communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission’s Public Reference Section, 100 F Street NE., Washington, DC 20549–1090. Copies of the filing will also be available for inspection and copying at the NYSE’s principal office and on its Internet Web site at www.nyse.com. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–NYSEMKT–2015–100 and should be submitted on or before January 4, 2016.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.18
Robert W. Errett, 
Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Rule 6.54

December 7, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),1 and Rule 19b–4 thereunder,2 notice is hereby given that on November 23, 2015, Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to extend its program that allows transactions to take place at a price that is below $1 per option contract through January 5, 2017. The text of the proposed rule change is available on the Exchange’s Web site (http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

An “accommodation” or “cabinet” trade refers to trades in listed options on the Exchange that are worthless or not actively traded. Cabinet trading is generally conducted in accordance with the Exchange Rules, except as provided in Exchange Rule 6.54, Accommodation Liquidations (Cabinet Trades), which sets forth specific procedures for engaging in cabinet trades. Rule 6.54 currently provides for cabinet transactions to occur via open outcry at a cabinet price of $1 per option contract in any options series open for trading in the Exchange, except that the Rule is not applicable to trading in option classes participating in the Penny Pilot Program. Under the procedures, bids and offers (whether opening or closing a position) at a price of $1 per option contract may be represented in the trading crowd by a Floor Broker or by a Market-Maker or provided in response to a request by a PAR Official/OBO, a Floor Broker or a Market-Maker, but must yield priority to all resting orders in the PAR Official/OBO cabinet book (which resting cabinet book orders may be closing only). So long as both the buyer and the seller yield to orders resting in the cabinet book, opening cabinet bids can trade with opening cabinet offers at $1 per option contract.

The Exchange has temporarily amended the procedures through January 5, 2015 [sic] to allow transactions to take place in open outcry at a price of at least $0 but less than $1 per option contract.3 Lower priced transactions are traded pursuant to the same procedures applicable to $1 cabinet trades, except that (i) bids and offers for opening transactions are only permitted to accommodate closing transactions in order to limit use of the procedure to liquidations of existing positions, and (ii) the procedures are also available for trading in option classes participating in the Penny Pilot Program.3 The Exchange believes that allowing a price of at least $0 but less than $1 better accommodates the closing of options positions in series that are worthless or not actively traded, particularly due to market conditions which may result in a significant number of series being out-of-the-money. For example, a market participant might have a long position in a call series with a strike price of $100 and the underlying stock might now be trading at $30. In such an instance, there might not otherwise be a market for that person to close-out the position even at the $1 cabinet price.

* * *

facilitates the closing of options positions that are worthless or not actively trading. Further, the Exchange believes the proposal is consistent with the Act because the proposed extension is of appropriate length to allow the Exchange and the Commission to continue to assess the impact of the Exchange’s authority to allow transactions to take place in open outcry at a price of at least $0 but less than $1 per option in accordance with its attendant obligations and conditions, including the process for submitting such transactions to OCC for clearing.

B. Self-Regulatory Organization’s Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that allowing for liquidations at a price less than $1 per option contract better facilitates the closing of options positions that are worthless or not actively trading. The Exchange believes this promotes fair and orderly markets, as well as assists the Exchange in its ability to effectively attract order flow and liquidity to its market, and ultimately benefits all CBOE Trading Permit Holders (“TPHs”) and all investors.

The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed rule change does not make any changes to Exchange rules, but simply extends an existing temporary program. Further, the program is available to all market participants through CBOE TPHs. The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because, again, the proposed rule change does not make any changes to Exchange rules, but simply extends an existing temporary program. Moreover, to the extent that the program makes CBOE a more attractive marketplace, as noted above, the program is available to all market participants through CBOE TPHs.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4(f)(6) thereunder.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or
- Send an email to rule-comments@sec.gov. Please include File Number SR–CBOE–2015–108 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090.

All submissions should refer to File Number SR–CBOE–2015–108. This file...
November 24, 2015, NYSE Arca, Inc, (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Arca Rule 2.23 to (1) prescribe the Securities Traders examination (Series 57) (the “Series 57 Examination”) as the qualifying examination for registered Market Makers, Market Maker Authorized Traders (“MMATs”), Floor Brokers and Securities Traders, (2) eliminate reference to the S501 Program as a continuing education requirement, and (3) rename the category “Proprietary Trader” as “Securities Trader” in Exchange rules without making any substantive change to the definition of such term. The proposed rule change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend NYSE Arca Rule 2.23 to prescribe the Series 57 Examination as the qualifying examination for registered Market Makers, MMATs, Floor Brokers and Securities Traders and eliminate reference to the S501 Program as a continuing education requirement. NYSE Arca Rule 2.23 currently specifies that the successful completion of the Proprietary Trader Qualification Examination ("Series 56 Examination") is required in order to register as a Market Maker, a MMAT, or a Floor Broker. In addition, individuals currently engaged solely in proprietary trading, who are not required to register as Market Makers, MMATs or Floor Brokers, may qualify for registration by successful completion of the Series 56 Examination or the General Securities Representative Qualification Examination ("Series 7 Examination").

The Exchange proposes to change the prescribed examination for Market Makers, MMATs, and Floor Brokers from the Series 56 Examination to the Series 57 Examination and also proposes to replace the Series 56 Examination with the Series 57 Examination for individuals engaged solely in proprietary trading. With this proposed rule change, Market Makers, MMATs, Floor Brokers and individuals engaged solely in proprietary trading will qualify for registration by passing the Series 57 Examination. The Series 57 Examination is being developed by the Financial Industry Regulatory Authority, Inc. ("FINRA") in consultation with industry and exchange representatives. The Series 57 Examination will be based on the current job functions of securities traders and will include elements of the Series 55 Equity Trader Qualification Examination (which is required to engage in over-the-counter securities trading) and the current Series 56 Registered Proprietary Traders Examination (which is required for associated persons engaged in proprietary trading). The Series 57 Examination will be based on industry rules applicable to trading of equity securities and listed options contracts. The Series 57 Examination will cover, among other things, recordkeeping and
