Third Meeting: RTCA Special Committee 230, Airborne Weather Detection Systems Committee

AGENCY: Federal Aviation Administration (FAA), U.S. Department of Transportation (DOT).

ACTION: Meeting Notice of RTCA Special Committee 230, Airborne Weather Detection Systems Committee.

SUMMARY: The FAA is issuing this notice to advise the public of the third meeting of the Airborne Weather Detection Systems Committee.

DATES: The meeting will be held March 17–19, 2015 from 9:00 a.m.–5:00 p.m. on March 17–18 and 9:00 a.m.–3:00 p.m. on March 19.

ADDRESSES: The meeting will be held at RTCA, Inc., 1150 18th Street NW., Suite 910, Washington, DC 20036.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C., App.), notice is hereby given for a meeting of Special Committee 230. The agenda will include the following:

March 17
- Welcome/Introductions/Administrative Remarks
- Agenda Overview
- Meeting #2 Minutes approval
- Discussion of activities with EUROCAE WG–95
- Discussion of draft modification of SC–230 Terms of Reference to include modification to DO–213
- Review of General Requirements sections
- Review of PWS sections

March 18
- Review of Turbulence sections
- Review of Test Procedures sections
- Review of Test Procedures sections
- Review of Operational and Installed sections

March 19
- Review of Atmospheric Threat sections
- Discuss scope and content of DO–213 working group
- Action Item Review
- Other Actions
- FRAC Process Presentation
- Date and Place of Next Meetings
- Adjourn

ATTENDANCE: Attendance is open to the interested public but limited to space availability. With the approval of the chairman, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the person listed in the FOR FURTHER INFORMATION CONTACT section. Members of the public may present a written statement to the committee at any time.

Issued in Washington, DC, on February 10, 2015.

Mohannad Dawoud,
Management Analyst, NextGen, Program Oversight and Administration, Federal Aviation Administration.

Third Meeting: RTCA Special Committee 232, Airborne Selective Calling Equipment

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Meeting Notice of RTCA Special Committee 232, Airborne Selective Calling Equipment.

SUMMARY: The FAA is issuing this notice to advise the public of the third meeting of RTCA Special Committee 232, Airborne Selective Calling Equipment.

DATES: The meeting will be held March 4–5, 2015 from 9:00 a.m.–5:00 p.m.

ADDRESSES: The meeting will be held at Novotel Paris Orly Rungis Hotel Rungis, France. Hosted by Rabah Bouda.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C., App.), notice is hereby given for a meeting of Special Committee 232.

March 4–5
- Welcome/Introductions/Administrative Remarks
- Agenda Overview
- Review/Approval of Minutes from Plenary
- Status of Other SELCAL Industry Activities/Committees
- Date and Place of Next Meetings
- Adjourn

ATTENDANCE: Attendance is open to the interested public but limited to space availability. With the approval of the chairman, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the person listed in the FOR FURTHER INFORMATION CONTACT section. Members of the public may present a written statement to the committee at any time.

Issued in Washington, DC, on February 10, 2015.

Mohannad Dawoud,
Management Analyst, NextGen, Program Oversight and Administration, Federal Aviation Administration.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Passenger Facility Charge (PFC) Approvals and Disapprovals

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Monthly Notice of PFC Approvals and Disapprovals. In January 2015, there were nine applications approved. This notice also includes information on two applications, one approved in May 2012 and the other disapproved in November 2014, inadvertently left off the May 2012 and November 2014 notices, respectively. Additionally, three approved amendments to previously approved applications are listed.

SUMMARY: The FAA publishes a monthly notice, as appropriate, of PFC approvals and disapprovals under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101–508) and part 158 of the Federal Aviation Regulations (14 CFR part 158). This notice is published pursuant to paragraph d of § 158.29.

PFC Application Disapproved

Application Number: 15–06–C–00–UNV.

Application type: Impose and use a PFC.
Reason for Disapproval: The Centre County Airport Authority has exclusive control of the terminal complex at University Park Airport (UNV) while the Pennsylvania State University (PSU) has exclusive control of the airfield. The FAA has determined that both organizations operate independently of each other. Since the proposed PFC application, submitted by the PSU, included projects that would impact both airfield and terminal areas, the FAA concluded that the existing arrangement between the two entities contravenes the public agency’s obligations under the PFC assurances, including requisite legal authority to impose a PFC to finance and carry out the proposed projects. Therefore, the FAA could not approve PSU’s PFC application.

