

gift in accordance with the procedures set forth in this section. The employee must promptly complete the authorized disposition of the gift. The obligation to dispose of a gift that cannot be accepted under this subpart is independent of an agency's decision regarding corrective or disciplinary action under § 2635.106.

(1) *Gifts of tangible items.* The employee must promptly return any tangible item to the donor, or pay the donor its market value, or, in the case that the tangible item has a market value not in excess of \$100, the employee may destroy the item. An employee who cannot ascertain the actual market value of an item may estimate its market value by reference to the retail cost of similar items of like quality. See § 2635.203(c).

*Example 1 to paragraph (a)(1):* A Department of Commerce employee received a \$25 T-shirt from a prohibited source after providing training at a conference. Because the gift would not be permissible under an exception to this subpart, the employee must either return or destroy the T-shirt or promptly reimburse the donor \$25. Destruction may be carried out by physical destruction or by permanently discarding the T-shirt by placing it in the trash.

*Example 2 to paragraph (a)(1):* To avoid public embarrassment to the seminar sponsor, an employee of the National Park Service did not decline a barometer worth \$200 given at the conclusion of his speech on Federal lands policy. To comply with this section, the employee must either promptly return the barometer or pay the donor the market value of the gift. Alternatively, the National Park Service may choose to accept the gift if permitted under specific statutory gift acceptance authority. The employee may not destroy this gift, as the market value is in excess of \$100.

(2) *Gifts of perishable items.* When it is not practical to return a tangible item in accordance with paragraph (a)(1) of this section because the item is perishable, the employee may, at the discretion of the employee's supervisor or the agency designee, give the item to an appropriate charity, share the item within the recipient's office, or destroy the item.

*Example 1 to paragraph (a)(2):* With approval by the recipient's supervisor, a floral arrangement sent by a disability claimant to a helpful employee of the Social Security Administration may be placed in the office's reception area.

(3) *Gifts of intangibles.* The employee must promptly reimburse the donor the market value for any entertainment, favor, service, benefit or other intangible. Subsequent reciprocation by the employee does not constitute reimbursement.

*Example 1 to paragraph (a)(3):* A Department of Defense employee wishes to attend a charitable event to which he has

been offered a \$300 ticket by a prohibited source. Although his attendance is not in the interest of the agency under § 2635.204(g), he may attend if he reimburses the donor the \$300 face value of the ticket.

(4) *Gifts from foreign governments or international organizations.* The employee must dispose of gifts from foreign governments or international organizations in accordance with 41 CFR part 102-42.

(b) An agency may authorize disposition or return of gifts at Government expense. Employees may use penalty mail to forward reimbursements required or permitted by this section.

(c) An employee who, on his or her own initiative, promptly complies with the requirements of this section will not be deemed to have improperly accepted an unsolicited gift. An employee who promptly consults his or her agency ethics official to determine whether acceptance of an unsolicited gift is proper and who, upon the advice of the ethics official, returns the gift or otherwise disposes of the gift in accordance with this section, will be considered to have complied with the requirements of this section on the employee's own initiative.

(d) Employees are encouraged to record any actions they have taken to properly dispose of gifts that cannot be accepted under this subpart, such as by sending an electronic mail message to the appropriate agency ethics official or the employee's supervisor.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Department of Homeland Security (DHS), United States Coast Guard (USCG) is giving notice of a proposed rulemaking that DHS/USCG intends to update its regulations to exempt portions of a system of records from certain provisions of the Privacy Act. Specifically, DHS/USCG proposes to exempt portions of the "DHS/USCG-029 Notice of Arrival and Departure System of Records" from one of more provisions of the Privacy Act because of criminal, civil, and administrative enforcement requirements. DHS/USCG is issuing an updated notice and proposed rule for proposed exemptions for these new categories of records pursuant to 5 U.S.C. 552a(j)(2) and 5 U.S.C. 552 a(k)(2). Furthermore, to the extent certain categories of records are ingested from other systems, the

exemptions applicable to the source systems will remain in effect.

