

review of that party absent new information as to the party's location. Moreover, if the interested party who files a request for review is unable to locate the producer or exporter for which it requested the review, the interested party must provide an explanation of the attempts it made to locate the producer or exporter at the same time it files its request for review, in order for the Secretary to determine if the interested party's attempts were reasonable, pursuant to 19 CFR 351.303(f)(3)(ii).

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003), and *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011) the Department clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders.²

Further, as explained in *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963 (November 4, 2013), the Department clarified its practice with regard to the conditional review of the non-market economy (NME) entity in administrative reviews of antidumping duty orders. The Department will no longer consider the NME entity as an exporter conditionally subject to administrative reviews. Accordingly, the NME entity will not be under review unless the Department specifically receives a request for, or self-initiates, a review of the NME entity.³ In administrative reviews of antidumping duty orders on merchandise from NME countries where a review of the NME entity has not been initiated, but where an individual exporter for which a review was initiated does not qualify for a separate rate, the Department will issue a final decision indicating that the company in question is part of the NME entity. However, in that situation, because no review of the NME entity

² See also the Enforcement and Compliance Web site at <http://trade.gov/enforcement/>.

³ In accordance with 19 CFR 351.213(b)(1), parties should specify that they are requesting a review of entries from exporters comprising the entity, and to the extent possible, include the names of such exporters in their request.

was conducted, the NME entity's entries were not subject to the review and the rate for the NME entity is not subject to change as a result of that review (although the rate for the individual exporter may change as a function of the finding that the exporter is part of the NME entity).

Following initiation of an antidumping administrative review when there is no review requested of the NME entity, the Department will instruct CBP to liquidate entries for all exporters not named in the initiation notice, including those that were suspended at the NME entity rate.

All requests must be filed electronically in Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS") on Enforcement and Compliance's ACCESS Web site at <http://access.trade.gov>.⁴ Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy of each request must be served on the petitioner and each exporter or producer specified in the request.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of December 2015. If the Department does not receive, by the last day of December 2015, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct CBP to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures "gap" period of the order, if such a gap period is applicable to the period of review.

This notice is not required by statute but is published as a service to the international trading community.

Aluminum Extrusions From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2013-2014

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on aluminum extrusions from the People's Republic of China (PRC).¹ The period of review (POR) is May 1, 2013, through April 30, 2014. These final results cover 39 companies for which an administrative review was initiated and not rescinded.² The Department selected the following companies as mandatory respondents: Guangzhou Jangho Curtain Wall System Engineering Co., Ltd. and Jangho Curtain Wall Hong Kong Ltd. (collectively, Jangho), Union Industry (Asia) Co., Ltd. (Union), and Guang Ya Aluminium Industries Co., Ltd., Foshan Guangcheng Aluminium Co., Ltd., Kong Ah International Company Limited, and Guang Ya Aluminium Industries (Hong Kong) Ltd. (collectively, Guang Ya Group); Guangdong Zhongya Aluminium Company Limited, Zhongya Shaped Aluminium (HK) Holding Limited, and Karlton Aluminum Company Ltd. (collectively, Zhongya); and Xinya Aluminum & Stainless Steel Product Co., Ltd. (Xinya) (collectively, Guang Ya Group/Zhongya/Xinya).³

¹ The Department initiated this review on June 27, 2014. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 79 FR 36462 (June 27, 2014) (*Initiation Notice*).

² This administrative review initially covered 155 companies. See *Initiation Notice*. However, on January 29, 2015, the Department rescinded this review with respect to 116 companies. See *Aluminum Extrusions From the People's Republic of China: Partial Rescission of Antidumping Duty Administrative Review*, 80 FR 4868 (January 29, 2015).

³ In prior segments of this proceeding the Department found that the Guang Ya Group, Zhongya, and Xinya were affiliated and should be treated as a single entity. See, e.g., *Aluminum Extrusions From the People's Republic of China: Final Results of Antidumping Duty Administrative Review and Rescission*, in Part, 2010/12, 79 FR 96 (January 2, 2014) and *Aluminum Extrusions From*

The Department finds for these final results that Union made sales of subject merchandise at less than normal value. In addition, the Department determines that Jangho, Guang Ya Group/Zhongya/Xinya, and 15 other companies subject to this review did not demonstrate eligibility for a separate rate, and, accordingly, are to be considered part of the PRC-wide entity. We also determine for these final results that one company, Xin Wei Aluminum Company Limited (Xin Wei), had no shipments.