Decision date: November 20, 2014.

FOR FURTHER INFORMATION CONTACT: Lori Ledebohm, Harrisburg Airports District Office, (717) 730–2835.

PFC Applications Approved

Application Number: 12–07–C–00–ISP.

Application Type: Impose and use a PFC.

PFC Level: $4.50.

Total PFC Revenue Approved in this Decision: $6,492,764.

Earliest Charge Effective Date: August 1, 2015.

Estimated Charge Expiration Date: August 1, 2017.

Class of Air Carriers Not Required To Collect PFC’S: Non-scheduled/on-demand air carriers filing FAA Form 1800–31.

Determination: Approved. Based on information submitted in the public agency’s application, the FAA has determined that the approved class accounts for less than 1 percent of the total annual enplanements at Long Island MacArthur Airport (ISP).

Brief Description of Projects Approved for Collection at ISP and Use at Bayport Aerodrome (23N):

2. Taxiways B, D and A design.
3. Perform airport master plan update and geographic information system work.
4. Extend taxiway B from C/B3 to runway 33L and realign taxiway E between taxiway S and runway 33L.
5. Construct glycol containment and treatment system.
6. Replace airfield electrical vault design.
7. Replace security system hardware.
8. Purchase and install jet bridge.
9. PFC application development.
10. PFC program application/administrative costs.
11. Purchase snow removal equipment.
12. Purchase four patrol vehicles.
13. West apron rehabilitation.
14. West concourse airside baggage claim access road.
15. Purchase two runway and apron vacuum sweepers.
17. Design general aviation customs and border protection facility.

Brief Description of Projects Approved for Collection at ISP and Use at Bayport Aerodrome (23N):

1. Acquisition of airport deicing equipment.
2. Snow removal vehicle with plow and salt spreader.
3. Upgrade public address system to digital.
4. Snow removal vehicle with plow and mid-mount broom attachments.
5. Snow removal vehicle with snow plow and mid-mount broom attachments.
6. Replace jet bridge 5.
7. Upgrade public address system to digital.
8. Snow removal vehicle with plow and mid-mount broom attachments.
9. Snow removal vehicle with snow plow and mid-mount broom attachments.
10. Replace jet bridge 7.
11. High-speed runway snow broom.
12. Commercial aircraft deicer.
13. Terminal building planning study.
14. Replace shared use infrastructure technology environment equipment.

Brief Description of Project Partially Approved for Collection at ISP for Future Use at ISP: Design obstruction removal.

Brief Description of Disapproved Projects:

1. Replace runway sprinkler pump station at 23N.
2. Design replacement sprinkler system at 23N.
3. Replace sprinkler system, phase 1, at 23N.

Determination: The FAA determined that these three projects were maintenance items and, thus, did not meet the requirements of § 158.15(b). Therefore, these projects were disapproved.

Decision Date: May 11, 2012.

FOR FURTHER INFORMATION CONTACT:

Application Number: 15–04–C–00–FWA.

Application Type: Impose and use a PFC.

PFC Level: $4.50.

Total PFC Revenue Approved in This Decision: $4,055,000.

Earliest Charge Effective Date: March 1, 2018.

Estimated Charge Expiration Date: July 1, 2021.

Class of Air Carriers Not Required To Collect PFC’S: Non-scheduled/on-demand operators filing FAA Form 1800–31 that (1) by Federal regulation are not required to report passenger statistics to the Federal government and (2) enplane 10 or fewer passengers per flight that is operated from Fort Wayne International Airport (FWA).

Determination: Approved. Based on information submitted in the public agency’s application, the FAA has determined that the approved class accounts for less than 1 percent of the total annual enplanements at FWA.

Brief Description of Projects Approved for Collection and Use:

1. Replace jet bridge 5.
2. Upgrade public address system to digital.
3. Snow removal vehicle with plow and mid-mount broom attachments.
4. Snow removal vehicle with snow plow and mid-mount broom attachments.
5. Replace jet bridge 7.
6. Commercial aircraft deicer.
7. Terminal building planning study.
8. Replace shared use infrastructure technology environment equipment.

