A copy of the proposed

information collection request can be obtained free of charge by contacting the office listed below in the addressee section of this notice.

The forms are used by employers in the H-2A temporary agricultural employment-based program to collect information that demonstrates compliance with program requirements.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before February 22, 2016.

ADDRESSES: Submit written comments to Brian Pasternak, National Director of Temporary Programs, Office of Foreign Labor Certification, Employment & Training Administration, U.S. Department of Labor, 200 Constitution Avenue, Box 12-200 NW., Washington, DC 20210; Telephone: (202) 513-7350 (this is not a toll-free number). Email: ETA.OFLC.Forms@dol.gov subject line: ETA-9141A. A copy of the proposed information collection request (ICR) can be obtained free of charge by contacting the office listed above.

SUPPLEMENTARY INFORMATION:

I. Background

The information collection (IC) is required by sections 101(a)(15)(H)(ii)(a); 214(c); and 218 of the Immigration and Nationality Act (INA) (8 U.S.C. 1011(a)(15)(H)(ii)(a), 1184(c), and 1188) and 8 CFR 214.2(h). Before an employer may petition for any temporary foreign workers, it must submit a request for certification to the Secretary of Labor containing the elements prescribed by the INA and the Department’s implementing regulations, which differ depending on the visa program under which the foreign workers are sought. The H-2A program enables employers to bring nonimmigrant foreign workers to the U.S. to perform agricultural work of a temporary or seasonal nature as defined in 8 U.S.C. 1101(a)(15)(H)(ii)(a). For purposes of the H-2A program, the INA and governing federal regulations require the Secretary of Labor to certify, among other things, that any foreign worker seeking to enter the United States (U.S.) temporarily for the purpose of performing certain unskilled labor will not, by doing so, adversely affect wages and working conditions of U.S. workers similarly employed. The Secretary must also certify that there are not sufficient U.S. workers available to

perform such labor. (8 CFR 214.2(h)(5)(i)(A), (iii)(A).)

The information contained in the Form ETA-9142A is the basis for the Secretary's determination that no U.S. workers are available. The Form ETA-9142A, *H-2A Application for Temporary Employment Certification*, is used to collect information to permit the Department to meet its statutory responsibilities for administering the H-2A temporary labor certification program. The *Appendix A* lists all of the attestations required by employers in the H-2A program. The proposed amendment to the *Appendix A* will allow employers who file electronically to submit a copy of a signed *Appendix A* with their electronically filed Form ETA-9142A and, upon receipt of the original certified Form ETA-9142A, to complete the footer on the original *Appendix A* with the information contained on the approved application. Employers must retain the original *Appendix A* and file a copy of the signed *Appendix A*, together with the original certified Form ETA-9142A, with Department of Homeland Security's U.S. Citizenship and Immigration Services.

Lastly, the Department is proposing revisions to Appendix A to reflect the requirements of 20 CFR 655.200-235, which are the new regulatory requirements for H-2A employers who are in the sheep and goat herding and range production of livestock occupations.

II. Review Focus

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION: The DOL Iqbal Masih Award for the Elimination of Child Labor, presented by the Secretary of Labor, is intended to recognize exceptional efforts to reduce the worst forms of child labor. The Award was created in response to a Senate Committee mandate directing the Secretary of Labor to establish an annual non-monetary award recognizing extraordinary efforts by an individual, company, organization, or national government to reduce the worst forms of child labor. The DOL is proposing to extend this ICR to allow the public to nominate and provide critical information on proposed candidates for this award who have demonstrated extraordinary efforts to combat the worst forms of child labor.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1290-0007. The current approval is scheduled to expire on February 29, 2016; however, the DOL intends to seek continued approval for this collection of information for an additional three years.