DATES: *Effective Date:* December 1, 2015.

SUPPLEMENTARY INFORMATION:

Background

On June 8, 2015, the Department published the *Preliminary Results* of this administrative review.⁴ At that time, we invited interested parties to comment on the *Preliminary Results*. On June 10, 2015, we received comments from the Aluminum Extrusions Fair Trade Committee (Petitioner) on the calculation of the margin for Union.⁵ On July 8, 2015, we received case briefs from Petitioner⁶ and Zhongya.⁷ On July 15, 2015, we received rebuttal briefs

from Jangho⁸ and Petitioner.⁹ On September 25, 2015, the Department extended the deadline for the final results until November 5, 2015.¹⁰

Changes Since the Preliminary Results

Based on an analysis of the comments received from interested parties and a review of the record, the Department corrected calculation errors for the final adjusted margin to be applied to Union. For a full explanation, see the Issues and Decision Memorandum at Comment 2. This recalculation of Union's rate affected the rate for other companies; see the section below entitled, "Rate for Non-Examined Companies Which Are Eligible for a Separate Rate." The Department also reconsidered the necessity of having applied adverse facts available in the *Preliminary Results* with respect to Jangho and Guang Ya Group/Zhongya/Xinya in light of the Department's recent change of practice concerning the conditional review of the PRC-wide entity.¹³ For additional explanation, see the Issues and Decision Memorandum at "Application of Facts Available and Use of Adverse Inference" and Comments 4 and 5.

Companies Eligible for a Separate Rate

In our *Preliminary Results*, we determined that 11 companies, plus Union, are eligible for a separate rate.¹⁴ These companies are: Allied Maker Limited; Changzhou Changzheng Evaporator Co., Ltd.; Dongguan Aoda Aluminum Co., Ltd.; Jushere Co., Ltd.; Kam Kiu Aluminium Products Sdn Bhd; Kromet International Inc. (Kromet); Metaltek Group Co., Ltd.; Permasteelisa South China Factory; Permasteelisa Hong Kong Ltd.; Taishan City Kam Kiu Aluminium Extrusion Co., Ltd.; and tenKsolar (Shanghai) Co., Ltd. We received no information since the issuance of the *Preliminary Results* that provides a basis for reconsideration of this determination. Therefore, the

¹⁴ See *Preliminary Results*, 80 FR at 32348.

Department continues to find that these 12 companies are eligible for a separate rate.

Rate for Non-Examined Companies Which Are Eligible for a Separate Rate

Neither the Tariff Act of 1930, as amended (the Act), nor the Department's regulations address the establishment of the rate applied to individual separate rate companies not selected for examination where the Department limited its examination in an administrative review pursuant to section 777A(c)(2) of the Act. The Department's practice in administrative reviews involving limited selection based on exporters accounting for the largest volumes of trade has been to look to section 735(c)(5) of the Act for guidance, which provides instructions for calculating the all-others rate in a market-economy antidumping investigation. Section 735(c)(5)(A) of the Act instructs the Department to avoid calculating an all-others rate using any rates that are zero, *de minimis*, or based entirely on facts available in investigations. Section 735(c)(5)(B) of the Act provides that, where all rates are zero, *de minimis*, or based entirely on facts available, the Department may use "any reasonable method" for assigning an all-others rate.

In the *Preliminary Results*, we assigned the rate of 32.79 percent, the most recent rate (from the less than fair value investigation) calculated for the non-examined separate rate respondents, to the non-examined separate rate respondents in the instant review.¹⁵ However, we have determined in these Final Results that the methodology used in the *Preliminary Results* was predicated on the erroneous calculation of a rate of zero for Union. As Union's rate at these Final Results is neither zero nor *de minimis*, we are applying Union's calculated rate to the non-examined, separate rate companies in accordance with section 735(c)(5) of the Act. For a full explanation, see the accompanying Issues and Decision Memorandum at Comment 3.

