

2006 to 2015 will be based on NMFS' logbook records, submitted on or before February 16, 2016. If NMFS' logbooks are not available, state landings records or data for 2006 to 2015 that were submitted in compliance with applicable Federal and state regulations on or before February 16, 2015, may be used.

■ 5. In § 622.385, revise paragraph (a)(2)(ii)(A)(1) to read as follows:

§ 622.385 Commercial trip limits.

* * * * *

- (a) * * *
- (2) * * *
- (ii) * * *
- (A) * * *

(1) In the Florida west coast southern subzone, king mackerel in or from the EEZ may be possessed on board or landed from a vessel for which a commercial vessel permit for king mackerel and a king mackerel gillnet permit have been issued, as required under § 622.370(a)(2), in amounts not exceeding 45,000 lb (20,411 kg) per day, provided the gillnet component for Gulf migratory group king mackerel is not closed under § 622.378(a) or § 622.8(b).

* * * * *

■ 6. In § 622.388:

- a. Add paragraph (a)(1)(iii); and
- b. Revise paragraphs (a)(2), (c)(1), and (e)(1)(i) to read as follows:

§ 622.388 Annual catch limits (ACLs), annual catch targets (ACTs), and accountability measures (AMs).

* * * * *

- (a) * * *
- (1) * * *

(iii) If commercial landings for Gulf migratory group king mackerel caught by run-around gillnet in the Florida west coast southern subzone, as estimated by the SRD, exceed the commercial ACL, the AA will file a notification with the Office of the Federal Register to reduce the commercial ACL for king mackerel harvested by run-around gillnet in the Florida west coast southern subzone in the following fishing year by the amount of the commercial ACL overage in the prior fishing year.

(2) *Recreational sector.* If recreational landings, as estimated by the SRD, reach or are projected to reach the recreational ACL of 8.092 million lb (3.670 million kg), the AA will file a notification with the Office of the Federal Register to implement a bag and possession limit for Gulf migratory group king mackerel of zero, unless the best scientific information available determines that a bag limit reduction is unnecessary.

* * * * *

(c) * * *

(1) If the sum of the commercial and recreational landings, as estimated by the SRD, reaches or is projected to reach the stock ACL, as specified in paragraph (c)(3) of this section, the AA will file a notification with the Office of the Federal Register to close the commercial and recreational sectors for the remainder of the fishing year. On and after the effective date of such a notification, all sale and purchase of Gulf migratory group Spanish mackerel is prohibited and the harvest and possession limit of this species in or from the Gulf EEZ is zero.

* * * * *

- (e) * * *
- (1) * * *

(i) If the sum of all cobia landings, as estimated by the SRD, reaches or is projected to reach the stock quota (stock ACT), specified in § 622.384(d)(1), the AA will file a notification with the Office of the Federal Register to prohibit the harvest of Gulf migratory group cobia in the Gulf zone for the remainder of the fishing year. On and after the effective date of such a notification, all sale and purchase of Gulf migratory group cobia in the Gulf zone is prohibited and the possession limit of this species in or from the Gulf EEZ is zero.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 140918791-4999-02]

RIN 0648-XE358

Fisheries of the Exclusive Economic Zone Off Alaska; Other Hook-and-Line Fishery by Catcher Vessels in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for groundfish, other than demersal shelf rockfish, by catcher vessels (C/Vs) using hook-and-line gear in the Gulf of Alaska (GOA). This action is necessary because the Pacific halibut bycatch allowance specified for the other hook-and-line fishery by C/Vs in the GOA has been reached.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), December 15, 2015, until 2400 hours A.l.t., December 31, 2015.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council (Council) under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The Pacific halibut bycatch allowance specified for the other hook-and-line fishery by C/Vs in the GOA is 145 metric tons as established by the final 2015 and 2016 harvest specifications for groundfish of the GOA (80 FR 10250, February 25, 2015).

In accordance with § 679.21(d)(6)(ii), the Administrator, Alaska Region, NMFS, has determined that the Pacific halibut bycatch allowance specified for the other hook-and-line fishery by C/Vs in the GOA has been reached. Consequently, NMFS is prohibiting directed fishing for groundfish, other than demersal shelf rockfish, by C/Vs using hook-and-line gear in the GOA.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay closure of other hook-and-line fishery by C/Vs in the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of December 11, 2015.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon

the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and § 679.21 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 14, 2015.

Galen R. Tromble,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
