

helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Application Package for Grants Under the Minority Science & Engineering Improvement Program (MSEIP) (1894-0001).

OMB Control Number: 1840-0109.

Type of Review: A reinstatement of a previously approved information collection.

Respondents/Affected Public: State, Local and Tribal Governments.

Total Estimated Number of Annual Responses: 200.

Total Estimated Number of Annual Burden Hours: 8,000.

Abstract: The purpose of the Minority Science and Engineering Improvement Program (MSEIP) is to effect long-range improvement in science and engineering education at predominantly minority institutions and to increase the flow of underrepresented ethnic minorities, particularly minority women, into scientific and technological careers. MSEIP supports the Federal Government's efforts to improve and expand the scientific and technological capacity of the United States to support its technological and economic competitiveness.

For the purpose of planning for a competition in fiscal year (FY) 2015 for grants under the MSEIP, this application package includes program background, application instructions, and forms needed to submit a complete application to the Department of Education.

The information on the applicant's eligibility form will be collected annually from applicants that desire to apply for awards under Title III, Part E—Minority Science and Engineering Improvement Program (MSEIP). Applicants for MSEIP include public and private, nonprofit postsecondary

institutions, nonprofit science-oriented organizations, and professional scientific societies. Without the collection of this information, the Department cannot properly screen applicants for eligibility, and therefore cannot award new grants in accordance with the Congressional intent of this program. The program staff and peer reviewers will use the information collected to evaluate applications and make funding decisions.

Dated: February 9, 2015.