Determination of No Shipments

One company remaining under review, Xin Wei, timely submitted a certification indicating that it had no sales, shipments, or entries of subject merchandise during the POR.¹⁶ Consistent with our practice, the Department requested that CBP conduct

¹⁵ *Id.*, at 32349.

¹⁶ See letter from Xin Wei to the Secretary of Commerce entitled, "Aluminum Extrusions from the People's Republic of China: Certification of No Sales, Shipments, or Entries," dated August 26, 2014.

a query on potential shipments made by Xin Wei during the POR; CBP provided no evidence that contradicted Xin Wei's claim of no shipments. Based on Xin Wei's no-shipment certification and our analysis of the CBP information, in the *Preliminary Results* we determined that Xin Wei had no shipments during the POR.¹⁷ No party commented on that determination. The Department will issue appropriate instructions to CBP.¹⁸

PRC-Wide Entity

In the *Preliminary Results*, the Department determined that the mandatory respondents Jangho and Guang Ya Group/Zhongya/Xinya were not eligible for a separate rate, and, accordingly, were part of the PRC-wide entity.¹⁹ For purposes of these Final Results, the Department continues to find that Jangho and Guang Ya Group/Zhongya/Xinya are not eligible for a separate rate and are part of the PRC-wide entity. For a full explanation, see the Issues and Decision Memorandum at Comments 4 and 5.

In addition, 14 companies still subject to these final results are not eligible for separate-rate status because they did not submit separate-rate applications or certifications; those companies are: Alumincaste Fundicion de Mexico; China Zhongwang Holdings, Ltd.; Classic & Contemporary Inc.; Dongguan Golden Tiger; Dongguan Golden Tiger Hardware Industrial Co., Ltd.; Gold Mountain International Development, Ltd.; Golden Dragon Precise Copper Tube Group, Inc.; Metaltek Metal Industry Co., Ltd.; Nidec Sankyo Singapore Pte. Ltd.; Press Metal International Ltd.; tenKsolar, Inc.; Tianjin Jinmao Import & Export Corp., Ltd.; WTI Building Products, Ltd.; and Zahoqing China Square Industry Limited/Zhaoqing China Square Industry Limited.²⁰ Further, one company still under review, Shenyang Yuanda Aluminium Industry Engineering Co., Ltd., submitted a separate-rate application that did not demonstrate eligibility for a separate

¹⁷ See *Preliminary Results*, 80 FR at 32349.

²⁰ One company, Zhaoqing New Zhongya Aluminum Co., Ltd. (New Zhongya), was determined to have been succeeded by Guangdong Zhongya Aluminum Company Limited (Guangdong Zhongya) in a changed circumstances review. See *Aluminum Extrusions From the People's Republic of China: Final Results of Changed Circumstances Review*, 77 FR 54900 (September 6, 2012). Thus, despite the fact that a review was initiated of New Zhongya, it is not being included among these 14 companies because its successor in interest, Guangdong Zhongya, is part of the Guang Ya Group/Zhongya/Xinya single entity.

rate. As a result, the Department finds for these final results that these 15 companies are also part of the PRC-wide entity. The Department's change in policy regarding conditional review of the PRC-wide entity applies to this administrative review.²¹ Under this policy, the PRC-wide entity will not be under review unless a party specifically requests, or the Department self-initiates, a review of the entity. Because no party requested a review of the PRC-wide entity in this review, the entity is not under review and the entity's rate from the previous administrative review (*i.e.*, 33.28 percent) is not subject to change.²²

Adjustments for Countervailable Subsidies

Because no mandatory respondent established eligibility for an adjustment under section 777A(f) of the Act for countervailable domestic subsidies, the Department, for these final results, did not make an adjustment pursuant to section 777A(f) of the Act for countervailable domestic subsidies for Union or the separate-rate recipients.²³

Pursuant to section 772(c)(1)(C) of the Act, the Department made an adjustment for countervailable export subsidies. For Union, we made adjustments to its reported U.S. price.²⁴ For the companies eligible for a separate rate, because all of these companies participated in the second countervailing duty administrative

review,²⁵ an adjustment has been made based on the countervailable export subsidy found for the non-selected companies in the final results of the second countervailing duty administrative review (or its own calculated rate, in the case of Kromet).²⁶ For a full explanation, *see* the Issues and Decision Memorandum at Comment 3.