Decision Date: January 6, 2015.
FOR FURTHER INFORMATION CONTACT:
Michael Brown, Chicago Airports District Office, (847) 294–7195.
Public Agency: Bishop International Airport Authority, Flint, Michigan.
Application Number: 14–02–C–00–FNT.
Application Type: Impose and use a PFC.
PFC Level: $4.50.
Total PFC Revenue Approved in This Decision: $11,859,545.
Earliest Charge Effective Date: January 201, 2015.
Estimated Charge Expiration Date: August 1, 2024.
Class of Air Carriers Not Required To Collect PFC’S: Non-scheduled/on demand air taxi operators filing FAA Form 1800–31.
Determination: Approved. Based on information submitted in the public agency’s application, the FAA has determined that the approved class accounts for less than 1 percent of the total annual enplanements at Bishop International Airport.
Brief Description of Projects Approved for Collection and Use:
Sand storage building.
Removal of runway 5/23.
Taxiway B construction.
Cargo apron rehabilitation and conversion to deicing pad.
Terminal improvements.
Terminal expansion.
Acquisition and installation of passenger boarding bridges.
Terminal apron rehabilitation.
Decision Date: January 6, 2015.
FOR FURTHER INFORMATION CONTACT:
Irene Porter, Detroit Airports District Office, (734) 229–2915.
Public Agency: City of Pueblo, Colorado.
Application Number: 15–03–C–00–PUB.
Application Type: Impose and use a PFC.
PFC Level: $4.50.
Total PFC Revenue Approved in This Decision: $833,789.
Earliest Charge Effective Date: March 1, 2015.
Estimated Charge Expiration Date: April 1, 2036.
Class of Air Carriers Not Required To Collect PFC’S: None.
Brief Description of Projects Approved for Collection and Use:
Construct replacement training runway.
Rehabilitate general aviation parking apron.
Conduct wildlife hazard assessments.
Acquire aircraft rescue and firefighting vehicle.
Rehabilitate taxiway (portions of taxiways A and A9).
Rehabilitate taxiway D.
PFC administration fees.
Decision Date: January 7, 2015.
FOR FURTHER INFORMATION CONTACT:
Jesse Lyman, Denver Airports District Office, (303) 342–1262.
Application Number: 14–11–C–00–MSY.
Application Type: Impose and use a PFC.
PFC Level: $3.00.
Total PFC Revenue Approved in This Decision: $400,733,236.
Earliest Charge Effective Date: February 1, 2026.
Estimated Charge Expiration Date: September 1, 2043.
Class of Air carriers Not Required To Collect PFC’S: On-demand air taxi/ commercial operations.
Determination: Approved. Based on information submitted in the public agency’s application, the FAA has determined that the approved class accounts for less than 1 percent of the total annual enplanements at Louis Armstrong New Orleans International Airport.
Brief Description of Projects Approved for Collection and Use at a $4.50 PFC Level:
Airfield electrical design and construction.
Perimeter fencing replacement construction.
Airfield pavement rehabilitation design and construction.
Brief Description of Projects Approved for Collection and Use at a $3.00 PFC Level:
Land use and development study.
Long term development feasibility study.
Drainage pumping station design and construction.
Brief Description of Projects Partially Approved for Collection and Use at a $3.00 PFC Level: Airfield pavement condition study.
Determination: The FAA reviewed the scope of the project and found that the following work elements do not meet the requirements of § 158.15(b).
Long term planning study.
Determination: The FAA reviewed the supporting documentation and found that the documentation supported only $6,801,500 in total project costs and not the $7,551,500 amount shown in the PFC application.
Long term development program—terminal design and construction.
Determination: The FAA partially approved this project for two reasons.
(1) The FAA reviewed the scope of the project and found that the following work elements did not meet the requirements of § 158.15(b); airport administration (operations offices), baggage service offices, airline ticket offices, Transportation Security Administration offices, loading dock, storage, police station, central baggage inspection system equipment (build out and equipment), and escalation and contingency fees. (2) The public agency did not include a letter from Customs and Border Control certifying that the Federal Inspection Services (FIS) facility is sized to the staffing levels that will be provided. Therefore, the FAA was not able to verify that the space requested was the minimum necessary as required in Table N–5 (1) of FAA Order 5100.38D, Airport Improvement Program (AIP) Handbook, (September 30, 2014). Therefore, PFC revenue cannot be used on items relating to the FIS facility.
Long term development program—airside design and construction.
Determination: The FAA reviewed the scope of the project and found that the use of PFC revenue for contingencies does not meet the requirements of § 158.15(b). Therefore, the public agency may not use PFC revenue for contingencies.
Long term development program—landside design and construction.
Determination: The FAA reviewed the scope of the project and found that the following work elements do not meet the requirements of § 158.15(b).
Therefore, the public agency may not use PFC revenue on the following elements: contingencies; parking structure(s); hotel infrastructure; access roads (off-airport); landscaping within site development; surface parking; and utilities.
Brief Description of Disapproved Project: Access road improvements, design and construction.
Determination: Table P–3(a)(6) of FAA Order 5100.38D, AIP Handbook, (September 30, 2014), requires that eligible access roads must exclusively serve airport traffic. This means that an access road that serves both airport traffic and non-airport traffic cannot be prorated. In mixed use situations of
airport/non-airport use, only the portion of the road that is beyond the non-airport access point is eligible. In this case, the proposed road is not beyond the non-airport access point and, therefore, the road is not PFC-eligible.

