[Application No. 99-10A005]

Export Trade Certificate of Review

ACTION: Notice of Issuance of an amended Export Trade Certificate of Review to the California Almond Export Association, LLC (“CAEA”) (Application No. 99-10A005).

SUMMARY: The Secretary of Commerce, through the Office of Trade and Economic Analysis (“OTE”), issued an amended Export Trade Certificate of Review to the California Almond Export Association on November 24, 2015. The Certificate has now been amended ten times. The most recent previous amendment was issued to CAEA on August 17, 2015, and a notice of its issuance was published in the **Federal Register** on September 1, 2015 (80 FR 52738).

FOR FURTHER INFORMATION CONTACT: Joseph E. Flynn, Director, Office of Trade and Economic Analysis, International Trade Administration, by telephone at (202) 482-5131 (this is not a toll-free number) or email at etca@trade.gov.

SUPPLEMENTARY INFORMATION: Title III of the Export Trading Company Act of 1982 (15 U.S.C. Sections 4001-21) authorizes the Secretary of Commerce to issue Export Trade Certificates of Review. An Export Trade Certificate of Review protects the holder and the members identified in the Certificate from State and Federal government antitrust actions and from private treble damage antitrust actions for the export conduct specified in the Certificate and carried out in compliance with its terms and conditions.

The regulations implementing Title III are found at 15 CFR part 325 (2015).

OTE is issuing this notice pursuant to 15 CFR 325.6(b), which requires the Secretary of Commerce to publish a summary of the certification in the **Federal Register**. Under Section 305(a) of the Act and 15 CFR 325.11(a), any person aggrieved by the Secretary’s determination may, within 30 days of the date of this notice, bring an action in any appropriate district court of the United States to set aside the

determination on the ground that the determination is erroneous.

Description of Amended Certificate

CAEA’s Export Trade Certificate of Review has been amended to:

9th Annual U.S. Industry Program at the International Atomic Energy Agency (IAEA) General Conference in Vienna, Austria; September 18-21, 2016

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: The United States Department of Commerce’s (DOC) International Trade Administration (ITA), with participation from the U.S. Departments of Energy and State, is organizing the 9th Annual U.S. Industry Program at the International Atomic Energy Agency

(IAEA) General Conference, to be held September 18-21, 2016, in Vienna, Austria. The IAEA General Conference is the premier global meeting of civil nuclear policymakers and typically attracts senior officials and industry representatives from all 162 Member States. The U.S. Industry Program is part of the Department of Commerce-led Civil Nuclear Trade Initiative, a U.S. Government effort to help U.S. civil nuclear companies identify and capitalize on commercial civil nuclear opportunities around the world. The purpose of the program is to help the U.S. nuclear industry promote its services and technologies to an international audience, including senior energy policymakers from current and emerging markets as well as IAEA staff.

Representatives of U.S. companies from across the U.S. civil nuclear supply chain are eligible to participate. In addition, organizations providing related services to the industry, such as universities, research institutions, and U.S. civil nuclear trade associations, are eligible for participation. The mission will help U.S. participants gain market insights, make industry contacts, solidify business strategies, and identify or advance specific projects with the goal of increasing U.S. civil nuclear exports to a wide variety of countries interested in nuclear energy.

The schedule includes: (1) Meetings with foreign delegations; (2) briefings from senior U.S. Government officials and IAEA staff on important civil nuclear topics including regulatory, technology and standards issues; liability, public acceptance, export controls, financing, infrastructure development, and R&D cooperation; and (3) networking events. Past U.S. Industry Programs have included participation by the U.S. Secretary of Energy, the Chairman of the U.S. Nuclear Regulatory Commission (NRC) and senior U.S. Government officials from the Departments of Commerce, Energy, State, the U.S. Export-Import Bank and the National Security Council.

There are significant opportunities for U.S. businesses in the global civil nuclear energy market. With 172 nuclear plant projects planned in 30 countries over the next 8-10 years, this translates to a market demand for equipment and services totaling \$500-740 billion over the next ten years. This mission contributes to the President’s National Export Initiative NEXT (<http://www.trade.gov/neinext>) and DOC’s Civil Nuclear Trade Initiative (<http://export.gov/civilnuclear>), by assisting U.S. businesses in entering or expanding in international markets, and
