BILLING CODE 9111–23–P
Estimated Annual Nonhour Burden Cost: None.

Abstract: Subtitle C of Title VI of the Omnibus Public Land Management Act of 2009 (Act; Pub. L. 111–11) authorizes the Secretary of the Interior and the Secretary of Agriculture to develop a Wolf-Livestock Demonstration Project Grant Program (WLDPGP) to:

- Assist livestock producers in undertaking proactive, nonlethal activities to reduce the risk of livestock loss due to predation by wolves; and
- Compensate livestock producers for livestock losses due to such predation.

The Act directs that the program be established as a grant program to provide funding to States and tribes, that the Federal cost share not exceed 50 percent, and that funds be expended equally between the two purposes. The Act included an authorization of appropriations up to $1 million each fiscal year for 5 years. The U.S. Fish and Wildlife Service Ecological Services Program will allocate the funding in the form of competitively awarded grants to States and tribes with a prior history of wolf depredation. States with delisted wolf populations are eligible for funding, provided that they meet the eligibility criteria contained in Pub. L. 111–11.

The following additional criteria apply to all WLDPGP grants and must be satisfied for a project to receive WLDPGP funding:

- Proposal cannot include U.S. Fish and Wildlife Service full-time equivalent (FTE) costs.
- Proposal cannot seek funding for projects that serve to satisfy regulatory requirements of the Endangered Species Act (ESA), including complying with a biological opinion under section 7 or fulfilling commitments of a habitat conservation plan (HCP) under ESA section 10, or for projects that serve to satisfy other Federal regulatory requirements (e.g., mitigation for Federal permits).
- State administrative costs must be assumed by the State or included in the proposal in accordance with Federal requirements.
