Framework's coordination to another organization?

- 22. If so, what might be transitioned (e.g., all, Core, Profile, Implementation Tiers, Informative References, methodologies)?
- 23. If so, to what kind of organization (e.g., not-for-profit, for-profit; U.S. organization, multinational organization) could it be transitioned, and could it be self-sustaining?
- 24. How might any potential transition affect those currently using the Framework? In the event of a transition, what steps might be taken to minimize or prevent disruption for those currently using the Framework?
- 25. What factors should be used to evaluate whether the transition partner (or partners) has the capacity to work closely and effectively with domestic and international organizations and governments, in light of the importance of aligning cybersecurity standards, guidelines, and practices within the United States and globally?

Richard Cavanagh,

 $\label{lem:acting} Associate \ Director \ for \ Laboratory \\ Programs.$

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Permit and Reporting Requirements for Non-Commercial Fishing in the Rose Atoll, Marianas Trench, and Pacific Remote Islands Marine National Monuments

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before February 9, 2016.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at JJessup@doc.gov).

FOR FURTHER INFORMATION CONTACT:

Direct requests for additional information or copies of the information collection instrument and instructions to Walter Ikehara, (808) 725–5175 or Walter.Ikehara@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a current information collection.

The National Marine Fisheries Service (NMFS) manages fishing activities in the Rose Atoll Marine, Marianas Trench, and Pacific Remote Islands Marine National Monuments. Regulations at 50 CFR part 665 require the owner and operator of a vessel used to noncommercially fish for, take, retain, or possess any management unit species in these monuments to hold a valid permit.

Regulations also require the owner and operator of a vessel that is chartered to fish recreationally for, take, retain, or possess, any management unit species in these monuments to hold a valid permit. The fishing vessel must be registered to the permit. The charter business must be established legally in the permit area where it will operate. Charter vessel clients are not required to have a permit.

The permit application collects basic information about the permit applicant, type of operation, vessel, and permit area. NMFS uses this information to determine permit eligibility. The information is important for understanding the nature of the fishery and provides a link to participants. It also aids in the enforcement of Fishery Ecosystem Plan measures.

Regulations also require the vessel operator to report a complete record of catch, effort, and other data on a NMFS logsheet. The vessel operator must record all requested information on the logsheet within 24 hours of the completion of each fishing day. The vessel operator also must sign, date, and submit the form to NMFS within 30 days of the end of each fishing trip.

II. Method of Collection

NMFS collects information on paper permit applications and logsheets.

III. Data

OMB Control Number: 0648–0664. *Form Number(s):* None.

Type of Review: Regular (extension of a currently approved information collection).

Affected Public: Business or other forprofit organizations, individuals or households.

Estimated Number of Respondents: 25.

Estimated Time per Response: 15 minutes per permit application; 20 minutes per logsheet form.

Estimated Total Annual Burden Hours: 40.

Estimated Total Annual Cost to Public: \$100 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: December 7, 2015.

Sarah Brabson,

NOAA PRA Clearance Officer.
