation is dispositive.

North American Free Trade Agreement, Article 1904; NAFTA Panel Reviews; First Request for Panel Review

AGENCY: NAFTA Secretariat, United States Section, International Trade Administration, Department of Commerce.

ACTION: Notice of first request for panel review.

SUMMARY: On November 18, 2015, Irving Paper Limited filed a First Request for Panel Review with the United States Section of the NAFTA Secretariat pursuant to Article 1904 of the North American Free Trade Agreement. Also, on November 18, 2015, additional Requests for Panel Review were filed on behalf of Resolute FP Canada Inc., Port Hawkesbury Paper LP, the Government of Canada and the Governments of the Provinces of British Columbia, Ontario, New Brunswick, Nova Scotia and Quebec. Panel Review was requested of the U.S. Department of Commerce’s final affirmative countervailing duty determination regarding Supercalendered Paper from Canada. This determination was published in the Federal Register (80 FR 63535), on October 20, 2015. The NAFTA Secretariat has assigned Case Number USA–CDA–2015–01 to this request.

FOR FURTHER INFORMATION CONTACT: Paul Morris, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue NW., Washington, DC 20230, (202)–482–5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free Trade Agreement (“Agreement”) established a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms to the antidumping or countervailing duty law of the country that made the determination.

(a) A Party or interested person may challenge the final determination in whole or in part by filing a Complaint in accordance with Rule 39 within 30 days after the filing of the first Request for Panel Review (the deadline for filing a Complaint is December 18, 2015);

(b) a Party, investigating authority or interested person that does not file a Complaint but that intends to appear in support of any reviewable portion of the final determination may participate in the panel review by filing a Notice of Appearance in accordance with Rule 40 within 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance is January 4, 2016); and

(c) the panel review shall be limited to the allegations of error of fact or law, including the jurisdiction of the investigating authority, that are set out in the Complaints filed in panel review and the procedural and substantive defenses raised in the panel review.

Dated: November 19, 2015.

Notice of Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review: Certain Frozen Warmwater Shrimp From Thailand

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request by Thai Union Group Public Co., Ltd. (Thai Union Group), a producer/exporter of certain frozen warmwater shrimp (shrimp) from Thailand, and pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), 19 CFR 351.216, and 19 CFR 351.221(c)(3)(ii), the Department of Commerce (the Department) is initiating a changed circumstances review (CCR) of the antidumping duty (AD) order on shrimp from Thailand with regard to Thai
Union Group. Based on the information received, we preliminarily determine that Thai Union Group is the successor-in-interest to Thai Union Frozen Products Public Co., Ltd. (Thai Union Frozen) for purposes of determining AD liability. Interested parties are invited to comment on these preliminary results.

DATES: Effective Date: November 25, 2015.

FOR FURTHER INFORMATION CONTACT: Dennis McClure or Elizabeth Eastwood, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–5973 or (202) 482–3874, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 1, 2005, the Department published in the Federal Register an AD order on certain frozen warmwater shrimp from Thailand.\(^1\) On September 17, 2015, Thai Union Group, a producer/exporter of Thai shrimp covered by this order, changed its name from Thai Union Frozen to Thai Union Group. On October 5, 2015, Thai Union Group requested that the Department conduct an expedited changed circumstances review under section 751(b) of the Act, 19 CFR 351.216(c), and 19 CFR 351.221(c)(5)(ii).\(^2\) In this request, Thai Union Group asked the Department to determine that it is the successor-in-interest to Thai Union Frozen and, accordingly, to assign the cash deposit rate of the Thai Union Group supporting its claim that it is the successor-in-interest to Thai Union Frozen that Thai Union Group is the successor-in-interest to Thai Union Frozen.

Scope of the Order

The scope of this order includes certain frozen warmwater shrimp and prawns, whether wild-caught (ocean harvested) or farm-raised (produced by aquaculture), breaded, shell-on or peeled,:\(^6\) deveined or not deveined, cooked or raw, or otherwise processed in frozen form.

The frozen warmwater shrimp and prawn products included in the scope of this order, regardless of definitions in the Harmonized Tariff Schedule of the United States (HTSUS), are products which are processed from warmwater shrimp and prawns through freezing and which are sold in any count size. The products described above may be processed from any species of warmwater shrimp and prawns. Warmwater shrimp and prawns are generally classified in, but are not limited to, the Penaeidae family. Some examples of the farmed and wild-caught warmwater species include, but are not limited to, white shrimp, penaeus vannamei; banana prawn, Penaeus merguiensis; and claw prawn, penaeus chinensis.\(^3\)

The products described above may also be classified as "natural" shrimp and prawns. Certain production practices which are common in the industry include: (1) In the production of "natural" shrimp products, the natural roe is usually made into shrimp paste; (2) "natural" shrimp and prawns may also be divided into two categories, "good quality" and "imperfect"; (3) as a general rule, "natural" shrimp and prawns are not treated with any chemical or other additive; (4) in the frozen form, "natural" shrimp and prawns are not subjected to IQF freezing; (5) "natural" shrimp and prawns contain at least 70 percent of shrimp or prawn flesh; (6) "natural" shrimp and prawns are not "prepared meals," that contain more than 20 percent by weight of shrimp or prawn as the only ingredient; (7) "natural" shrimp and prawns are not processed with a viscous layer containing egg and/or milk, and par-fried.\(^4\)

The frozen warmwater shrimp and prawns included in the scope of this order are currently classified under the following HTSUS subheadings: 0306.17.00.15, 0306.17.00.18, 0306.17.00.20, 0306.17.00.27, 0306.17.00.40, 1605.21.10.30, and 1605.29.10.10. These HTSUS subheadings are provided for convenience and for customs purposes only and are not dispositive, but rather the written description of the scope of this order is dispositive.\(^7\)

Initiation and Preliminary Results of Changed Circumstances Review

Pursuant to section 751(b)(1)(A) of the Act and 19 CFR 351.216(d), the Department will conduct a CCR upon receipt of a request from an interested party for a review of an AD order which shows changed circumstances sufficient to warrant a review of the order. The information submitted by Thai Union Group supporting its claim that it is the successor-in-interest to Thai Union Frozen demonstrates changed circumstances sufficient to warrant such a review.\(^8\) In accordance with the above-referenced regulation, the Department is

\(^6\) “Tails” in this context means the tail fan, which includes the telson and the uropods.

