Disclosure

We intend to disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these final results of administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Analysis of Comments Received

All issues raised in the parties' briefs are addressed in the Issues and Decision Memorandum, dated concurrently with this notice, and which is hereby adopted by this notice. A list of the issues raised is attached to this notice at Appendix I.⁸ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>; the Issues and Decision Memorandum is available to all parties in the Central Records Unit (CRU), Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Methodology

The Department conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found

countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁹ For a full description of the methodology underlying all of the Department's conclusions, including our reliance, in part, on adverse facts available pursuant to sections 776(a) and (b) of the Act, *see* the Issues and Decision Memorandum.

Partial Rescission of Review

For those companies named in the *Initiation Notice*¹⁰ for which all review requests have been timely withdrawn, we are rescinding this administrative review in accordance with 19 CFR 351.213(d)(1). These companies are listed at Appendix II to this notice. For these companies, countervailing duties shall be assessed at rates equal to the rates of the cash deposits for estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, during the POR, in accordance with 19 CFR 351.212(c)(2).

Also, between August 1, 2014 and September 5, 2014, the Department received timely no-shipment certifications from certain companies. The Department confirmed with U.S. Customs and Border Protection (CBP) that these companies did not ship merchandise to the United States during this review period.¹¹ However, these no-shipment companies were also included in the Petitioner's timely withdrawal request, and because no party other than the Petitioner requested a review of the no-shipment companies, the Department is rescinding the administrative review of these companies pursuant to 19 CFR 351.213(d)(1).

Rate for Non-Selected Companies Under Review

There are 38 companies for which a review was requested and not rescinded, but were not selected as mandatory respondents. For these companies, we calculated the non-selected rate using a methodology of weight-averaging the rates of the Guang Ya Group and Jangho Group based on

⁹ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

¹⁰ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 79 FR 36462 (June 27, 2014) (*Initiation Notice*).

¹¹ On August 27, 2015, the Department issued the requisite "no-shipments" message to CBP inquiring whether certain companies shipped merchandise to the United States during the instant review period, which was subsequently confirmed by CBP. *See* public message number 5239314.

⁶ For additional case history for this administrative review, *see* accompanying Decision Memorandum for the Final Results of the Countervailing Duty Administrative Review: Aluminum Extrusions from the People's Republic of China, dated concurrently with this notice (Issues and Decision Memorandum).

⁷ See Issues and Decision Memorandum for a complete description of the scope of the *Order*.

December 7, 2015 (Issues and Decision Memorandum).

their publicly-ranked sales data for the POR because basing a weighted-average on their proprietary sales data for the POR risks disclosure of proprietary information. For further information on the calculation of the non-selected rate, refer to the section in the Issues and Decision Memorandum entitled, “Final *Ad Valorem* Rate for Non-Selected Companies Under Review.”

For those companies that failed to respond to the Department’s quantity and value questionnaire, we have relied on facts available, determined that those companies are non-cooperative and, on that basis, found that the application of adverse facts available is warranted in determining the net countervailable subsidy rate for those companies. For further discussion of this determination,

refer to the section in the Issues and Decision Memorandum entitled, “Use of Facts Otherwise Available and Adverse Inferences.”