For the PRC-wide entity, since the entity is not currently under review, no adjustments were warranted to its rate, as its rate is not subject to change.²⁷

Final Results of Review

The Department determines that the following weighted-average dumping margins exist for the POR for these final results:

Exporter	Weighted-average dumping margin (%)	Margin adjusted for liquidation and cash deposit purposes ²⁸ (%)
Allied Maker Limited	86.01	85.73
Changzhou Changzheng Evaporator Co., Ltd	86.01	85.73
Dongguan Aoda Aluminum Co., Ltd	86.01	85.73
Justhere Co., Ltd	86.01	85.73
Kam Kiu Aluminium Products Sdn Bhd ²⁹	86.01	85.73

tenKsolar (Shanghai) Co., Ltd	86.01	85.73
Union Industry (Asia) Co., Ltd	86.01	85.73

Additionally, the Department determines for these final results that the following companies are part of the PRC-wide entity: Jangho (which includes Guangzhou Jangho Curtain Wall System Engineering Co., Ltd. and Jangho Curtain Wall Hong Kong Ltd.); Guang Ya Group/Zhongya/Xinya (which includes Guang Ya Aluminium Industries Co., Ltd.; Foshan Guangcheng Aluminium Co., Ltd.; Kong Ah

²⁷ See *2012–2013 Final Results*, 79 FR at 78787; *see also Conditional Review of NME Entity Notice*, 78 FR 65970. As the rate for the PRC-wide entity is not subject to change in the instant review, the margin from the *2012–2013 Final Results* that we are applying to the PRC-wide entity in the instant review is net of countervailable domestic and export subsidies.

²⁸ See the memorandum from Mark Flessner to the File entitled, “Aluminum Extrusions from the People’s Republic of China: Export Subsidy Adjustment Memorandum for the Final Results of

Antidumping Duty Administrative Review; 2013–2014,” dated concurrently with this notice.

²⁹ Although the Department initiated a review for both Taishan City Kam Kiu Aluminium Extrusion Co., Ltd. and Kam Kiu Aluminium Products Sdn Bhd, it is apparent from the company’s separate-rate application that Kam Kiu Aluminium Products Sdn Bhd is the exporter and Taishan City Kam Kiu Aluminium Extrusion Co., Ltd. is a producer only; thus, Kam Kiu Aluminium Products Sdn Bhd is the appropriate party to grant the separate rate status.

³⁰ Although the Department initiated a review for Permasteelisa South China Factory and Permasteelisa Hong Kong Ltd., it is apparent from the company’s separate-rate application that Permasteelisa Hong Kong Ltd. is the exporter and Permasteelisa South China Factory is a producer only; thus, Permasteelisa Hong Kong Ltd. is the appropriate party to grant the separate rate status.

Industry Limited. The rate previously established for the PRC-wide entity in the previous administrative review is 33.28 percent.³¹

Assessment

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review in the **Federal Register**. Consistent with the Department's assessment practice in NME cases, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate.³² In addition, if the Department determines that an exporter under review had no shipments of subject merchandise, any suspended entries that entered under the exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the PRC-wide rate.³³

For each individually-examined respondent whose weighted-average dumping margin is above *de minimis* (*i.e.*, 0.50 percent) in the final results of this review, the Department will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales, in accordance with 19 CFR 351.212(b)(1). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer- (or customer-) specific assessment rate calculated in the final results of this review is above *de minimis*. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific assessment rate is zero or *de minimis*, the Department will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. For the other companies eligible for a separate rate, the Department will instruct CBP to assess antidumping duties on the company's entries of subject merchandise at the rates listed above in the section "Final Results of Review."

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for Union and the other companies eligible for a separate rate, the cash deposit rate will that listed above in the section "Final Results of Review"; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have a separate rate, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding in which the exporter was reviewed; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be that established for the PRC-wide entity of 33.28 percent;³⁴ and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC producer or exporter that supplied that non-PRC exporter with the subject merchandise. The deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

The Department intends to disclose to the parties the calculations performed for these final results within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information

disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h).

Dated: November 20, 2015.