Brief Description of Withdrawn Project: Airfield lighting vault.

Decision Date: September 3, 2014.

FOR FURTHER INFORMATION CONTACT: Bill Bell, Louisiana/New Mexico Airports Development Office, (817) 222–5664.

Public Agency: City of Albany, Georgia.

Application Number: 15–07–C–00–ABY.

Application Type: Impose and use a PFC.

PFC Level: $4.50.

Total PFC Revenue Approved in This Decision: $105,777.

Estimated Charge Expiration Date: April 1, 2015.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Buy America Waiver Notification

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice.

SUMMARY: This notice provides information regarding FHWA’s finding that a Buy America waiver is appropriate for the use of non-domestic U–69 guard bars, manganese casting, turnout braces, and weld kits for CREATE rail projects in Chicago, Illinois.

DATES: The effective date of the waiver is February 17, 2015.

FOR FURTHER INFORMATION CONTACT: For questions about this notice, please contact Mr. Gerald Yakovenko, FHWA Office of Program Administration, (202) 366–1562, or via email at gerald.yakovenko@dot.gov. For legal questions, please contact Mr. Jomar Maldonado, FHWA Office of the Chief Counsel, (202) 366–1373, or via email at jomar.maldonado@dot.gov. Office hours for the FHWA are from 8:00 a.m. to 4:30 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

Background

The FHWA’s Buy America policy in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when the application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. This notice provides information regarding FHWA’s finding that a Buy America waiver is appropriate in procurement of non-domestic U–69 guard bars, manganese casting, turnout braces, and weld kits for CREATE rail projects in Chicago, Illinois.

In accordance with Division A, section 122 of the “Consolidated and Further Continuing Appropriations Act, 2012” (Pub. L. 112–55), FHWA published a notice of intent to issue a waiver on its Web site for non-domestic U–69 guard bars, manganese casting, turnout braces, and weld kits (http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=103) on December 9, 2014. The FHWA received no comments in response to the publication. During the 15-day comment period, FHWA conducted additional nationwide review to locate potential domestic manufacturers of U–69 guard bars, manganese casting, turnout braces, and weld kits. Based on all the information available to the agency, FHWA concludes that there are no domestic manufacturers of the U–69 guard bars, manganese casting, turnout braces, and weld kits.

In accordance with the provisions of section 117 of the SAFETEA–LU Technical Corrections Act of 2008 (Pub. L. 110–244, 122 Stat. 1572), FHWA is providing this notice as its finding that a waiver of Buy America requirements is appropriate. The FHWA invites public comment on this finding for an additional 15 days following the effective date of the finding. Comments may be submitted to FHWA’s Web site via the link provided to the Illinois waiver page noted above.