\(^7\) On April 26, 2011, the Department amended the antidumping duty order to include dusted shrimp, pursuant to the U.S. Court of International Trade (CIT) decision in Ad Hoc Shrimp Trade Action Committee v. United States, 703 F. Supp. 2d 1330 (CIT 2010) and the U.S. International Trade Commission determination, which found the domestic like product to include dusted shrimp. \(^8\) See 19 CFR 351.216(d).
that it is the successor-in-interest to Thai Union Frozen. Thai Union Group states that the company’s management, production facilities and customer/supplier relationships have not changed as a result of the corporate name change. To support its claims, Thai Union Group submitted the following documents: (1) Resolutions passed at a board of directors’ meeting for the company as well as shareholder meeting minutes, demonstrating approval of the name change; (2) (a) a letter announcing the company’s name change to its customers and suppliers; (3) (two affidavits, both dated September 2015, from the Thai Ministry of Commerce’s Department of Business Development, certifying that the directors and other business information appearing in the Thai company register for Thai Union Group and Thai Union Frozen are identical; (4) (a) a list showing the management of Thai Union Frozen before, and Thai Union Group after, the name change; (5) (a) a list showing the Board of Directors of Thai Union Frozen before, and Thai Union Group after, the name change; (6) Thai Union Frozen’s 2014 audited financial statements; (7) (a list of suppliers of Thai Union Frozen before, and Thai Union Group after, the name change; (8) a list of the customers of Thai Union Frozen before, and Thai Union Group after, the name change.

Based on the evidence on the record, we preliminarily find that Thai Union Group is the successor-in-interest to Thai Union Frozen. We find that Thai Union Group operates as the same business entity as Thai Union Frozen and that its Board of Directors, management, production facilities, supplier relationships, and customers have not changed as a result of its name change. Thus, we preliminarily find that Thai Union Group should receive the same antidumping duty cash-deposit rate with respect to the subject merchandise as Thai Union Frozen, its predecessor company.9

Should our final results remain the same as these preliminary results, we will instruct U.S. Customs and Border Protection to suspend entries of subject merchandise produced or exported by Thai Union Group at Thai Union Frozen’s cash deposit rate, effective on the publication date of our final results.

Public Comment

Interested parties may submit case briefs and/or written comments not later than 14 days after the publication of this notice.23 Rebuttal briefs, which must be limited to issues raised in case briefs, may be filed not later than five days after the deadline for filing case briefs.24 Parties who submit case briefs or rebuttal briefs in this changed circumstance review are requested to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. SUPPLEMENTARY INFORMATION:

I. Abstract

The United States and Korea negotiated the U.S.-Korea Free Trade Agreement (the “Agreement”) which was implemented into U.S. law pursuant to the United States-Korea Free Trade Agreement Implementation Act (“the Act”). Under the provisions of the Act, textile and apparel goods must contain fibers, yarns, and fabrics produced in Korea or the United States to receive duty-free tariff treatment. The Agreement also provides for the establishment of a list of specific fibers, yarns, and fabrics that are not available in commercial quantities in a timely manner from producers in the United States. Articles containing these commercially unavailable fibers, yarns, and fabrics are also entitled to duty-free or preferential duty treatment despite not being produced in the United States. The list of commercially unavailable fabrics, yarns, and fibers may be changed pursuant to the commercial availability provision of the Agreement and the Act. Under Section 202(o) of the Act (“the commercial availability provision”), interested entities from Korea or the United States have the right to request that a specific fiber, yarn, or fabric be added to, or removed from, the list of commercially unavailable fibers, yarns, and fabrics. This right becomes effective when the Agreement enters into force.

Section 202(o)(3)(F) of the Act requires that the President establish procedures for parties to follow when exercising the right to make these requests. The President delegated the responsibility for publishing the procedures and administering commercial availability requests to the Committee for the Implementation of Textile Agreements (CITA), which issues procedures and acts on requests through the Office of Textiles and Apparel (OTEXA). The information collected by CITA from Requests, Responses, and Rebuttals will be used to determine whether the subject product is available in commercial quantities in a timely manner from producers in the United States under the commercial availability provision of the Act. Requests, Responses, and Rebuttals must identify confidential information. Entities submitting confidential information in their Requests, Responses, or Rebuttals to CITA must submit both a public and a confidential version of their submissions. If the submissions are accepted, the public submissions or public versions of submissions will be posted on the dedicated commercial availability section of the Office of Textiles and Apparel (OTEXA)’s Web site. Business confidential information will not be shared with the public. Requestors and potential suppliers of the product named in the Request may use the public version as a basis for Responses and Rebuttals.

Each submission containing factual information for CITA’s consideration must be accompanied by the appropriate certification regarding the accuracy of the factual information. With each electronic and original signed submission that contains factual information, an interested entity must file a certification of due diligence, attesting to the accuracy and authenticity of the submission. If the interested entity has legal counsel or other representative, the legal counsel or other representative must also file a certification of due diligence with each electronic and original signed submissions that contains factual...
