U.S. Education Mission to Central America: Panama and Honduras (Optional Stop to Guatemala)

May 2–5, 2016.

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.
SUMMARY: The United States Department of Commerce, International Trade Administration, is organizing an education mission to Panama and Honduras with an optional stop to Guatemala. The Department of Commerce is partnering with the Department of State’s EducationUSA Advising Centers. This trade mission is designed to emphasize U.S. higher education, focusing on, in order of importance, intensive English language programs, community colleges, summer, undergraduate and graduate programs. The trade mission follows a successful trade mission to El Salvador, Honduras and Nicaragua in March 2015 and was of high demand given the previous successes. This mission will seek to connect U.S. higher education institutions to potential students and university/institution partners in Central America. The mission will include student fairs organized by EducationUSA, embassy briefings, site visits, and networking events. Panama City, San Pedro Sula and Guatemala City, are three of the top cities for recruiting students from Central America to the United States. Participating in the Education Mission, rather than traveling to these markets independently, will enhance the participants ability to secure appropriate meetings, especially in light of the high level engagement and support of U.S. education by the U.S. ambassadors in Panama and Honduras. Certain criteria must be fulfilled by schools attending this trade mission. Summer programs seeking to participate should be appropriately accredited by an accreditation body recognized by the U.S. Department of Education. Intensive English language programs seeking to participate should be accredited by the Commission on English Language Programs Accreditation (CEA) or appropriately accredited by an accreditation body recognized by the U.S. Department of Education. Community colleges, undergraduate and graduate programs seeking to participate should be accredited by a recognized accreditation body listed in Council for Higher Education Accreditation (CHEA), Accrediting Council for Education and Training (ACCET), in the Association of Specialized and Professional Accreditors (ASPA), or any accrediting body recognized by the U.S. Department of Education.
