

examination of the shipment is necessary.

In 2009, we implemented a new user fee system intended to recover the costs of the compliance portion of the wildlife inspection program. Since that time, we have been made aware that we may have placed an undue economic burden on businesses that exclusively trade in small volumes of low-value, non-federally protected wildlife parts and products. To address this issue, we implemented a program that exempts certain businesses from the designated port base inspection fees as an interim measure while we reassess the current user fee system. Businesses that possess a valid Service import/export license may request to participate in the fee exemption program through our electronic filing system (eDecs). Qualified licensees must create an eDecs filer account as an importer or exporter, if they do not already have one, and file their required documents electronically. To be an approved participating business in the program and receive an

exemption from the designated port base inspection fee, the licensed business must certify that it will exclusively import or export nonliving wildlife that is not listed as injurious under 50 CFR part 16 and does not require a permit or certificate under 50 CFR parts 15 (Wild Bird Conservation Act), 17 (Endangered Species Act), 18 (Marine Mammal Protection Act), 20 and 21 (Migratory Bird Treaty Act), 22 (Bald and Golden Eagle Protection Act), or 23 (the Convention on International Trade in Endangered Species of Wild Fauna and Flora). The requesting business also must certify that it will exclusively import or export the above types of wildlife shipments where the quantity in each shipment of wildlife parts or products is 25 or fewer and the total value of each wildlife shipment is \$5,000 or less. Any licensed business that has more than two wildlife shipments that were refused clearance in the 5 years prior to its request is not eligible for the program. In addition, any licensees that have been assessed a civil

penalty, issued a Notice of Violation, or convicted of a misdemeanor or felony violation involving wildlife import or export will not be eligible to participate in the program.