Concurrent with this document, DHS/USCG is updating and reissuing a current DHS system of records titled, “DHS/USCG–029 Notice of Arrival and Departure (NOAD) System of Records.” The collection and maintenance of this information assists DHS/USCG in meeting its statutory obligation to assign priorities while conducting maritime safety and security missions in accordance with international and U.S. regulations. In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Department of Homeland Security (DHS) United States Coast Guard (USCG) proposes to update and reissue a current DHS system of records titled, “DHS/USCG–029 Notice of Arrival and Departure (NOAD) System of Records.” The collection and maintenance of this information assists DHS/USCG in meeting its statutory obligation to assign priorities while conducting maritime safety and security missions in accordance with international and U.S. regulations. DHS/USCG is updating this system of records to (1) clarify the authority for the maintenance of the system to align with the recently published *Vessel Requirements for Notices of Arrival and Departure, and Automatic Identification System* Final Rule (January 30, 2015, 80 FR 5281); (2) update the security classification; (3) change the system location to clarify that NOAD records may be stored on information technology (IT) systems connected to classified networks; (4) update the purpose(s) to align with the updated authorities for collection, pursuant to the newly issued *Vessel Requirements for Notices of Arrival and Departure, and Automatic Identification System* Final Rule and to allow for replication of data for analysis and vetting as part of the DHS Data Framework; (5) update categories of individuals and categories of records to clarify that individuals considered “non-crew” for the purposes of this system may include passenger records, as well as organizations; (6) remove routine use (M) because it is not compatible with the original purpose for collection of the records (7) update the retention period and disposal standards to reflect that records will follow the same retention schedule despite their storage in a classified environment; (8) modify the notification procedures to confirm that regardless of record storage on a classified environment, DHS/USCG will review all replicated records; and (9) update the system manager and mailing address to reflect the new mail stop.

## II. Privacy Act

The Privacy Act embodies fair information practice principles in a statutory framework governing the means by which federal government agencies collect, maintain, use, and disseminate personally identifiable information. The Privacy Act applies to information that is maintained in a “system of records.” A “system of records” is a group of any records under the control of an agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass U.S. citizens and lawful permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals where systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors.

The Privacy Act allows government agencies to exempt certain records from the access and amendment provisions. If an agency claims an exemption, however, it must issue a Notice of Proposed Rulemaking to make clear to the public the reasons why a particular exemption is claimed.

DHS is claiming exemptions from certain requirements of the Privacy Act for DHS/USCG–029 Notice of Arrival and Departure System of Records. Some information in DHS/USCG–029 Notice of Arrival and Departure System of Records may be used to support official DHS national security or law enforcement activities. These exemptions are needed to protect information relating to DHS activities from disclosure to subjects or others related to these activities. Specifically, the exemptions are required protect information relating to DHS law enforcement investigations from disclosure to subjects of investigations and others who could interfere with investigatory and law enforcement activities. The exemptions are required to preclude subjects of these activities from frustrating the investigative process; to avoid disclosure of investigative techniques; protect the identities and physical safety of confidential informants and of law enforcement personnel; ensure DHS’s and other federal agencies’ ability to obtain information from third parties and other sources; protect the privacy of third parties; and safeguard sensitive information. Disclosure of information to the subject of the inquiry could also permit the subject to avoid detection or apprehension.

In appropriate circumstances, where compliance would not appear to interfere with or adversely affect the law enforcement purposes of this system and the overall law enforcement process, the applicable exemptions may be waived on a case by case basis.

DHS will not assert any exemption with respect to information maintained in the system that is collected from a person at the time of arrival or departure, if that person, or his or her agent, seeks access or amendment of such information. The DHS/USCG–029 Notice of Arrival and Departure System of Records Notice is also published in this issue of the **Federal Register**.

### List of Subjects in 6 CFR Part 5

Freedom of information, Privacy.

For the reasons stated in the preamble, DHS proposes to amend chapter I of title 6, Code of Federal Regulations, as follows:

### PART 5—DISCLOSURE OF RECORDS AND INFORMATION

- 1. Revise the authority citation for part 5 to read as follows:

**Authority:** 6 U.S.C. 101 *et seq.*; Pub. L. 107–296, 116 Stat. 2135; 5 U.S.C. 301. Subpart A also issued under 5 U.S.C. 552. Subpart B also issued under 5 U.S.C. 552a.

