**SUPPLEMENTARY INFORMATION:**

**Background**

On October 13, 2015, the Department published its final determination in the countervailing duty investigation of welded line pipe from Turkey.<sup>1</sup> On November 20, 2015, the ITC notified the Department of its final determination pursuant to section 705(b)(1)(A)(i) of the Tariff Act of 1930, as amended (the Act), that an industry in the United States is materially injured by reason of subsidized imports of subject merchandise from Turkey.<sup>2</sup>

**Scope of the Order**

The merchandise covered by this order is circular welded carbon and alloy steel (other than stainless steel) pipe of a kind used for oil or gas pipelines (welded line pipe), not more than 24 inches in nominal outside diameter, regardless of wall thickness, length, surface finish, end finish, or stenciling. Welded line pipe is normally produced to the American Petroleum Institute (API) specification 5L, but can be produced to comparable foreign specifications, to proprietary grades, or

can be non-graded material. All pipe meeting the physical description set forth above, including multiple-stenciled pipe with an API or comparable foreign specification line pipe stencil is covered by the scope of this order.

The welded line pipe that is subject to this order is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7305.11.1030, 7305.11.5000, 7305.12.1030, 7305.12.5000, 7305.19.1030, 7305.19.5000, 7306.19.1010, 7306.19.1050, 7306.19.5110, and 7306.19.5150. The subject merchandise may also enter in HTSUS 7305.11.1060 and 7305.12.1060. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

**Countervailing Duty Order**

In accordance with sections 705(b)(1)(A)(i) and 705(d) of the Act, the ITC has notified the Department of its final determination that the industry in the United States producing welded line pipe is materially injured by reason of subsidized imports of welded line pipe from Turkey. Therefore, in accordance with section 705(c)(2) of the Act, we are publishing this countervailing duty order.

As a result of the ITC's final determination, in accordance with section 706(a) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by the Department, countervailing duties on unliquidated entries of welded line pipe entered, or withdrawn from warehouse, for consumption on or after March 20, 2015, the date on which the Department published its preliminary countervailing duty determination in the **Federal Register**,<sup>3</sup> and before July 18, 2015, the date on which the Department instructed CBP to discontinue the suspension of liquidation in accordance with section 703(d) of the Act. Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for more than four months. Therefore, entries of welded line pipe made on or after July 18, 2015, and prior to the date of publication of the ITC's final determination in the **Federal Register** are not liable for the assessment of countervailing duties due

to the Department's discontinuation, effective July 18, 2015, of the suspension of liquidation.

**Suspension of Liquidation**

In accordance with section 706 of the Act, the Department will direct CBP to reinstitute the suspension of liquidation of welded line pipe from Turkey, effective the date of publication of the ITC's notice of final determination in the **Federal Register**, and to assess, upon further advice by the Department pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rates for the subject merchandise. On or after the date of publication of the ITC's final injury determination in the **Federal Register**, CBP must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the rates noted below:
