Background: In his request letter (received November 24, 2015), the USTR stated that U.S. negotiators have recently reached agreement in principle with representatives of the CAFTA–DR governments on certain modifications to the rules of origin in Annex 4.1 of the Dominican Republic-Central America-United States Free Trade Agreement. The USTR noted that section 203(o)(3)(A) of the Dominican Republic-Central America-United States Free Trade Agreement Implementation Act authorizes the President, subject to the consultation and layover requirements of section 104 of the Act, to proclaim such modifications to rules of origin provisions included in Annex 4.1 of the Agreement in the Harmonized Tariff Schedule of the United States (HTS), other than with respect to goods of HTS chapters 50 through 63. He noted that one of the requirements set out in section 104 is that the President obtain advice regarding the proposed action from the U.S. International Trade Commission. In the request letter, the USTR asked that the Commission provide advice on the probable economic effects of the proposed modifications in rules of origin on U.S. trade under the Agreement, on total U.S. trade, and on domestic producers of the affected articles. The products identified in the proposal are fishing lures, gaming machines, polyvinyl chloride, and certain products of the chemical or allied industries. The request letter and the complete list of proposed modifications are available on the Commission’s Web site at http://www.usitc.gov/research_and_analysis/what_we_are_working_on.htm.