- 2. In appendix C to part 5, revise paragraph 34 to read as follows:

#### Appendix C to Part 5—DHS Systems of Records Exempt From the Privacy Act

\* \* \* \* \*

34. The DHS/USCG–029 Notice of Arrival and Departure System of Records consists of electronic and paper records and will be used by DHS and its components. The DHS/USCG–029 Notice of Arrival and Departure System of Records is a repository of information held by DHS in connection with its several and varied missions and functions, including, but not limited to the enforcement of civil and criminal laws; investigations, inquiries, and proceedings there under. The DHS/USCG–029 Notice of Arrival and Departure System of Records contains information that is collected by, on behalf of, in support of, or in cooperation with DHS and its components and may contain personally identifiable information collected by other federal, state, local, tribal, foreign, or international government agencies.

The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), exempted this system from the following provisions of the Privacy Act: Sections (c)(3), (e)(8), and (g) of the Privacy Act of 1974, as amended, as is necessary and appropriate to protect this information. Further, DHS has exempted section (c)(3) of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(k)(2) as is necessary and appropriate to protect this information.

Exemptions from these particular subsections are justified, on a case-by-case

basis to be determined at the time a request is made, for the following reasons:

(a) From subsection (c)(3) (Accounting for Disclosures) because release of the accounting of disclosures could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation to the existence of that investigation and reveal investigative interest on the part of DHS as well as the recipient agency. Disclosure of the accounting would therefore present a serious impediment to law enforcement efforts and/or efforts to preserve national security. Disclosure of the accounting would also permit the individual who is the subject of a record to impede the investigation, to tamper with witnesses or evidence, and to avoid detection or apprehension, which would undermine the entire investigative process.

(b) From subsection (e)(8) (Notice on Individuals) because compliance would interfere with DHS's ability to obtain, serve, and issue subpoenas, warrants, and other law enforcement mechanisms that may be filed under seal and could result in disclosure of investigative techniques, procedures, and evidence.

(c) From subsection (g)(1) (Civil Remedies) to the extent that the system is exempt from other specific subsections of the Privacy Act.

[Docket No. EERE-2014-BT-TP-0014]

RIN 1904-AD22

#### Energy Conservation Program: Test Procedures for Portable Air Conditioners

**AGENCY:** Office of Energy Efficiency and Renewable Energy, Department of Energy.

**ACTION:** Supplemental notice of proposed rulemaking.

**SUMMARY:** The U.S. Department of Energy (DOE) proposes to modify the test procedure proposals for portable air conditioners (ACs), initially presented in a notice of proposed rulemaking (NOPR) published on February 25, 2015. Upon further analysis and review of the public comments received in response to the February 2015 NOPR, DOE proposes in this supplemental notice of proposed rulemaking (SNOPR) the following additions and clarifications to its proposed portable AC test procedure: (1) Minor revisions to the indoor and outdoor cooling mode test conditions;

(2) an additional test condition for cooling mode testing; (3) updated infiltration air and capacity calculations to account for the second cooling mode test condition; (4) removal of the measurement of case heat transfer; (5) a clarification of test unit placement within the test chamber; (6) removal of the heating mode test procedure; (7) a revision to the CEER calculation to reflect the two cooling mode test conditions and removal of heating mode testing; and (8) additional technical corrections and clarifications. These proposals are to be combined with the initial NOPR proposals and would be codified in a newly created appendix CC to title 10 of the Code of Federal Regulations (CFR), part 430, subpart B. The test procedures would be used to determine capacities and energy efficiency metrics that would be the basis for any future energy conservation standards for portable ACs.

**DATES:** DOE will accept comments, data, and information regarding this SNOPR, submitted no later than December 28, 2015. See section V, "Public Participation," for details.

**ADDRESSES:** Any comments submitted must identify the SNOPR for Test Procedures for Portable Air Conditioners, and provide docket number EERE-2014-BT-TP-0014 and/or regulatory information number (RIN) number 1904-AD22. Comments may be submitted using any of the following methods:
