

reduce PILT payments to units of general local governments from that which they might otherwise receive. If such listings were not furnished by the Governor of each affected State, the Department would not be able to compute the PILT payments to units of general local government within the States in question.

In fiscal year 2004, administrative authority for the PILT program was transferred from the Bureau of Land Management to the Office of the Secretary of the Department of the Interior. Applicable DOI regulations pertaining to the PILT program to be administered by the Office of the Secretary were published as a final rule in the **Federal Register** on December 7, 2004 (69 FR 70557). The Office of Budget, Office of the Secretary is now planning to extend the information collection approval authority in order to enable the Department of the Interior to continue to comply with the PILT Act.

(3) Description of the need and use of the information: The statutorily required information is needed to compute payments due units of general local government under the PILT Act (31 U.S.C. 6901-6907).
