DEPARTMENT OF TRANSPORTATION
National Highway Traffic Safety Administration

[Notice 1]

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Receipt of petition.

SUMMARY: Nitto Tire U.S.A., Inc. (Nitto), has determined that certain Nitto NT05 passenger car tires manufactured between December 14, 2014 and August 1, 2015, do not fully comply with paragraph S5.5(e) of Federal Motor Vehicle Safety Standard (FMVSS) No. 139, New Pneumatic Radial Tires for Light Vehicles. Nitto filed a report pursuant to 49 CFR part 573, Defect and Noncompliance Responsibility and Reports.

DATES: The closing date for comments on the petition is January 13, 2016.

ADDRESSES: Interested persons are invited to submit written data, views, and arguments on this petition. Comments must refer to the docket and notice number cited at the beginning of this notice and submitted by any of the following methods:

- Mail: Send comments by mail addressed to: U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590.
- Hand Deliver: Deliver comments by hand to: U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal Holidays.

IV. Rule Text

Paragraph S5.5(e) of FMVSS No. 139 requires in pertinent part:

S5.5 Tire markings. Except as specified in paragraphs (a) through (i) of S5.5, each tire must be marked on each sidewall with the information specified in S5.5(a) through (d) and on one sidewall with the information specified in S5.5(e) through (i) according to the phase-in schedule specified in S7 of this standard. . . .

The generic name of each cord material used in the plies (both sidewall and tread area) of the tire; . . .

V. Summary of Nitto’s Analyses

Nitto stated its belief that the subject noncompliance is inconsequential to motor vehicle safety for the following reasons:

(1) Nitto believes that in the Safety Act Congress acknowledged that there are cases where a vehicle or equipment may fail to comply with a safety standard, but that the impact on motor vehicle safety is so slight that an exemption from the notice and remedy requirements of the Safety Act is justified.

(2) Nitto states that the subject tires meet all other performance and regulatory requirements of FMVSS No. 139.

(3) Nitto has not received any complaints, claims, or warranty adjustments related to this noncompliance.

(4) Nitto believes that NHTSA has previously granted inconsequential noncompliance petitions for noncompliances that it believes are similar to the subject noncompliance.

Nitto has additionally informed NHTSA that it has corrected the noncompliance so that future production of the subject tires will comply with all applicable labeling requirements of FMVSS No. 139.

In summation, Nitto believes that the described noncompliance of the subject tires is inconsequential to motor vehicle safety, and that its petition, to exempt Nitto from providing recall notification of noncompliance as required by 49 U.S.C. 30118 and remedying the recall noncompliance as required by 49 U.S.C. 30120 should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and remedy the defect or noncompliance. Therefore, any decision on this petition only applies to
the subject tires that Nitto no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve equipment distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant tires under their control after Nitto notified them that the subject noncompliance existed.

Jeffrey M. Giuseppe,
Director, Office of Vehicle Safety Compliance.
